"Rejoice, O young man, in thy youth . . ."

Ecclesiastes 11.9

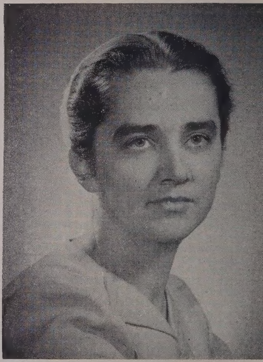
And what you do with it.
Is largely yours to effect.
You'll choose your vocation and live it largely
by your own design.
You can be a success or failure, a leader or a
dragger-of-feet.
You can develop strength of spirit or you can
wait.
You can seek understanding and tools for clear
thinking or you can let others analyze and
solve the world's problems.
You can achieve the skills to serve well
or leave those tasks that call for more
than you have learned.
You can keep pace with the changing, growing
world and church or you can keep your life
untainted by progress.
You can consider carefully and choose wisely
or you can leap.
Whatever you do and become is largely yours
to determine.

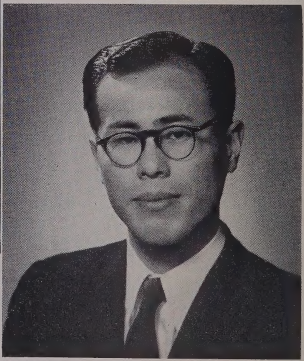
Alert Mennonites, alert parents realize that through their sons and daughters the heritage of faith must be passed on.

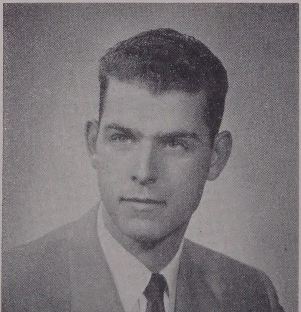
They seized the opportunities of their generation.

They taught the church that to keep her way of life the Christian community must be maintained and extended.

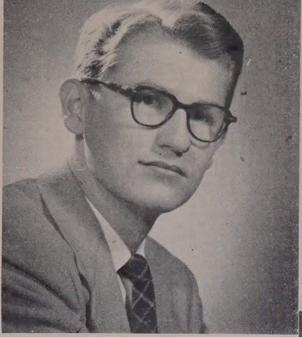
They began to plan church-centered tasks for youth, to write easily-read materials for juniors, to establish organizations for missions and education.

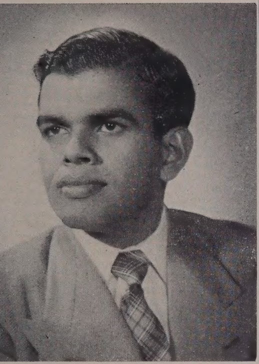


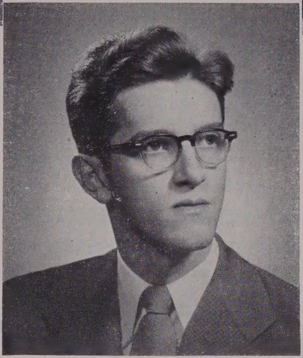




"Goshen Graduates"

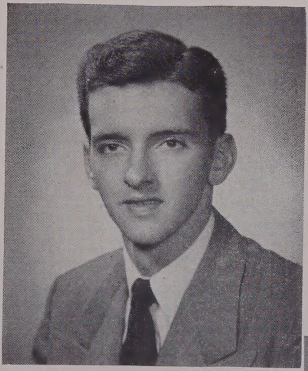


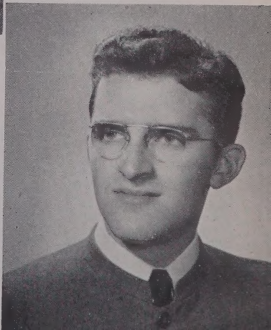




We now have MYF, Bible school materials, mission boards, and boards of education.

You are faced today with the problem of interpreting your way of life in a world devoid of the protective isolation your parents depended upon. Revolutionary developments such as atomic energy produce much difference between the world you were born in and the world you will live in. Social revolution may re-do the total pattern of your living.





It is an admirable thing for a man
to plant seeds for a harvest,
to produce the goods that are useful to people,
to fulfill the business needs of the community,
to establish a reputation for legal or medical or pedagogical
success.

It requires training to achieve competence in these skills — the kind of training provided by a father, careful in the ways of a planter,
by a mother conscious of her role as a teacher of crafts,
by the elementary and secondary schools of the town,
by colleges and universities of the cities.

It is an even greater thing for the man who plants the seeds for harvest, who produces the goods for the people, who fulfills the business needs of the community, who establishes the successful legal, medical, or pedagogical reputation,

to understand the reason for his way of life,

to realize the significance of his relation with his fellowmen,

to know the importance of Christian purpose in the community, in the nation, in the world.

For this it requires not merely training to achieve competence in the specific skills. This requires education whose product is understanding — the kind of understanding provided

by a father vigilant in guiding unique personalities in the ways of mutual respect and cooperation,

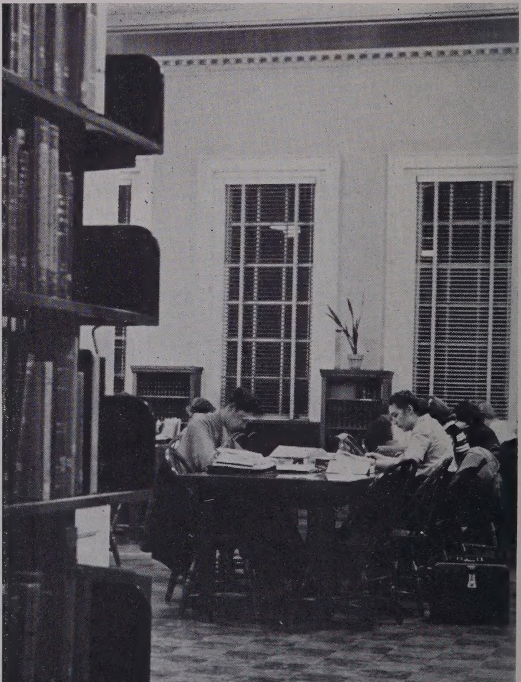
by a mother conscious of her special responsibility as a woman to enrich the lives of her children,

by schools dedicated to the delicate tasks of cultivating achievements and visions in the way of love for God and man,

by colleges established with emphasis on discipleship.

You are the subject of education in the Mennonite College. It is geared to your needs — your needs in a world which calls for an interpretation of a way of life of peace and understanding, with respect for man as the highest part of God's creation.

It is for you that the external conditions for learning — books and buildings, instruction of scholars, and companionship of friends striving for similar goals are provided in the Mennonite College.



Selection of students at a Mennonite college is not on the basis of how "smart" you are, or your family name, or (since scholarship aid and student work are available) your financial ability. But it is selective on the basis of your potentiality.

Your potential is your innate ability when activated by intense determination to serve, to learn — and the desire, the motivation has been found to be consistently more important than unusual gift.

In the Mennonite College you will find students with a passion to be the best they are, to exploit their potentiality.

Thus the college focuses the whole of their academic forces on developing you as a person, your ideas, your vision.

Teachers who have earned advanced degrees, done independent research, written books on church problems, and who have been called upon by the church and international Christian organizations to lead in formulation of policy, view their students, never as merely potential career people to be equipped for economic living, but as friends. They wish to devote their time and talent to encourage and experiment with your ideas, to think about your plans in order that you may translate them into effective action, to participate in small group discussions, and to extend the hospitality and resources of their homes for your enjoyment.

A number of church-wide projects and many major developments in the campus community have begun as the dreams of thoughtful, earnest students.

With these kinds of experiences encouraging individual initiative and leading to maturity and proficiency it is not surprising that graduates are not only readily accepted by universities for graduate study but are always in demand for the positions of responsibility and usefulness in the work of the church.

Though education is not dispensed exclusively by colleges, nor is it begun or ended in them, you find there a most intense kind of living. All energy is devoted to the understanding and solution of human problems. In the classroom and laboratory your ideas may be tested and compared with experiences of those who sought a similar solution. Whether the tools you choose are plows, mixing bowls, bandages, blackboards, or typewriters, your mind and heart will be prepared to forge with them abundant life.

In or out of the classroom, college life is exciting learning. Many hours are spent informally discussing questions too big for any final conclusion. With students from varied countries and cultures you'll compete and cooperate to know how place and past influence friendship.

Rich friendships include relaxing moments, too. The teams you form and defeat may not always be famous for their athletic prowess, but, like all the living on a college campus, you'll find them a lot of fun.

Music, missions, Christian services receive much in time and energy.

These require much in selfless leadership and the ability to share in the quiet contemplation of a circle of friends around a dying fire.

"All is love, service one"

President Miller visited with Dr. Kagawa, Japanese Christian leader, in his home near Tokyo, and when talking among other things about young people in Japan and in America, Dr. Kagawa, who had only shortly before returned from a visit to the United States, remarked: "The Goshen students are different. Mennonite young people are different. I love Mennonite young people."

You are different.
You have a faith to live by.
You have a way of life to interpret.
You have a potential that is yours to develop.
IT'S YOUR LIFE —
And your life is the life of your people.

THE ALUMNI NEWS-LETTER

Vol. XLVI January, 1952 No. 1

HOME-COMING 1951

Goshen College welcomed an unusually large number of alumni to the annual Home-Coming program Thursday and Friday, November 22, 23. Alumni began arriving on Wednesday evening preceding the Home-Coming festivities, and many of them remained for the Conference on Education on Saturday morning.

Thanksgiving Sermon

The exercise began with the traditional Thanksgiving service and sermon by President Miller in the Union Auditorium. Alumni, students, and the local congregation met together, comfortably filling the east half of the Auditorium. President Miller preached one of his uplifting sermons on the theme of "Praise and Thanksgiving." He mentioned four prerequisites to praise. If we wish to have happy experiences in the future, we must store our minds with the memories of happy and grateful experiences now. Since praise is not so much contingent on outward circumstances as on inner resources, a sense of values is more important than the possession of things. Many people are not so happy as they might be because they have never experienced the sacrifice of thanksgiving—have never sacrificed in gratitude for the blessings they have. Finally, the real source of praise is a clear knowledge of what God has done for us in sending His Son into the world.

Turkey Dinner

Miss Phyllis Roose 46 provided a Thanksgiving dinner for 595 guests, using the 400 pounds of turkey donated by Iowa's Turkey King, A. C. Gingerich, who annually furnishes this part of the Thanksgiving meal at the College. Because the number of diners was much larger than the capacity of the dining hall, the dinner was served from 11:30 to 1:30, guests coming and going as tables were filled and emptied.

After dinner, alumni, students, and friends packed Assembly Hall—balcony and wings—for the after-dinner program prepared by Professor Samuel A. Yoder 28 who was general chairman of the program committee arranging the Thanksgiving festivities. Levi Hartzler 35, of Elkhart, was at his best as toastmaster.

After-dinner Program

Numbers on the program were toasts by Royce Saltzman 50, Paul Verghese 52, and Luella (Gingerich) Blosser 47. Esther Musselman 51, now a teacher near Urbana, Ohio, sang one of her delightful solos, Professor Mary Oyer 45 played a cello solo, and the Excelsior Quartet rounded out the musical part of the program with "Mamma's Little Baby Loves Shortening Bread" and "The 'Quartet' from Rigoletto."

Following is the printed program:

HURRAH! FOR THE FUN

Grandfather	Levi Hartzler
The Horse Knows the Way	Royce Saltzman
To Grandmother's House	Esther Musselman
Over the River	Paul Verghese
Trot Fast	Mary Oyer
Through the Woods	Luella Blosser
The Pudding's Done	Excelsior Quartet

Following the program, guests were given an opportunity to make a tour of the new dormitory. Most of them found two surprises awaiting them—the many unfinished areas in the building that from the outside seems so nearly completed and the skill with which the women in the dormitory have made their partly finished rooms habitable.

Worship with College Choruses

Following supper the College choruses presented a varied and interesting program. Professor Walter E. Yoder 33 handed over his baton to Robert Smith 52, assistant director of the Collegiate Chorus. Professor Mary Oyer 45 directed the Motet Singers and B. Frank Hartzler 29 the A Cappella Chorus. The combined choruses under the direction of Professor Walter E. Yoder sang "Prayer of Thanksgiving" and "Sing and Rejoice." The groups sang to a near capacity audience, and each chorus did itself credit.

The complete program follows:

Create in Me a Pure Heart	Brahms
Send Forth Thy Spirit	Schuetky

Robert Smith, Assistant Director

Motet Singers:

Walter E. Yoder, Director

Friday Program

The Friday program included regular classes from 7:30 to 11:35 with the 10:15 period out for the regular chapel service. Professor Samuel A. Yoder presided, Professor Walter E. Yoder led the congregation in singing the hymn, and Don McCammon 45 gave a variation of the Thanksgiving theme by reminding the audience how America looks to someone who returns from a period of residence in a foreign country.

Before the beginning of the chapel service, Professor Yoder introduced Loren Weldy 54 of the Service Committee of the "Y" who presented to President Miller a check for $6,384, the proceeds of the Work Drive in September. In accepting the gift, President Miller stated that the Work Drive during the past five years has brought in a total of $30,662.49. Of this amount, all but $1,000 has been spent in helping to erect the College Union and the new dormitory for women. Last year the student committee voted to present $1,000 to the Building Committee of the Goshen City Hospital.

President Miller went on to say that the Work Drive is significant for two reasons. First, it not only brings in money, but it makes friends for the College among the people for whom the students work. Second, Goshen College has demonstrated a certain leadership in the Work Drive idea. During Goshen's first Work Drive the **New York Times** mentioned this unique method of raising money for college projects, and now all Mennonite colleges have adopted it. Some other colleges also have done so.

"It is appropriate," said President Miller, "that this money should be turned over to the College on Thanksgiving Day. We are grateful to the people who employed the students and who many times gave them a bonus in addition to actual pay for work done."

Alumni Show Unexpected Strength

Varsity and alumni basketball games in the afternoon were more evenly matched this year than in recent years. In the women's game the alumnae, after leading for most of the game, lost during the last few minutes. The fast passing and sharpshooting of Carol Yoder x49 and Tillie Yoder 49 and the guarding of Doris Liechty Lehman 50 kept the youngsters worried during most of the game, but the excellent work of Ruth Gunden 52 at the foul line and of Carol Hostetler 52 at guard pushed the score up to 33-29 in favor of the varsity in the closing minutes of the game.

The men's game also was close although the varsity maintained a lead of from three to five points throughout most of the game. The set shots of Harold Yoder 50 and the rebounding of James Yoder 51 and Willis Sutter x51 kept the alumni in the running. Score at half-time was varsity 23 and alumni 20. The sharpshooting of Loren Weldy 54 and his unerring work at the foul line made the game a runaway for the varsity at the end. James Yoder fouled out with less than two minutes to go, and the final score was 52-39 in favor of the youngsters.

About 600 spectators saw the games. William Smoker x53, Goshen's plucky polio victim, watched both games from a cot on the platform in the gymnasium.

The Home-Coming program ended on Friday evening with a number of the Lecture-Music Series. The Chicago Symphony String Ensemble, conducted by Rudolph Reiners, first violinist of the Chicago Symphony Orchestra, pleased a capacity audience. The first part of the program consisted of numbers by Mozart, Bach, and Dohnanyi. Following the intermission the ensemble presented numbers by Smetana, Grieg, Strauss, Tschaikowsky, Dinicu, and Gershwin. The conductor responded to enthusiastic applause with several encores.

BUSINESS MEN DINE AND TALK

Goshen College entertained 663 men at the Sixth Annual Business Men's Dinner in the Union Auditorium on December 1. Leland Bachman 38, business manager, served as chairman of the planning committee and also of the program on the evening of the dinner. Following the invocation by Bishop Sanford C. Yoder the group enjoyed one of those dinners excellently prepared and expertly served by Phyllis Roose 46, dietitian. Following an address of welcome by the chairman he introduced Dean Carl Kreider 36 as toastmaster.

Following is the program:

"Christian Laymen Organize" — Lester Yoder, Goshen, Ind.
Eldon Shank, Sterling, Ill.
Lyle Yost 37, Hesston, Kans.
Motet Singers—Mary Oyer 45
"Opportunities to Serve" — Floyd Shore 40, Louisville, Ohio
Howard Yoder 22, Wooster, Ohio
Male Quartet—Flanagan, Illinois
"The Board of Education and Laymen" J. Forrest Kanagy 30, Biglerville, Pa.
"The College and Laymen" — Ernest E. Miller 17, Goshen College
Song—"Blest Be the Tie That Binds"
led by Walter E. Yoder 33
Benediction—I. E. Burkhart 26, Field Secretary

Lester Yoder told of the work of the Ambassadors for Christ, a group of laymen of Elkhart County organized to assist in revival meetings, peace meetings, personal work, and other types of religious activity. Eldon Shank explained the work of the laymen organized at the Science Ridge and West Sterling churches in Illinois, and Lyle Yost outlined the organization and activities of the Mennonite Service Organization in Harvey County, Kansas. He told in detail of the organization's assistance during the recent Kansas flood experience.

Floyd Shore spoke of attempts to arouse interest among laymen by finding answers to the question, "What can laymen do?" Howard C. Yoder pointed out that the decreasing number of ministers and the increasing number of boards are making it necessary for laymen to interest themselves in the organization and activities of the church. Congregations can no longer spare their one minister for directing the work of the church-wide boards and activities. Consecrated laymen must take up the burdens of the church not only in the financial and organizational work of the home congregation but also in the wider areas of church activity.

The address of Forrest Kanagy, secretary of the Mennonite Board of Education, is printed in full elsewhere in this issue. Mr. Kanagy, member of the class of 1930, is Purchasing Agent for the C. H. Musselman Company, of Biglerville, Pennsylvania, and always has had an intense interest in the work of his local congregation. In 1945 he was first elected to a four-year term on the Mennonite Board of Education as a representative of Alumni Association of Goshen College. He was re-elected in 1949 and year before last (1950) was elected secretary of the Board. He and Orie O. Miller 15 who became Financial Agent of the Board in 1925 are the only laymen on the Executive Committee.

In President Miller's address he pointed out that both business organizations and laymen generally are becoming aware of the necessity for the financial support of church colleges. Some are doing so only because they wish to avoid making the church colleges dependent on Government aid and Government control. Others are motivated by a desire to see the school support and strengthen the religious program of the church. He closed with a stirring appeal to the men present for their interest in and support of Christian education.

This meeting was the largest and in many respects the most successful of any similar meeting held on the campus in recent years. Guests were present from seven Midwestern and eastern states. The local committee devised several new methods for enabling more rapid acquaintance among the men present. One of these was the individual's name typewritten and placed in a celluloid holder pinned on the coat lapel. Members of the faculty were appropriately marked as "hosts" so that strangers would know to whom to turn for information.

THE BOARD OF EDUCATION AND LAYMEN

By J. Forrest Kanagy

When I was invited to take a part on this program tonight it was suggested that I speak to you of the Board of Education, and as a layman.

I have served on the Board for the past few years as one of your alumni representatives. I took the usual interest, such as attending the annual meetings, and reading the Executive Committee minutes, and reports as received, but it has only been the past year as secretary that I have more fully realized the immense responsibility and scope of the work of the Board.

The consciousness of the need of education in the Mennonite Church is relatively young. It is only slightly more than fifty years since the first students were enrolled in a Mennonite school. Some of these early students are still with us.

I thought it might be of interest to point out a few of the things which show the growth of our colleges over just the past ten years. The contrast would be much greater if taken over a longer period.

In 1941 the assets of the Board were $539,430.90, in 1951 $1,613,895.40. The operating expenses have risen even more. In 1941 Goshen's operating expenses were $93,124.90 and Hesston's $42,869.30 for a total of $135,994.20. In 1951 Goshen's operating expense was $307,048.68 and Hesston's $158,504.41, a total of $465,553.09. In other words, the operating expenses of the Board's schools more than trebled during the ten-year period. In 1940 the educational cost per student was $261 a year and in 1951 that figure had risen to $438. The enrollment at Goshen College was 152 in 1931, 265 in 1941, and 570 in 1951.

By the late forties the growth of our educational demands had outgrown the machinery for carrying forward the program. In the fall of 1949 at Johnstown, Pennsylvania, the Board adopted its new Constitution. This constitution set up in addition to the Board with its Executive Committee, Councils to operate in various areas of our educational program. We now have the Elementary Council, Secondary Council, Collegiate Council, Seminary Council, and the Winter Bible School Council, all responsible to the General Educational Council with its Educational Agent. These councils give assistance and guidance to our whole educational program.

In recent years there has been a rapid growth in the interest of our church in education, not only for the college students but for the elementary as well as high school and seminary. What this is going to mean to the church in the years ahead we do not know, but I am confident that it will greatly strengthen our church in many ways.

We must ask ourselves. What does this increased interest in education mean to us? Does it carry with it any responsibility? I would say that it certainly does.

In the first place, we should give it our loyal support and remember our schools in our daily prayers, that they may be led and directed by the Lord. Most certainly there will be things in our schools that are not perfect. Neither are our homes perfect, at least mine is not, yet we do not throw them overboard, but we strive to improve them. We can do our schools much more good by encouragement and constructive criticism than by knocking or "dragging our feet."

In the second place, we need to support our schools by sending our children as students or perhaps help some other boy or girl to attend one of our colleges. If you do not have any of your children in college, you will be surprised how much more interested you become when you have a child in school. It will then be important to you that our colleges are sound doctrinally, that they maintain high standards of conduct, as well as high standards of scholarship. Some may say that they can send their boy or girl to a state school at less cost or to some other school nearer home. This is probably true, but what will they be when they come out? Will they have maintained their faith in a living God, and will they be interested in the welfare of the church and the salvation of their fellow men? Or, will they have lost their interest in the church and program of Jesus Christ?

In the third place, as laymen we need to give our financial support. It is not possible or practical to charge sufficient tuition to pay all the costs of operating our colleges. This would put us out of the educational business as well as deny many of our young people the privilege of an education in a Christian school. This leaves only one alternative, to pitch in and help.

For many years I have been a firm believer in systematic giving. I think we should know how much we give and not just have it on a "hit and miss" basis. I venture to say that you do not run your business on such a basis. You know your costs and at what price you must sell to make a profit and stay in business. Our government recognizes 15 per cent of our income as deductible for charitable purposes and certainly the Christian should not think of anything less.

Many of our people need to be taught to give. In talking to a man several years ago on this subject he said, "Well, I think I do pretty good, I put in a couple dollars or perhaps a five whenever the collection plate is passed or a plea is made for help." Another man recently said that he never realized how much it amounted to until he started to give systematically.

Over Thanksgiving week end I had the privilege of sitting in a class on "Christian Stewardship." We were all made to ask ourselves, How good a steward am I? Have we been allowing material things to be our master instead of our servant? God has given us material blessings, to be our servants and not our masters.

As a nation we have come to measure everything by the dollar. The dollar has become the main incentive for effort. From the little boy that runs an errand for a dime to the executive who is responsible for a business, the incentive is the dollar. With taxes almost to the point of confiscation many executives are losing interest and saying, "What is the use, I might as well enjoy myself, instead of getting 'stomach ulcers,' when the government will take it all anyway." The Christian has a higher motive or incentive for service, that of being of service to his fellow men. This service may take the form of supporting our missionaries, schools, and other church interests. I have felt for many years that the teachers in our schools are making just as great a contribution to the work of the Lord as those who go out on the mission field.

When we are approached to help our schools or some other work of the church, how often are we like the colored man when asked to make a small contribution to his church? "Lawsey," he said, "Ah sho' would like to he'p. But time Ah gets all my bills paid, Ah ain't got nuthin' lef'." "But," said the solicitor, "you do owe the Lord something, you know." "That's right," said Uncle Joe, "but de Lawd ain't pushin' me."

Have we consecrated our income or our business to God? If so, then it will be a pleasure to support the work of the church. If our basic attitudes are right, then our giving will be right.

LEAVES FOR EUROPE AND JORDAN

On November 27, Orie O. Miller 15, executive secretary of the Mennonite Central Committee, left on a special two-month commissioner's trip to Europe and Jordan. Mrs. Miller (Elta Wolf 12) accompanied him. They will aid in locating a Service Unit in Greece, expect to visit the Mennonite Mission in Ethiopia, and plan to include Bible Lands in their itinerary.

PROFESSOR WITMER HONORED

The United States Weather Bureau under the Department of Commerce recently honored weather observers who donate their time to help Uncle Sam and the Almanac to find out tomorrow's weather by taking temperature and precipitation measurements at stations throughout the country. Thirty-eight Hoosiers were included in this group. Professor S. W. Witmer 14 of Goshen College is one of the eleven Indiana observers who have served more than twenty years.

The observers use standard gauges and thermometers provided by the Weather Bureau. Some make only precipitation weather reports while others keep a complete record of high and low temperatures as well as rainfall. Professor Witmer is among those who keep a complete record.

INSTRUCTORS AND ALUMNI WRITE BOOKS

Alumni will be interested in the following new books written by instructors and alumni of Goshen College. These books either are already published or are to be published soon by the Herald Press at Scottdale, Pennsylvania: "Mennonites in the Second World War," by Guy F. Hershberger, professor of history and sociology; "Such Thoughts of Thee" (poetry), by Mrs. Millard Lind (Miriam Sieber 42); "Separated Unto God" (published in August), by John C. Wenger 34, professor of theology and philosophy; "Middle-East Sojourn," by Professor Samuel A. Yoder 28; and "Answer to War," by Millard Lind, B.A. 42, Th.B. 44, B.D. 47.

ALUMNI CAN HELP SOLICIT STUDENTS

By Paul Bender, Director of Admissions

Initial Acquaintance

Young men and women entering Goshen College receive their initial information about Goshen College through various channels. These include (1) alumni and students, (2) direct contact by a field representative, (3) general church acquaintance.

Alumni play a major part in acquainting young people who should attend Goshen College with her program. What they themselves are, is the best and strongest representation of the College. More directly they condition their own children for attendance at Goshen College, and they find and interest other young people who should attend Goshen College.

A field representative of the College tries to interest young people who would profit by attendance at Goshen College, and to supply them with information about the College through literature and personal visits.

In Mennonite Church circles Goshen College is known and discussed in the community, from the pulpit, and through church literature. The churches also receive occasional visits by Goshen College students and faculty, by choruses, Gospel teams, and special speakers.

Applications

All inquiries and applications regarding admission to Goshen College should be addressed to the **Director of Admissions.** In cases where problems of housing, employment, financing, or academic program require it, he will refer these to appropriate officers at the College.

Financial Aid

Various forms of scholarships and grants available to students are described in the College catalog. A student wishing to make application for any such aid should request special forms for this purpose.

Special Students

High-school graduation is normally required for undertaking study at Goshen College, and all but a few applicants have completed high-school study. There is, however, an occasional case of a mature person who did not complete high school but who had secured comparable educational development through other experiences. Any such applicant is carefully considered and his ability for college study is assessed as well as possible, usually by means of tests.

Transfer Students

Students may be granted advanced standing for work done at another college. If such college is fully accredited for liberal arts work, the transfer is made at face value. Many students transfer to Goshen College, particularly from our sister colleges: Hesston, Eastern Mennonite, and Messiah. Transfers are made from many other colleges and universities, as well as from Bible Institutes and Bible colleges.

Constituency

Goshen College is operated by the Mennonite Church primarily to meet the higher education needs of young people of the church. All Mennonite young people seeking a college education are urged to attend Goshen College. Members of other Mennonite denominations are especially welcomed. Students living in the local community also are served by the College. **Any students who are attracted to and can profit by the program of Christian education offered at Goshen College receive a warm welcome.**

MR. WINEY INJURED IN FALL

On Saturday evening, November 17, near his home, Sam G. Winey, superintendent of buildings and grounds at the College, suffered a fall on the ice and fractured his pelvis. He was hospitalized in the Goshen City Hospital for several weeks. Mr. Winey has been in the employ of Goshen College since 1942 when he and Mrs. Winey moved here from Colorado Springs.

A NEW CHRISTOPHER DOCK CLUB

Mennonite teachers in the vicinity of Elkhart organized a Christopher Dock Club at the Prairie Street Church in Elkhart on Sunday afternoon, November 18. The club conducted a panel discussion on Christian discipline and heard a report on the organization of the Mennonite Teachers' Association at the annual meeting of the Mennonite Board of Education at Morgantown, Pennsylvania.

The group discussed the proposed constitution and decided on a more or less permanent or formal membership roll. Robert J. Baker 42, of Elkhart, was elected president. Following the meeting the women of the organization served tea. Approximately ninety per cent of the membership of the newly organized club are Goshen College alumni.

THUT TO APPEAR HERE MARCH 7

John Thut 23, tenor, now professor of vocal music at Augsburg College in Minneapolis, Minnesota, has kindly consented to appear in the Union Auditorium in a benefit concert for the Goshen College Building Fund. This is a special concert and is not included in the Lecture-Music Series. Professor Thut's many friends in Indiana and adjoining states are looking forward with keen anticipation to this concert by one of Goshen's leading alumni vocalists. Mr. Thut appeared in a concert at the College several years ago and rendered a very pleasing, highly artistic program of sacred and classical numbers.

TAKE UP RESIDENCE AT HOME FOR AGED

Mr. and Mrs. J. S. Hartzler, of Elkhart, have moved to the Mennonite Home for the Aged at Rittman, Ohio. Mr. Hartzler is now 94 years old and his wife 93.

Mr. Hartzler joined the staff of the Elkhart Institute when the building on Prairie Street was still under construction. He served for many years in various capacities both at the Elkhart Institute and Goshen College: as principal of the Bible School, secretary, business manager, and in other important teaching and administrative positions. He had a large part in planning and in the actual construction of the Administration Building and North Hall on the Goshen campus. Since his retirement from active duties at the College he has continued his keen interest in the educational and religious life of the Mennonite Church. For many years he was pastor of the Prairie Street Mennonite Church in Elkhart.

MISS MOSEMANN PROMOTED

President Miller announced to the faculty in December that the Executive Committee of the Mennonite Board of Education has appointed Miss Orpah B. Mosemann, R.N., director of the Goshen College School of Nursing. She has been serving as acting director since the organization of the School in 1950.

He also announced the appointment of Miss Verna Zimmerman, R.N., 45 as assistant director beginning in September, 1952. She has been employed at the Elkhart General Hospital since the completion of a course in Hospital Administration.

"Our New Home"

DR. CARL KREIDER JOINS STAFF OF INTERNATIONAL CHRISTIAN UNIVERSITY

The following article under the above headline appeared in the November, 1951, issue of the **North Central News Bulletin**, published by the Committee on Liberal Arts Education of the N.C.A. The article gives additional information about Dean Kreider's assignment at the International Christian University.

"Dr. Carl Kreider, Dean at Goshen College and Co-ordinator for the Committee on Liberal Arts Education for the past three yeas, has been granted a three-year leave of absence to serve as Dean of the College of Liberal Arts of the International Christian University now being organized near Tokyo, Japan. This University is sponsored by the Japanese International Christian University Foundation of New York under the presidency of Dr. Kenneth S. Latourette of Yale. Financial support has been given by the Japanese people themselves who contributed 162 million yen and by thirteen of the major Protestant denominations in the United States who have pledged 4.4 million dollars toward operating expenses and plant development in the initial six-year period.

"Colleges planned for the University in addition to the College of Liberal Arts include a Graduate School of Public Administration, a Graduate School of Education, and a Graduate School of Social Work. Because the work will be primarily on the graduate level a low student-faculty ratio will be maintained. The College of Liberal Arts will be small—it is designed to provide a program of general education and area majors which may serve as a model for such programs in other colleges. It will also serve in providing internship for prospective instructors in other colleges in Japan.

"The faculty and board of trustees of the University will be Christians. About one half of the faculty will be Japanese and the other one half will come not only from the United States but from many other countries as well. Instruction will be in both English and Japanese. Students will be solicited from all races and creeds."

Dean and Mrs. Kreider 36 (Evelyn Burkholder 36) and their three children, Alan 10, Rebecca 6, and Stephen 3, are scheduled to sail from Los Angeles on February 24.

Fortunately for alumni in the California area, they had previously scheduled their annual alumni reunion for the evening of February 23. This makes it possible for Dean Kreider and his family to attend the reunion. John David Zehr 48, chairman of the Arizona-California Goshen College Alumni Reunion, has invited Dean Kreider to deliver the address, and Dean Kreider has accepted the invitation.

The accompanying picture is taken from a Christmas greeting sent to their friends by the Kreiders.

A CHRISTMAS CARD TO ALL ALUMNI

The above picture, used on their 1951 Christmas cards, shows Bishop and Mrs. Sanford C. Yoder in their home at 1801 South Main Street, Goshen. Dr. Yoder, now president emeritus of Goshen College and past the retirement age, still teaches in the College and is director of the Bible Correspondence Department. He also serves as bishop of the Goshen College congregation and is active in the work of the Mennonite Church. He is an honorary member of the Mennonite Board of Missions and Charities.

MASSANARI APPOINTED ACTING DEAN

In November President Ernest E. Miller announced the appointment by the Executive Committee of the Mennonite Board of Education of Dr. Carl Louis Massanari 36 as Acting Dean of Goshen College on account of Dean Carl Kreider's leave of absence to serve as dean of the College of Liberal Arts of the new International Christian University in Tokyo.

Dr. Massanari was born in Fisher, Illinois, on May 20, 1915, and was graduated from the Fisher Community High School in 1932. In the fall of that year he entered Goshen College and received his degree, Bachelor of Arts, in the spring of 1936.

During the summer session of 1937 he attended the graduate school of Ohio State University. In 1942 he received the M.A. degree from the University of Illinois and in 1948 the Ed.M. from the same institution. In 1949 the University granted him the degree, Doctor of Education.

Teacher Education Instructors Enjoy Pleasant Conference—
Dr. Mary Royer, Dr. Karl Massanari, Dr. Silas Hertzler

Except for brief periods spent in graduate work, Dr. Massanari has been teaching ever since his graduation from Goshen College. During the school year 1936-37 he taught in the public schools of Berlin, Ohio, and from 1937 in the Mahomet Community High School at Mahomet, Illinois. In 1942 he achieved a boyhood ambition on being elected principal of this high school. He served as principal until 1947.

During 1947-48 he was a graduate assistant in the Bureau of Research and Service in the College of Education, University of Illinois. During the period that the Education Department of the State of Illinois was conducting a campaign to improve Illinois schools by consolidating the many one-room schools, Dr. Massanari conducted a number of surveys and wrote several articles to help further the program. In 1948 he accepted a position as Associate Professor of Education in Goshen College and in 1951 he was advanced to a full professorship.

Since coming to Goshen, Dr. Massanari has been active in the teacher education program. He has been in charge, under the general supervision of Dr. Silas Hertzler 13, of the training of teachers in the secondary education program. During the current semester he has charge of seventeen cadet teachers in Elkhart County high schools. In 1948 he began a study of Goshen College alumni, but press of other duties prevented the completion of the project.

Dr. Massanari is the author of (1) an article entitled "A Technique for Identifying Community Pull," published in the **Journal of Educational Sociology,** in December, 1947; (2) an article entitled "Don't Undermine Reorganization," published in **Illinois Education** in March, 1948; and (3) an article entitled "Before the Election—Campaign for Reorganization," published in **Illinois Education** in October, 1948.

Professor and Mrs. Massanari reside at 1110 South Main Street, Goshen, in the home that they purchased in 1948. Mrs. Massanari is the former Christine Yoder x38, of West Liberty, Ohio. They are the parents of three boys: Ronny 10, Jerry 8, and Kenny 5.

Dr. Massanari will succeed Dean Kreider at the end of the first semester with the title of Acting Dean. Meanwhile he will assume some of the dean's responsibilities such as preparing the copy for the 1952 annual catalog. As announced in the November NEWS-LETTER, Dean Kreider has been released part time to prepare for his new duties as dean of the College of Liberal Arts of the International Christian University in Japan. On November 27 he visited the University of Cincinnati to confer with possible candidates for positions on the teaching staff of the I.C.U. On November 29 and 30 and December 1 he visited Ann Arbor, Wayne University in Detroit, and Michigan State College at East Lansing, Michigan, on a similar mission.

Dean Kreider is being loaned to the I.C.U. for a three-year period and will return at the end of that time to resume his duties at Goshen College.

OPENS DENTAL OFFICE IN ELKHART

David B. Bechtel B.S. 47 graduated from the School of Dentistry at Indiana University in June. Dr. Bechtel has opened an office in Elkhart for the general practice of dentistry at 401 South Second Street. He is a brother of Dr. Kermit Bechtel x43, of 1700 Lawndale Place, with dental offices in the Shoots Building and of Harold H. Bechtel x26, of the Goshen High School faculty.

GOSHEN PROFESSOR WRITES HISTORY

Professor Guy F. Hershberger, author of **War, Peace, and Nonresistance,** has written a new book, **The Mennonite Church in the Second World War.** It is the wartime history of the Mennonite group officially known as the Mennonite Church. This group in 1950 had 66,000 baptized members. About 57,000 resided in the United States and 46,000 east of the Mississippi River.

The book is not a history of Civilian Public Service, that phase of Mennonite history having been treated by Professor Melvin Gingerich in his valuable and exhaustive volume, **Service for Peace.** Although four of Professor Hershberger's twenty chapters deal with phases of C.P.S., he is more concerned with the broader question of the impact of the war upon the inner life of the Mennonite Church.

Scanning the chapter headings one learns that the book deals with the pre-World War II spiritual and organizational preparation of the Mennonite Church to maintain its peace testimony in the event of another war, its experiences with local draft boards during World War II and with the draft itself, and the testing of the peace principles of the brotherhood. The book also examines the effect of the war upon the organized activities of the church—its conferences, mission programs, and educational institutions. Finally it examines the ministry of the church to war sufferers, the organization of Voluntary Service Units, peace literature and peace teaching, and the relations of the Mennonite Church with other peace groups.

A concluding chapter summarizes the author's findings and attempts to evaluate the effect of the war experience upon the Mennonite Church. His research revealed certain weaknesses in the peace testimony of the church. Forty per cent of the drafted young men forfeited their church membership by accepting military service although four hundred of these have since returned to the church. A few who chose Civilian Public Service did not do so as a matter of conviction but of tradition. A few not subject to the draft, gave evidence of a lack of conviction by condoning military service of their sons, by purchasing war bonds, or by working in war industries.

Guy F. Hershberger

On the other hand, Dr. Hershberger finds that the experiences of the war forced the clarification of certain concepts and strengthened the position of the main body of the church on its nonresistant stand and teaching. This came about in part through a better understanding of both Fundamentalism and the Social Gospel. The church learned that the former places its emphasis almost entirely upon personal salvation while largely neglecting the social implications of Christianity. Liberal Protestantism, on the other hand, concerned itself with the Social Gospel and social reconstruction to such an extent that personal salvation was ignored, or even rejected.

This brought the Mennonite Church back to the position of their Anabaptist fathers that personal salvation must express itself in the building of a Christian society. Thus World War II greatly enlarged the social consciousness of the Mennonite Church as shown by the new emphasis on community building, on Voluntary Service at home and abroad, and on foreign missions. One desirable outcome of this new emphasis is that hundreds of young Mennonite men and women are donating their time and labor in many types of relief and service projects for periods ranging from a week end at a mission station to a year or two-year period or longer. This again has resulted in the discovery by the church of the great potential in her young people.

The sum total of these desirable outcomes is a new revitalized expression of the nonresistant faith. Dr. Hershberger finds evidence that the church has come through the war in a stronger position to uphold and defend freedom of conscience, separation of church and state, and other fundamental religious tenets of their Anabaptist forebears.

One of the chief merits of Dr. Hershberger's book lies in its objectivity. In a clear, straightforward style, the author presents all the facts without the slightest apparent attempt to hide or to gloss over certain unpleasant aspects. With the almost perfect detachment of the true historian he presents all the significant facts that his laborious research and his own intimate experience have placed at his disposal. Yet the narrative is not so overloaded with detail as to bore the reader. The story moves swiftly with only enough illustration and specific detail to sustain interest.

The volume will be of interest to the older reader who has participated in some of the recorded events and to the younger as a story that throws light on contemporary movements within the Mennonite Church. For the non-Mennonite reader the book will serve as an invaluable aid in understanding a small but increasingly significant segment of American society. It is through such books as this that the Mennonite Church is finding a "voice" to express her Christian testimony.

RELIEF, BIBLE LANDS, ETHIOPIA

Dr. Samuel A. Yoder's new book, **Middle-East Sojourn,** is a delightful volume. Everyone will enjoy its chatty, familiar style, its pages packed with information, its rambling comment on little known places, events, and people. It is a "must" for every Mennonite family interested in the relief program of the church.

When the Japanese blitzed Pearl Harbor, Dr. Yoder was serving on the English staff of Wheaton College. Some of his colleagues were called to military service. Although on account of his age, Dr. Yoder was not likely to be affected by the Selective Service draft, his strong C.O. convictions impelled him to do his bit in alleviating the suffering caused by the war. He enlisted for voluntary relief service under the Mennonite Central Committee and was assigned to the Middle East, serving first as "head welfare officer of Camp I" and later as "Area Manager of Area I Jugoslav Refugee Camp, El Shatt" on the Suez Canal.

Meanwhile he needed brief time-off periods from his frustrating, strenuous experiences, for a bit of relaxation to regain his mental balance and perspective. His interest in Bible Lands occasioned a visit to the ancient Egyptian ruins along the Nile, also to Palestine and Syria as far north as Damascus.

Toward the end of his period of service, he felt distressed by the transitory nature of much of the relief work and wished to make a more permanent contribution. Accordingly he offered to tour Ethiopia for the M.C.C. That organization was considering the land of Emperor Haile Selassie as the possible location for a relief unit opening the way for a future mission effort. These experiences—relief work at El Shatt, touring Bible Lands, and exploring Ethiopia—supplied the raw materials for Dr. Yoder's **Middle-East Sojourn.**

Miss Sommers and Dr. S. A. Yoder Find This Theme Amusing

But it is not a travelogue, not a history, not even a connected narrative. And yet it is something of all of these. It contains elements reminiscent of the "Journal" of the pious Quaker John Woolman, of the "Diary" of the utterly frank Samuel Pepys, of the humor of Mark Twain or Oliver Wendell Holmes, and of certain chapters from the lives of Abraham and Nehemiah. This reviewer considers it the most nearly "literary" of any product of a Mennonite pen in this century.

Dr. Yoder's intimate knowledge of the Holy Scriptures and of world history and literature makes a Biblical, literary, or historical reference a natural element of his style. In the early morning as his plane rises over sleeping Heliopolis he recalls the lines of a Wordsworthian sonnet.

Almost constantly something reminds him of a Biblical event which he ties up with the present or the recent past. Writing of the camp at El Shatt he says, "Running east through the midst of the camp was the Old Jerusalem Road, the Biblical 'way of the wilderness' which had been hastily surface tarred to provide a means of escape should Rommel's Africa Corps have broken through into Alexandria and across the Suez."

As anyone who is acquainted with Professor Yoder would suspect, an outstanding feature of **Middle-East Sojourn** is its humor, usually genial but occasionally a bit acid. His sense of humor more than once saved a tense situation in a section of the world where a Britisher was hated. On one occasion chewing-gum might prove that Yoder was an American! The narrative proceeds: "Gum certainly has many an American virtue. But for other nationalities it simply does not work. Imagine my horror when I noticed Gebre, our Ethiopian interpreter, chewing the sweet out of his little sugar-coated PK pellets, and spitting out the real gum like cherry pits. What a horrible waste of gum virtue! I refused to offer him any after that."

A special feature of the book, sure to bring many a smile to the reader, is the pen work of Ezra S. Hershberger, an alumnus of Goshen College, now professor of art at McPherson College, Kansas. Hershberger like Dr. Yoder can sense the humor of a situation. His pen sketches not only amuse but, because they are true to the geographical, architectural, and cultural aspects of the Orient, they are informing. It was a happy thought that wedded these illuminating drawings and Dr. Yoder's spicy text.

Professor Yoder's many friends among the alumni will wish to peruse this delightfully informing volume to bring their acquaintance with him up-to-date. The reader will find here many reapings and many gleanings—the Mennonite philosophy of relief, the relief worker's frustrations and his disappointments as well as his victories and his compensations, a fresh view of the land of Abraham and Moses and Solomon and Jesus, an interesting glimpse into and interpretation of the Ethiopian Empire seen through the eyes of a devout Christian, always frankly realistic, but entirely wholesome.

The simple honesty of the book, its lack of pretense, its straightforward truthfulness lend it a peculiar charm. The author does not pose as a knight in armor setting out to right the wrongs of the world. He is not a hero. He is a humble, modest relief worker trying to remind desperate, homeless, hopeless people who have lost everything, even their humanity, that God still cares for them and is interested in their plight. He knows that relief at best is an attempt to organize chaos and once organized, it is no longer relief.

GRABER TO HELP EXPAND M.C.C. SERVICE IN EUROPE

C. L. Graber, of the Public Relations Department, who spent seven months in Germany last year, returned in November for another three-month period of service under the Mennonite Central Committee. His first task was to review and extend the builders' unit of thirty which he set up at Espelkamp in Germany last year. These men or their relatives and friends pay $900.00 a year to the M.C.C. for transportation and maintenance.

Most of the thirty men in the M.C.C. Voluntary Service are willing to continue for another year. Several are Goshen College alumni. These men under the supervision of A. Lloyd Swartzendruber have been manufacturing building brick and blocks at Neuwied on the Rhine for a building contractor and transporting the bricks and blocks to the building site.

In payment for their labor the men receive one third of the building materials that they manufacture. The building blocks and bricks that they earn in this way they donate to the M.C.C. and use in constructing houses in American and British zones for D.P.'s and particularly for the D.P.'s from the Danzig area, whose lands and property have been confiscated by the Russians. These D.P.'s have elected to stay in Germany to re-establish themselves there in preference to migrating to another country.

Mr. Graber is working with O. O. Miller 15, executive secretary of the Mennonite Central Committee. Together they make the necessary decisions for carrying on and extending the work in Germany and for organizing other possible units.

After Mr. Graber completed his work in Germany he went to Athens, Greece, to set up another unit for the benefit of the Greek people similar to the one being carried on in Germany. The reason that Greece has been chosen is that the M.C.C. must select a country in which the United States Government is interested under Point 4 of the President's program (economic aid to backward countries).

The committee hopes that under this arrangement the work of the men in the unit may be accepted as alternative service under the Selective Service Act. Another reason for the selection of Greece is that the Brethren Service Committee who have had a unit in Greece for several years have asked the M.C.C. to join them.

Mr. Graber plans to complete his assignment and return home by February 1, traveling through Holland and England. He has reservations on the New Amsterdam, the flag ship of the Holland-America Line, on which he and Mrs. Graber returned from Europe last May.

ORDINATIONS

On October 9, David F. Derstine 46, of Telford, Pennsylvania, was ordained to the ministry at the Blooming Glen Church. He preached his first sermon to the Blooming Glen congregation on October 14.

On the afternoon of November 18, Paul M. Miller 49, pastor of the East Goshen Mennonite Church, was ordained bishop at that church. Ray F. Yoder, bishop and pastor of the Salem Church, read the Scripture and led in prayer. Bishop A. J. Metzler, of Scottdale, Pennsylvania, preached the ordination sermon, Professor Paul Mininger 34, bishop and pastor of the North Goshen Church, was in charge of the ordination, and Dr. John C. Wenger 34, bishop and pastor of the Olive Mennonite Church, pronounced the benediction. Bishop Miller is a student in Advanced Theology in the Goshen College Biblical Seminary. He and his family reside at 1119 South Eighth Street. He is in demand as an evangelist and will serve as principal of the 1952 Winter Bible School at Goshen College.

On December 9, Robert Lynn Harnish 50 was ordained to the ministry at Highway Village, East Peoria, Illinois. A few years ago this congregation began as a mission station. On the day of the ordination the congregation also dedicated a new church building. Mrs. Harnish is the former Ruth Fern Martin, R.N., x50.

On December 16, Murray Krabill 50 was ordained pastor of the new Mennonite congregation at Mt. Gilead, Ohio. The ordination service was held at the community church in Pulaskiville. Mrs. Krabill is the former Alta Snyder sec 49.

"MESSIAH" RENDITION APPRECIATED

We take the liberty of copying the following from "The Associate Editor's Ramblings," interesting column by W. W. Oesch 10 in **The Farmer's Exchange**, printed weekly at New Paris.

> "Of the many delightful customs of the season is that of singing of carols and other appropriate musical compositions. For many, Handel's 'Messiah' continues to be a favorite. The people of this area were highly favored by the rendition of the 'Messiah' by the combined choruses of Goshen College, last Sunday afternoon. Approximately 1000 gathered into the College Union Building for the occasion. The 140-voice chorus was directed by B. F. Hartzler. Kathryn Summers was the accompanist. Soloists were: soprano, Esther Rose Buckwalter; alto, Carol Hostetler; tenor, Leonard Hurst, and bass, Paul M. Yoder."

GOSHEN GRADUATES EMPLOY AMISH AND MENNONITE MATERIALS IN GRADUATE THESES

Increasingly, Mennonite students are learning to use Amish and Mennonite materials in their graduate studies. A few years ago Dr. Roy Umble, studying in the School of Speech at Northwestern University, used as the title for his doctor's dissertation, "Mennonite Preaching." Miss Mary Oyer 45, assistant professor of music at the College, used "Amish Hymns" as the basis of a class project in her graduate work in the University of Michigan. John A. Hostetler 49 also has drawn on this material for his graduate work at Penn State. As a result of one such study he edited an "Annotated Bibliography on the Amish."

Charles Burkhart 50, son of Mr. and Mrs. I. E. Burkhart 26 (Gladys Loucks 25), of 1610 South Eighth Street, Goshen, is doing graduate work in Colorado College, Colorado Springs, Colorado. He has chosen as the title of his master's thesis: "The Music of Old Order Amish and Old Colony Mennonites; a Contemporary Monodic Practice." His major professor is enthusiastic about the subject because he feels that it is original and will make a real contribution. In his work, Mr. Burkhart will use transcriptions of Old Order Amish hymns made near Kalona, Iowa, in 1939. He also has some transcriptions of Old Colony hymns which he made during his one-year period of voluntary service in Mexico.

LeRoy Kennel 51, a graduate student in speech at the State University of Iowa, has chosen as the subject of his master's thesis, "A Rhetorical Criticism of Three Sermons by John S. Coffman, Nineteenth-Century Mennonite Evangelist and Educator." He has chosen the sermons, "Go Ye," "Saved by Grace," and "The Spirit of Progress," the address delivered at the dedication of the Elkhart Institute, and is doing his work under Professor A. Craig Baird, head of the department of public address of the School of Speech at S.U.I. He holds a scholarship covering his comprehensive fees. Mr. Kennel is preparing for teaching speech at Hesston College and hopes to complete his work for the master's degree in the summer of 1952. He is planning to return to Goshen to study in the Goshen College Biblical Seminary during the second semester of this year and the first semester of the year 1952-53.

MILLER FAMILY REUNION

D. D. Miller and his ten surviving children and their families held a reunion at the church cabin on the Goshen College campus on Saturday evening in celebration of Bishop Miller's eighty-seventh birthday. He is a retired bishop of the Mennonite Church and served for many years as president of the Mennonite Board of Missions and Charities.

All the children and their wives and husbands were present. Orie O. Miller 15, of Akron, Pa., is executive secretary of the Mennonite Central Committee and secretary of the Eastern Mennonite Board of Missions and Charities. He also has been a prominent shoe manufacturer for many years.

The second son is Dr. Ernest E. Miller 17, president of Goshen College. Truman T. x19 is manager of all sales of the A. B. Dick and Company of Chicago. Ida Mae, a14, the eldest daughter, is Mrs. Ben Schertz of Flanagan, Ill., where she and her husband operate the Royal Blue Stores and a locker plant. Alice x24, Mrs. Chauncey Oesch, lives on a farm near Middlebury with her husband and teaches in the Middlebury school. Clara x20 Mrs. Art Augsburger, and her husband live on a farm near Middlebury. Their commodious country residence provides a comfortable home for Father Miller.

Wilbur W. 22, of 3159 Morningside Drive, Columbus, Ohio, is assistant superintendent of schools in Columbus, in charge of all elementary grades (1200 teachers). Mabel, Mrs. William Jennings, resides at 540 River View Drive, Columbus, Ohio, where her husband heads the commerce department in the practice schools of Ohio State University. He also is working on his doctor's degree.

Kathryn x24, Mrs. Ray Yoder, of Kalona, Iowa, lives on a farm with her husband. Their daughter, Kathleen x47, is the wife of Dale Swartzendruber x47, who is under appointment as instructor in agriculture at Goshen College beginning in the fall of 1952. Samuel S. Miller x50, of Walkerton, Ind., the youngest son, is a minister at the Clinton Brick Church east of Goshen, and a teacher in a consolidated school near Valparaiso.

Bishop Miller, who is in good health, has 67 living descendants, 10 children, 31 grandchildren, and 26 great-grandchildren. There are also 30 living in-laws. Present at the reunion on Saturday evening were the 10 children and 48 grandchildren. After enjoying a carry-in supper at the church cabin Wilbur W. Miller served as toastmaster of the after-dinner program. Following the devotional period each one of the ten children told about the children and grandchildren in their individual families and showed pictures of the children taken at previous reunions and also of the grandchildren not present at the reunion.

BETHEL PRESIDENT RESIGNS

Many alumni will be interested in the announcement in the November 28 issue of the **Mennonite Weekly Review** that Dr. E. G. Kaufman has announced his resignation as President of Bethel College effective August 1, 1952. During his administration extending over twenty years a debt of $150,000 was fully liquidated in 1944 and during the same period the net worth of the College increased from $450,000 to over $1,500,000. In 1938 Bethel College was accredited by the North Central Association. Dr. Kaufman also has directed an extensive building program on the Bethel campus during his administration as president.

TWO GROWING MENNONITE MAGAZINES

The editor hopes that many alumni have had an opportunity to see and read a copy of the January issue of the illustrated quarterly magazine, **Mennonite Life**, published at North Newton, Kansas, under the capable editorship of Dr. Cornelius Krahn. This well-illustrated issue contains articles and pictures of permanent value. While not professedly a scholarly journal but rather a popular magazine, **Mennonite Life** is as scrupulously accurate in its presentation of fact as an encyclopedia. But both its pictures and its articles hold keen interest for the general reader.

The January issue contains, among others, articles on Rembrandt and the Mennonites, Mennonite churches in South Germany, church history, the Low-German dialect, Mennonites in Mexico, the music of the "Old Colony" Mennonites in Mexico, and what should be only the first installment of the "life and time" in which Dr. Noah E. Byers "lived and worked." The forty-eight-page issue is illustrated with seventy-six pictures, many of them half page or full page.

In future issues the editor promises complete coverage of the Fifth Mennonite World Conference to be held in Basel, Switzerland, in August of this year.

Another Mennonite magazine, **The Mennonite Community**, published monthly at Scottdale, Pennsylvania, and edited by Grant M. Stoltzfus 41, while operating in a somewhat narrower field, is constantly improving in interest and typographical neatness. It undertakes a less ambitious program and more restricted scope, but what it does, it does well. It aims chiefly to serve the family and community interests of that body of Mennonites known officially as the Mennonite Church.

The December, 1951, issue visits the Grantsville and Springs community on the border of southwestern Pennsylvania and northern Maryland and the Howard-Miami community near Kokomo, Indiana. It also discusses the use of grass crops in several beef- and milk-producing areas. It contains an article on "Mennonite Principles" by Professor Guy F. Hershberger; a regular feature—"Homemaking News and Views"—by Dr. Olive G. Wyse 26, and Dean Carl Kreider's feature, "Viewpoints on World News," which this month discusses "Crises in the Near East." A section for the youngsters is entitled, "Young Community."

DEAN BENDER PROMOTED

Wilbur Bender x26, who has been serving as Dean of Harvard College at Harvard University, has been elected Dean of Admissions. **The Harvard Crimson,** in reporting the appointment editorially, states "it represents the greatest challenge to Dean Bender's ability that he will have faced in the twenty years of his service to the University."

One of his new responsibilities will be to keep "a firm grip on the new and aggressive program to recruit students without buying them." As Dean of Admissions he will serve as chairman of the Faculty Committee on Scholarships and Financial Aid. In this capacity, according to the editorial, he must "find new financial sources to support the fast diminishing scholarship fund, and he must integrate financial aid policy with admissions policy more closely than has been done in the past."

One of Dean Bender's new responsibilities will be to see that the student body includes a wide variety of skills and tastes.

GINGERICH ENJOYS HARVARD

Owen Gingerich 51, graduate student in astronomy at Harvard University, finds time to attend musical programs and lectures of various types. He is an assistant on the staff of **Sky and Telescope**, published monthly by the Sky Publishing Corporation of Harvard College Observatory. In addition to writing nine articles for Volume X, Mr. Gingerich also has made some of the drawings for other articles in the magazine.

He reported the North Central Regional Convention held in Chicago and wrote a very interesting article for the October issue on "Eclipse Experience," in connection with the annular eclipse on September 1. The latter article is a compilation of reports to the Eclipse Convention of the Astronomical League at Chapel Hill, North Carolina, and also from newspaper accounts and private correspondence.

Mr. Gingerich was present at the convention and discussed the use of radio time signals. With the aid of another member of the group, he demonstrated how an amateur can pick up time signals from WWV in Washington to set his watch to the most accurate time in America. His account must have been very interesting, for, after all of the audience had set their watches, they found that the convention was running twenty minutes behind schedule.

HARVE DRIVER ON TRIP TO AFRICA

The following article taken from a newspaper clipping describes the mission of Harve A. Driver 30 to the Congo Inland Mission Field. The clipping was a part of the Christmas greeting mailed to their friends by the Drivers. In addition to the newspaper clipping the sheet contained individual pictures of Barbara 9 with "Peaches" her puppy and Phyllis 5 with her favorite doll and a group picture of Mr. and Mrs. Driver and the two girls. Mrs. Driver is the former Priscilla Liechty, R.N., of Archbold, Ohio. Mr. and Mrs. Driver live at 219 South Franklin, Wauseon, Ohio.

"H. A. Driver, executive secretary of the Congo Inland Mission, left Monday night on an administrative trip to the mission field in the Belgian Congo in West Central Africa.

"He drove a specially equipped panel truck to New York where he will put it on a steamer for Africa. He will leave on November 18th by Pan American Air Lines for Brussels, Belgium, en route to Africa.

"In Brussels he will confer with officials of the government and of the Congo Protestant Council, and visit with the nine C.I.M. missionaries now in Brussels preparing to meet Belgian Colonial standards for educational and medical missionaries.

"More than 85 per cent of the educational and medical work of the Congo is carried on by Christian Missions and since 1949 the Belgian Government has been granting some financial aid to Missions for this work.

"Mr. Driver will travel to Africa alone but will be joined later by Dr. C. B. Bowman, M.D., of Chicago, and together they will return by way of Tanganyika, Ethiopia, Egypt, the Holy Land, and Europe. He expects to be back in the States by April first, 1952.

"He plans to spend three months with the missionaries in the Congo to help them in the solution of their problems; to redefine strategy in the work; to get a new perspective; to plan for the advance of the Christian Faith; and to bring spiritual inspiration and fellowship to the missionaries who live in isolated regions, among people of darker skin, and without the luxuries and comforts of our abundant America.

"The Congo Inland Mission is supported by Mennonites of the United States and Canada and has been engaged in mission work in the Congo since 1912. Driver assumed responsibility with the board in an administrative capacity two years ago and has acquainted himself with its work and constituency. He is also a member of the Africa Committee of the Foreign Missions Conference of North America which is the recognized Protestant agency for Christian Missions on the Continent of Africa."

> "The highlight of this year for me has not been my interesting trip to Kashmir, which was indeed a joy and rest, peaceful and satisfying in the physical sense; but it was during the spiritual retreat a number of weeks after school began. . . . We missionaries are not very popular these days. Perhaps this is the mild way of saying something hard to express. . . . I just returned last week from the Mid-India Christian Representative Meetings where leaders met to talk over common problems. We come to realize that the problems on one station are not local conditions but a pattern true of most sections. . . . Since July I have had the added duties of managing the Hostel (the living quarters) where my orphans, widows, primary, Middle, and Bible School pupils live. About one hundred eaters are fed daily which means that gardens must be planned and planted, supplies must be purchased, cloth must be bought and made into garments. . . . Christmas is coming. Our two-year-old son, Daniel, proved to be a good sailor . . fellowshiped with many other missionaries who were on their way to the Orient . . . services both Sundays . . . Vespers each evening at five o'clock . . . arrived at Yokohama September 13. . . . Brother and Sister Ralph Buckwalter had come down from Hokkaido for some

business and to help us get oriented . . . fifth day in Tokyo we started to study the Japanese language. . . . Ralph was fortunate in getting the apartment he did, since housing in Tokyo is a huge problem and the rent at places is high. . . . Our work at present . . . language study . . . both enrolled in the Tokyo School of the Japanese Language. . . . The hymns which the Japanese sing are translations of hymns that have come from Europe and America. . . . We are making many contacts. Our method of preaching the love of God . . . by trying to live a Christian life that is pleasing to God and one which may show to those around us how Christians live. . . . Mission work is started in Hokkaido. On November 11 Ralph Buckwalters had their dedication services. The week end of November 25 Buckwalters and Carl Becks have planned to have baptismal services and communion which will be the first beginning of the Mennonite Church in Japan of our group."

The dedication exercises were held November 21-25. A neatly printed eight-page folder includes the program, a historical outline, and pictures of the building committee and Bishop and Mrs. Long (Edna Miller w25).

Mrs. Griggs writes: "Appreciation is ever in my heart for Goshen College and her Christian influence on the lives of youth who seek help within her doors."

Dr. Jonathan G. Yoder 27, of Dhamtari, India, is pleased with the beginning of work on the hospital. The second part of the administration building is nearly completed. The mission expects to use it for inpatients until new wards can be built. He wrote recently that he hoped building on the nurses' home could begin soon.

Meanwhile they are living and conducting school in a new house finished last March. Miss Kent's home address is c-o Foreign Missionary Society of the Brethren Church, P.O. Box 616, Winona Lake, Indiana.

Lela Sutter 48 is school nurse at Bloom High in Chicago Heights, Illinois. She finds that being school nurse for 2000 high-school students keeps one busy. She also teaches two classes in Household Science. Miss Sutter's address is 149 West Fifteenth Street, Chicago Heights.

Mrs. George J. Lapp (Fannie Hershey) has deposited part of the papers of her late husband in the Archives of the Mennonite Church. The Christmas letter of Mr. and Mrs. Nelson Litwiller 25 (Ada Ramseyer sp34), of Mercedes 149, Buenos Aires, Argentina, announces that since several furloughs will be falling due at the same time and so that not too many missionaries will be absent from the field at one time, they have been asked to take their furlough a bit earlier. If these plans materialize, Mr. and Mrs. Litwiller may arrive in the states during the spring of 1952.

John Howard Yoder 47 was one of six instructors in the European Mennonite Bible School which began a four-week term on November 18 with twenty-four students coming from France, Switzerland, Germany, and Luxembourg. He has been appointed a member of the Junior Academy of Science Council which conducts Junior Academy Science meetings in conjunction with the Indiana Academy of Science.

Several Goshen College alumni are stationed in the Congo Inland Mission with headquarters at Charlesville, Kasai District, Congo Belge. The Belgian Government has set up rather strict qualifications for missionaries to that area.

Part of a letter copied in a recent issue of the **Farmers Exchange** of New Paris sets these requirements out clearly. "We sailed from New York on a Belgian ship on May 10, 1950—our time in Brussels was spent in fulfilling government requirements for missionary-teachers in the Belgian Colony, the Congo.

"These requirements include—a knowledge of the French language, a year's stay in Belgium, observing the Belgian school system—taking and passing a Government given French course of nine months and taking and passing the Colonial Course.

"The last is the most difficult. It is a summer lecture course with oral exams in eleven subjects. This year all the material was given in just three weeks, followed by the exam week. Fortunately, we had studied some of the material before the course began, or we would have had some difficulty absorbing and learning it all. We are happy and thankful to report that our requirements were all successfully completed."

Mr. and Mrs. Ellis Gerber 48 (Edna Buller 48) are now enrolled in Goshen College to receive teacher certification in Indiana State in partial fulfillment of the requirements for work in the Belgian mission field.

Myron D. Weldy sp32 has just moved into the new $750,000 Perley School (South Bend) of which he is principal. The new furniture and equipment in the building cost an additional $35,000. Mr. Weldy has been a member of the Indiana State Board of Education for the past two years. On November 26-28 he was at Indiana State Teachers College at Terre Haute working on the evaluation of institutions for the American Association of Colleges and Universities for Teacher Education. He spent December 9 to 12 at Indiana University on a similar mission. Mr. and Mrs. Weldy (Cleo F. Weaver x33) live at 1141 Belmont Avenue, South Bend 15, and are members of the Holdeman Mennonite Church, west of Wakarusa.

At a meeting held at South Bend on November 14, Floyd S. Martin, M.D., 29, of Goshen, was elected president of the Thirteenth District Medical Society composed of physicians from La Porte, St. Joseph, Marshall, Kosciusko, Fulton, Starke, Pulaski, and Elkhart counties. Dr. Martin resides one-half mile south of Goshen on State Route 15. His office is at 127 East Lincoln Avenue, Goshen.

Albert J. Meyer 50, formerly of Sterling, Ohio, has completed one year of graduate work at Princeton University. He is particularly interested in nuclear physics. Both his classwork and his cosmic ray research assistanceship in the study of nuclear forces involved in the interaction of negative mu mesons with heavy nuclei, pertain to this subject. Mr. Meyer's address is Graduate College, Princeton, New Jersey.

Ethel Lehman x49 is enjoying her work in the operating room at the La Junta Mennonite Hospital. She continues her active interest in the building program of her alumni association and in the ALUMNI NEWS-LETTER.

Orie J. Gingerich, D.D.S., 48, who opened an office for the general practice of dentistry in Kalona in July, has been elected president of the Goshen-Hesston Reunion held annually in the Kalona-Iowa City area. Dr. Gingerich, who received the D.D.S. Degree from the State University of Iowa last June, was granted the B.A. Degree at Goshen in August, 1948, at the end of his first year in dentistry at S.U.I.

The fourteen Mennonite students studying at the State University of Iowa formed a Mennonite Fellowship on the campus of S.U.I. on Wednesday, November 28. More than thirty Mennonite students are members of the Mennonite Fellowship on the campus of Kansas University.

Mrs. Irvin Bingaman (Elizabeth Gingerich 1896), formerly Mrs. W. K. Jacobs, and her husband left Canada during the last week in November for Florida where they expect to spend the winter. Mrs. Bingaman retains her interest and loyalty to her Alma Mater.

The November 27 issue of the **Gospel Herald** carries a picture showing Irene Bishop x47, of Hilltown, Pennsylvania, at work helping a bewildered refugee. Miss Bishop is an M.C.C. worker loaned to I.R.O. The picture is printed in connection with an article written by Dr. Alta Schrock, also doing relief work in the Funk Kaserne-Munich Resettlement Center, the last large stronghold of the International Refugee Organization in Europe. Dr. Schrock writes a touching story of the plight of these wanderers over the face of the earth who find a temporary home at the Resettlement Center.

In a letter to the editor J. N. Byler, Far East Area Supervisor under M.C.C., writes from Kowloon, Hong Kong, correcting certain statements on the last issue of the ALUMNI NEWS-LETTER. Mr. Byler points out that "Voluntary Service" is a term used to identify the program administered by the M.C.C. V.S. Section but that the M.C.C. also has a Foreign Relief Section and that all the workers on the foreign field are today entirely under the Relief Section. Mr. Byler goes on to say, however, "Naturally anyone working in relief is in voluntary service and there is no harm in referring to them in any other way." The editor is grateful to be set right on this point. In these days of a multiplicity of alphabetical organizations one needs to be careful to be scientifically exact.

Paul Marvin Yoder 51, of Harper, Kansas, has been conducting singing schools in the Mennonite churches of northeast Missouri, on Monday and Tuesday at Cherry Box, Wednesday and Thursday at Pea Ridge, and Friday and Saturday at Hannibal. A music fest concluded the course on December 8 at the Youth Conference held in Hannibal December 7-9.

Stanley Lambright x53 has been serving in a Voluntary Service Unit at the Spanish Mission in Chicago since July. He entered Voluntary Service in May for an eighteen-month period and spent the first three months in a Builders' Unit at Hesston College. His address is 1907 South Union Avenue, Chicago.

Dr. N. E. Byers, of Decatur, Georgia, on learning that Dr. Roy Umble 35 had been elected secretary-treasurer of the Intercollegiate Peace Speech Association, wrote, "I am pleased to note that headquarters have come back to Goshen after nearly fifty years. The organizational setup and working plans look good." Dr. Byers and the late Professor C. Henry Smith were instrumental in organizing the Intercollegiate Peace Association at Goshen nearly fifty years ago.

Dallas Voran rt43, M.C.C. worker from Belmont, Kansas, has been permitted to enter Korea after waiting in Tokyo for about two months. He is working with the United Nations Civil Assistance Command, Korea. Temporarily all relief supplies must be channeled through UNCACK, and, since the M.C.C. has no establishment to house a medical team, it is not likely that such a unit would be permitted to work as a team. Since over 300,000 houses have been destroyed in Korea, two or three new builders' units are a possibility.

Jesse B. Martin x26 and Roy S. Koch x43 are two of the five faculty members of the Ontario Mennonite Bible Institute sponsored by the Ontario Mennonite Conference. First classes were held October 29 in the educational building adjoining the First Mennonite Church at Kitchener with an enrollment of 45. The new school is an outgrowth of the Ontario Mennonite Bible School and operates a course of three five-month terms. The Bible School with a three-month term opens on December 31. Both the Institute and the Bible School will end at the same time near the close of March.

Samuel T. Burkhard x24, son of Mrs. Mary (Yoder) Burkhard x01, presented a program of religious music at the Eighth Street Mennonite Church on Sunday evening, October 28. Mr. Burkhard resides in Columbus, Ohio.

Mr. and Mrs. Vern L. Miller 51 (Helen Marie Hostetler 51), who were married at Harper, Kansas, in October, are doing mission work in the colored district of Cleveland, Ohio.

Mr. and Mrs. Myron Ebersole 49 (Geraldine Hartman x48) have organized a Christian Women's Sewing Circle in the city of Jericho. After the first meeting to which they had invited five Christian women, the news of the plans brought a number of women begging admission to the circle. The women are refugees but they sew also for other refugees who are in greater need than they. Because the meetings are held in the M.C.C. center the workers are free to conduct a devotional period, which is not allowed in the camps. Mr. Ebersole states that the general refugee situation is not too different from a year ago. The housing situation is serious, old tents are nearly worn out, no new ones are available, and UNRRA faces certain cuts in its relief program.

RUSHING ALUMNI MEMORIAL DINING HALL TO COMPLETION

Maturing Plans to Hold 1952 Reunion in New Location

Building Committee to Finish Remainder of "Westlawn" Next Year

After that sudden, encouraging response of Alumni to President Miller's Christmas letter, the Building Committee began to sense the possibility of completing the Alumni Memorial Dining Hall on the first floor of the main wing of "Westlawn" in time for the Annual Alumni Reunion. Alumni response to that letter brought a little more than $4000 into the Building Fund. Contributions ranged from a one-dollar bill to a check for one thousand dollars.

Then the President of the Alumni Association called a meeting of the Executive Committee of the Association to hear a progress report on construction and finances. After receiving a heartening report from Leland Bachman, Chairman of the Building Committee, on the building progress and from President Miller on the financial campaign, the members of the Executive Committee voted unanimously to pledge Alumni support to an endeavor to finish the Alumni Memorial Dining Hall by May 31, the date of the Annual Banquet and Reunion.

The result of that decision was the letter which your Executive Committee sent to every alumnus late in February. At the time of mailing that letter, the Building Committee needed $20,000 to finish the Dining Hall. The concrete subfloor has been laid, heat runs and electric wiring installed, the concrete block lining laid up on the walls, and some of the steel lath in place.

But much remains to be done: laying the tile flooring on a special concrete base, all the plastering, the concrete sills under the windows, the light fixtures, the radiators, the public address system. And it is an immense hall. Whatever material it requires, it needs a lot of it. But once finished it will be a credit not only to the college but to the Alumni Association. It will provide seats for six hundred diners at tables for six.

This Dining Hall is a crying need right now. The present system of cafeteria dining strung out over an hour period actually prevents people from becoming acquainted. A return to family style dining to encourage acquaintance and fellowship is a present urgent need.

Although the remainder of "Westlawn" also is badly needed now, it is evident that not enough money will be available to finish it within the next few months. The thirty-nine dormitory rooms now in use by students, were intended for seventy-eight women but are occupied by ninety-three. One room is occupied by Mrs. Weaver (Laura Johns x04), the housekeeper, and a small apartment by Viola Good 39, Dean of Women.

These rooms are dusty because the new cement floors do not have the asphalt tile covering called for by the plans. Makeshift drapes or hangings temporarily take the place of doors to the wardrobes. The young women are taking a commendable attitude toward these inconveniences and even feel a certain amount of pride in being the first occupants of the new building. But the rooms should be made more livable as soon as possible.

Even with the $20,000 that your Executive Committee is asking for by May 1, the kitchen and cafeteria in the west wing of "Westlawn" will be far from finished. In fact it will require all the $20,000 to finish the Alumni Memorial Dining Hall by May 31.

The nine partly finished rooms on the second story of the west wing also are needed now because a number of young women are rooming off the campus. In those rooms the lathing is nearly finished and the rooms are partitioned off, but no plastering has been done and even the smooth coat concrete floor is not finished. After the Building Committee saw that there was a possibility of completing the Alumni Memorial Dining Hall by Commencement, work stopped in the wing.

ALUMNI DONATIONS DURING PAST SIX MONTHS

Alumni Provide Generous Support of Building Program

During the first six months of the current fiscal year, September 1, 1951, to March 1, 1952, Alumni contributions to the fund for completing "Westlawn," the new dormitory for women, exceeded the amount donated during the same period last year. From September, 1950, to March, 1951, 659 Alumni gave $11,621.74 for the Building Fund. Since September 1 of this year, 761 Alumni contributed $18,332.21.

Last year the Class of 1950 led in number of contributors with 36. This year they lead again with 42. The Class of 1945 has the largest percentage of increase over last year—16 in 1951 and 31 in 1952. The Class of 1947 registers 39 contributors this year. Of the classes before 1920, the Class of 1916 leads with 13.

What can we do by May 1 in response to the letter mailed by the Executive Committee in February?

THE KREIDERS LEAVE FOR JAPAN

Dean and Mrs. Carl Kreider 36 (Evelyn Burkholder 36) and family of three children left Goshen by automobile on February 12 for Los Angeles. They took a southern route and stopped at several points on the way. On the evening of February 23, Dean Kreider gave the address at the banquet of the Arizona-California Goshen College Alumni Reunion held at the Hotel Haward in Los Angeles. Dean and Mrs. Kreider sailed from Los Angeles for Japan on February 24.

They were the recipients of several gifts from friends prior to leaving Goshen. One morning in chapel the student body presented Dean Kreider with a leather two-suiter piece of luggage. In making the presentation John Smoker 52, on behalf of the student body, said in part:

"His timely advice on world and campus observations has meant a good deal to us. His chapel talks, too, have often inspired us to nobler living. . . . We are conscious of the loss that is to be ours, Dean Kreider, but we are thrilled to know that in Japan a people in need is to receive the assistance of a devout Christian educator such as you. We therefore pledge to follow you with our prayers and to support your accepted mission with prayer. We await the day when we can welcome you back to Goshen College."

The Mennonite Board of Education has released Dean Kreider for three years to assist in setting up the College of Liberal Arts of the International Christian University in Tokyo, Japan. The prayers and best wishes of the faculty and student body accompany him and his family on their mission.

The Japan address of the Kreiders will be: International Christian University, 1500 Osawa, Mitaka-SH 1, Tokyo, Japan.

DO YOU WISH A MAPLE LEAF?

The Business Office has copies of the **Maple Leaf** from previous years. If you can use a copy of the 1947 **Maple Leaf** to interest people in your Alma Mater, write to Leland Bachman, business manager, Goshen College, or perhaps you can suggest the name of a person who would be sure to appreciate a **Maple Leaf.**

So long as the supply lasts, they will be sent to alumni free of charge. The supply is limited, but the first persons requesting a copy may have one for the asking. The Business Office wishes to place these in the hands of people who could use them to inform their friends about Goshen College.

ORDINATIONS

On Sunday, February 3, LeRoy Kennel 51, graduate speech student at the University of Iowa, was installed as pastor of the Mennonite Church in Iowa City, succeeding the former pastor, Norman Hobbs. Bishop Dan Fisher of the East Union Church near Kalona was in charge of the installation service under the direction of the Iowa-Nebraska Mission Board of the Mennonite Conference. Mr. Kennel began his work at the State University of Iowa at the beginning of the summer session in 1951. He will continue working toward his M.A. degree at the University.

Paul Holdeman, of rural route two, Gulfport, Mississippi, husband of Helen Cutrell 48, was ordained minister of the Gulfhaven congregation near Gulfport on January 20. E. M. Yost, of Denver, Colorado, preached the ordination sermon and Paul Hershey of Gulfport was in charge of the ordination.

On Sunday afternoon, January 20, Wilfred D. Ulrich, B.A. 44, Th.B. 45, minister of the Sterling Avenue Mennonite Church in Kitchener, Ontario, was ordained an elder. Ministers participating in the service were Henry Epp, Bishop C. F. Derstine, A. R. Shelly, Wilmer Shelly, and U. K. Weber. Mrs. Ulrich is the former Betty Stutzman 44. The Ulrich's are the parents of three children, David, Daniel, and Donald.

Earnest Schroeder x50 has been ordained to the pastorate of the Shafter Mennonite Church (General Conference). His address is 172 Poppo Street, Shafter, California.

On January 29, Samuel Sprunger x51 was ordained to the Christian ministry at his home church, the First Mennonite Church in Berne. On February 24, he was installed as pastor of the Saucon Mennonite Church at Coopersburg, Pennsylvania. He succeeds Ward W. Shelley who has accepted a call to Lancaster. Rev. Sprunger is a graduate of Bob Jones College at Greenville, South Carolina, and has been engaged in evangelistic work in Indiana and Pennsylvania.

ANNUAL PEACE SPEECH CONTEST

The Indiana Peace Oratorical Contest will be held at the University of Notre Dame on Friday afternoon, March 21. Friedrich Krause 53, of Germany, will represent Goshen College in the men's section of the Oratorical Contest and Beth Centz 52, of Berne, in the women's contest. The speakers in the extempore speaking contest are Paul Verghese 52, of India, and Patricia Lerch 52, of Wooster, Ohio. Mr. Verghese is the holder of the Franklin N. Kornhaus Scholarship in Public Speaking.

Since 1939, when Charles Ainlay 41 placed first in the state and won first in the national, Goshen Peace orators usually place first, second, or third. In 1944 Harold Bauman 46 won first in the state and first in the national, in 1947 John Howard Yoder 47 won first in the state and first in the national, and in 1948 Mac Cripe 49 won first in the state and honorable mention in the national. In 1949 Willard Krabill 49 won first in the state, and in 1950 Tina van der Laag 50, of Amsterdam, the Netherlands, won first in the women's oratory and Albert Meyer 50 second in the men's oratory.

In the five years since the extempore speaking contest has been organized as a part of the Peace Speech Contest, Goshen College has won first place twice—Orley Swartzentruber, of Argentina, winning in 1948 and Richard C. Hostetler, of Canton, Ohio, in 1950.

Rev. Amos W. Geigley, of Fairfield, Pennsylvania, awards $200 in prizes to be distributed to the students who place first, second, or third in the oratorical and extempore speaking contests. The interest shown in this contest by Mr. Geigley has greatly increased the state interest in the contest and especially among Goshen College students.

GOSHEN COLLEGE SCHOOL OF NURSING, CLASS OF 1954
Left to Right: Anna Marie Zimmerly, Sterling, Ohio; Mrs. Sophia Moore, Goshen, Indiana; Kathryn Smucker, Tiskilwa, Illinois; Marjorie Steiner, Dalton, Ohio; Naomi Kauffman, Goshen, Indiana; Mary Ellen Weldy, Wakarusa, Indiana; Marilyn Oswald, Hudson, Ohio; Kathryn (Becky) Hossler, Elizabethtown, Pennsylvania; Charlotte Hoover, Ludlow Falls, Ohio; Genevieve Leichty, West Liberty, Ohio; Mary Ellen Yoder, Wooster, Ohio; Arlene Eash, Wellman, Iowa; Arlene Zimmerman, Ephrata, Pennsylvania.

CANDLE LIGHTING SERVICE

An audience of five hundred was present for the second annual Candle Lighting Service of the Goshen College School of Nursing in the Union Auditorium on the evening of January 25. This service marks a special commitment or consecration of the members of the sophomore class to the task of bedside nursing.

Members of the class completed their pre-nursing work in June, 1951, and, after a period of orientation in nursing arts, began their practical training in the Elkhart General Hospital in September. The Candle Lighting Service in a sense takes the place of the capping ceremony of the traditional hospital training schools. The members of the sophomore class have been wearing their caps and uniforms since the beginning of their clinical experience last September.

President Ernest E. Miller presided at the exercises. Following a brief devotional period by Dr. Harold S. Bender, dean of the Biblical Seminary, during which he read Mark 8:31—9:1, the Nurses' Chorus sang three numbers under the direction of Professor Walter E. Yoder.

Mr. Fred Lobley, president of the Board of Directors of Elkhart General Hospital, delivered an inspiring address on the subject, "Following the Gleam." He reminded the members of the class that, in spite of temporary discouragements, the true nurse maintains her devotion to the highest traditions of the nursing profession.

At the conclusion of Mr. Lobley's address Mrs. H. E. Wiegner, chaplain of the Gideon Auxiliary, explained the significance of the presentation of New Testaments to members of the class. The Gideon Auxiliary has presented over 620,000 New Testaments to members of the nursing profession.

Following Mrs. Wiegner's remarks and an address by Miss Orpah B. Mosemann, R.N., director of the Goshen College School of Nursing, Ruth Beard, of Elkhart, and Margaret Brubacher, of Ayr, Ontario, lighted candelabra at each side of the stage.

The lights in the auditorium were turned out as Miss Mosemann directed the Candle Lighting Service. Each student in turn lighted a candle in a Grecian lamp from a similar candle held by Miss Mosemann. Each student at the same time received a New Testament from Mrs. Wiegner. The class then recited the Nurses' Pledge and sang the sophomore theme song.

Following the ceremony two hundred guests, including the parents of members of the class, members of the Board and Medical Staff of the Elkhart General Hospital, members of the Goshen College faculty, and friends, attended a reception in the College lounge. Mrs. Alice Provost, superintendent of the operating room at Elkhart General Hospital, and Mrs. Carl Kreider (Evelyn Burkholder 36) poured. Miss Phyllis Roose 46, College dietitian, presided in the cafeteria.

THE EDUCATED NURSE

AN ADDRESS AT SECOND CANDLE LIGHTING SERVICE

By Miss Orpah B. Mosemann, R.N. Acting Director, Goshen College School of Nursing

We welcome you to our second candle lighting service. Another year has passed into history. The tiny flame which was kindled a year ago has burned steadily throughout another year but the light burns brighter. There are not only the eight small flames of a year ago but tonight we are about to kindle thirteen more. We move forward with renewed confidence.

Dr. Victor Robinson, physician and historian, in the introduction to his book **White Caps,** which is the Story of Nursing, says—"It never occurred to the Aristotles of the past that it would be safer for the public welfare if nurses were educated instead of lawyers. The untrained nurse is old as the human race; the trained nurse is a recent discovery. The distinction between the two is a short commentary on the follies and prejudices of mankind."

If Dr. Robinson were here tonight, I would correct him on one point. I trust the trained nurse is soon a thing of the past; the educated nurse the nurse of tomorrow. We train a dog to do tricks; we train morons to do that which they are mentally able to do. We used to **train** nurses. We taught them how to make beds, to give routine orders, and that is exactly what nurses did—they developed routine skills by repetitious practice and called it nursing.

We were taught the "how" of nursing. If any dared to question the "why" of nursing she was probably labeled a smarty who was trying to take over the interne's work. The lamp of knowledge burned low during those times. But there was always a small group, usually a religious order, who would fan the flame and in this way kept the tiny lamp of nursing knowledge burning.

Nursing has come through the untrained period and the trained nurse era. It now stands on the threshold of the educated nurse.

The nurse is an important member of the health team. For many centuries doctors and nurses each went their divergent way but today doctor and nurse move toward the common goal of health teaching, preventive medicine, and scientific treatment of disease. As a member of this team the nurse of today needs to have a certain body of scientific knowledge, she needs to develop certain manual skills, she needs to exercise keen judgment, and this comes through knowledge.

She needs to know why people act the way they do and to have an understanding of the sociological background of her patient. In order to meet the total needs of the patient she needs to know the spiritual problems which a patient is likely to face. All of this requires a certain fund of knowledge.

I would like to express appreciation for the people of vision who have made our program possible. Ours is a cooperative enterprise. We are grateful for the co-operation of the board members of the Elkhart General Hospital; and to Mr. Zimmerman, hospital administrator; the staff nurses; the doctors who have given so freely of their time and knowledge; to the Mennonite Board of Education, to President Miller for his untiring efforts, to Dean Kreider.

I always think of Dean Kreider as the acting, "Acting Director." We shall miss your wise counsel. We wish you "bon voyage." We trust that during your three years' absence the nursing program will develop at the rate you would anticipate. We would say "thank you" to other faculty members who also have made a contribution, to our friends who encouraged us when we needed it. We thank you and trust that you will be rewarded by seeing that type of nurse graduating from this school who will serve effectively the needs of the world. The ultimate aim of nursing education is health education and improved patient care.

Class of '54—Tonight you stand at the gateway which leads you to further preparation in your chosen profession. Your academic opportunities far outweigh the opportunities which your fellow student nurses in hospital schools of nursing have today. But head knowledge is not sufficient. "To whom much is given much is required." "Science and skill without human understanding is an ugly thing."

I know of no nobler profession than that of nursing. You have many unique opportunities which many people might well covet. Your profession admits you to the hovels of the poor and the palaces of the rich. Your services are sought by the highest intelligentsia and needed by the lowest of the low.

"Disease is exceedingly democratic and death is the greatest leveler of all. In assuaging pain or ministering to the suffering, the nurse on her errand of mercy is without sect. The intrusion of a race or creed is desecration of the sacred temple of healing. The noblest aspect of modern nursing is its international spirit." And so you serve the rich and poor with equal care. The fair-haired child or the cantankerous old man each receive the best that you have. He or she is a person who has become a patient and is in need of the care that you can give.

Someone has likened your cap to a crown of jewels studded with invisible stones—diamonds of honesty, sapphires of kindness, rubies of sympathy, amethysts of dignity, and emeralds of courage. It is woven with threads of kindness and understanding, confidences and silences. You will possess these treasures just as largely as you give yourself to your profession. You will enjoy the beauty of this service as largely as you enter into its spirit, working always to attain the highest achievement, for this is what brings you the greatest inner satisfaction. The road is steep and will never be climbed successfully through selfishness or carelessness.

You have already learned that patients need to be cared for every day of the week, and around the clock. You will soon learn that they need to be cared for during spring vacation—yes, and even on Christmas Day. But it is Byron who said,

"My very chains and I grew friends,
So much a long communion tends
To make us what we are; even I
Regained my freedom with a sigh."

The routine duty of a nurse's day with its multitudinous tasks, obstacles, and requirements, performed with dignity and efficiency, is a priceless master if we but bend and cheerfully accept the lessons which it would teach us.

There will be times, perhaps there are already, when you wish that you had chosen an easier profession. If that time comes, think of the motive that brought you here. Remember the silent commitment which you made in the quietness of your own heart and the commitment which you will make tonight. Hold this commitment high above your head as a lamp to light your way. There are rewards at every turn of the road.

On February 15, 1951, the light of the noble traditions of the Christian nurse was placed in the hands of the first class of the Goshen College School of Nursing. Dr. Amstutz said at that time, "We have no delusions of grandeur. We will not prophesy. But we are laboring because we have faith. We have faith because we have come to know these young women. We know of their life's dedication. We have no crystal ball with which to see the future but of this we are confident: **The lamp that is lit tonight will not go out."**

The light has shone for another year. We are about to place in your hands, Class of '54, the light of the noble traditions of the Christian nurse. We have come to believe in you. You, too, will be a guiding light, for your life will influence the profession, the College, the church, and the community for many generations to come. We again have confidence that **the light which is lit tonight will not go out.**

"Arise, shine, for His Light is come and His glory is shining upon you. Darkness is covering the earth and the hearts of the people, but the Lord shall shine upon you and His glory shall be seen through you."

SEVENTY-EIGHTH STATE ORATORICAL CONTEST (OLD LINE)

Hans Hillerbrand 55, of Furth Bayeon, Germany, an exchange student at Goshen College sponsored by the Institute of International Education, won first place and the Golden Cup Trophy in the Indiana State Oratorical Contest at Terre Haute on Friday, February 15. Joseph Conwell representing Notre Dame University placed second.

Mr. Hillerbrand's oration on the subject, "Medium of Exchange," set forth the advantages of the exchange student program and made a vigorous appeal for its extension and its continuation. His winning of the Indiana State Contest places him in position to compete for entrance in the National Oratorical Contest to be held at Northwestern University in April.

Seven Indiana colleges were represented at the contest. Darlene Metzler 54, of Martinsburg, Pennsylvania, represented Goshen College in the women's section. She gave a creditable performance, speaking on the subject, "Women Have Come a Long Way," but did not place first or second.

WAYLAND, IOWA, ALUMNI BANQUET

The second Wayland, Iowa, Goshen College Alumni Reunion and Banquet was held on Friday evening, December 28, with an attendance of 49. The banquet was held at the Wayland Mennonite Church. Dr. J. Glenn Widmer x42, a member of the Board of Directors of the Alumni Association of Goshen College, was president; Mrs. Ervin Roeschley (Esther Roth 29), vice-president; and Mrs. Harold Meyer (Aldine Sutter x37), secretary.

Speaker of the evening was President Miller. After giving an interesting account of recent developments at the College, he showed pictures of the Far East taken during his period of service as Area Commissioner for the M.C.C. A mixed quartet, Alice Reschly 50, Clysta Richard x52, Calvin Eichelberger w47, and Roger Wyse, furnished two numbers of music.

Although the group is small, they enjoy getting together and having this contact with their Alma Mater through meeting with representatives of the College. Last year Acting President Carl Kreider was the speaker.

Officers elected for 1952-53 are Joe Freyenberger x53, president; Dr. C. C. Wyse x32, vice-president; and Ruth Eigsti 51, secretary.

A SAVINGS PLAN FOR EDUCATIONAL EXPENSES

Goshen College Offers New Stewardship Plan

In response to many requests for a plan to lay aside money for the education of the children of Alumni and others, Goshen College is ready to offer two ways to build up a fund for the future education of children.

The one plan is called My Pre-enrollment Stewardship Plan, and is designed to provide a method of laying aside modest amounts, small "payments" to accumulate sufficient money for a four-year college education. The second plan makes use of Educational Certificates issued in sums of $100 or multiples of $100.

The Pre-enrollment Stewardship Plan operates like a regular savings account in a bank. All transactions are recorded in a passbook. This must be sent with every payment and is returned as a receipt. The minimum opening payment is $10. Additional regulations are briefly as follows:

(1) Only one payment per month will be received. There is no minimum or stipulated amount for the monthly payments but the maximum is $50. Twelve payments per year are not obligatory.

(2) Interest will be credited semiannually at the rate of three per cent on April 1 and November 1. Interest begins on interest crediting dates.

(3) When the fund reaches a maximum amount of $2500 no further payments will be accepted but interest credits will continue.

(4) Accounts mature and become payable when the student enters Goshen College. Interest payments thereafter are on an annual basis using the lowest balance of the year and are credited April 1.

(5) Students must attend two full school years before any large remaining balance can be withdrawn without an interest adjustment.

(6) Funds are available for board, room, tuition, fees, and other customary educational expenses.

(7) Withdrawal prior to maturity is possible by furnishing sixty days' written notice, signed by the student and parent or guardian. In such event all money paid in plus only one third of the interest credited to the account will be refunded to the participant.

(8) An unused remaining balance in an account after a student has completed his education can be transferred to a younger child's account by properly authorized persons. If the account is not closed out on withdrawal, interest drops to one per cent per annum.

The Educational Certificate Plan does not require passbooks. Certificates are issued for amounts of $100 or multiples thereof. They are issued in the name of the student whose education is to be covered by it. If the money is not used by the time the student

ANOTHER ALUMNUS WRITES BOOK

Millard C. Lind, B.A. 42, Th.B. 44, B.D. 47, writer of the **Herald Adult Bible Studies** since 1946, associate editor of the **Gospel Herald**, and pastor of the Kingview Mennonite Church at Scottdale, Pennsylvania, is the author of a book, **Answer to War**, published in January by the Mennonite Publishing House at Scottdale. The price of the 143-page book is $1.75.

Answer to War is a rewriting of Dr. Guy F. Hershberger's **War, Peace, and Nonresistance.** It is intended primarily for youth groups but the general reader will find here a brief orientation to Mennonite history and thought as related to military and labor conflict.

In three beginning chapters, the writer develops the thesis that man's use of armed conflict is the result of his refusal to abide by the laws and purposes of God in the world. The fourth chapter presents the attitude of the early church fathers toward war and the changes that came into the church after the Emperor Constantine became a professed Christian and made the sign of the cross a military emblem. The writer then turns to the three great wings of the Reformation and the development of the church since 1517.

Subsequent chapters deal with the history of the Anabaptist wing of the Reformation as it unfolds in Europe, in colonial America, in the Civil War period, and during World Wars I and II. This part of the volume is well documented and presents in a clear convincing manner the story of the religious conscientious objector to war.

Chapter nine takes up the difficult problem of the relation between church and state and the Christian's duty toward each. Chapter ten describes the various types of conscientious objectors and contrasts them with the Christian C.O. who bases his refusal to bear arms on such passages of Scripture as the Sermon on the Mount and the writings of the apostles.

In chapter eleven the writer discusses the nonresistant Christian's problem of earning a living in a world ruled by force. How, for instance, is he to hold a job in a factory controlled by a union whose methods of securing higher wages and better working conditions are based on a system that regards violence as a legitimate means of achieving its ends?

A final chapter sets out the contribution of the nonmilitary denominations to political, religious, and sociological ideology: separation of church and state, freedom of conscience, and racial equality. The chapter ends with a program for maintaining and promulgating the Christian peace witness under present-day conditions.

It is a bold task, bravely undertaken. Most of it is well done—superbly, in fact. It is to serve a dual purpose: as a historical exposition of the Mennonite way of life in peace and war, and as a text for study

by MYF and other youth groups. The history is presented with a forthright brevity and completeness, seldom achieved. The extreme brevity, however, results in a measure of oversimplification that might be misleading.

The question section at the end of each chapter enhances the value of the book as a study text; but some of the questions and topics may be too general, presupposing a more intimate acquaintance with the Holy Scriptures than the average teen-ager has acquired.

This reviewer finds the title, "Answer to War," confusing and perplexing. This reaction is accentuated in the reviewer's mind by the author's attempt to carry the "answer motif" throughout the book by means of such chapter titles as "God Is the Answer" and "God's Answer in the New World" in all but the first chapter. The introduction of this device seems to be an artificial and unnecessary attempt to preserve the unity and coherence of the book. Less stilted, more meaningful chapter headings would improve the readability of the text.

Pen drawings by Allan Eitzen stand at the beginning of each chapter. Especially well done are the deserted battlefield, chapter seven; the smoke jumpers, chapter eight; Gandhi at his desk, chapter ten; and strike violence, chapter eleven.

Because of its timely interest and its readability this book is assured wide use among Mennonite readers. It will be useful for the general reader who wishes a simplified overview of Mennonite thought, life, and history. Chapters five to eleven will be particularly useful for the latter purpose. The non-Mennonite reader may detect a certain tone of dogmatism in the earlier chapters. The style of the first three chapters seems more oratorical and hortatory than expository.

ANOTHER NEW ALUMNI MAGAZINE

Westmont College in Santa Barbara, California, where Dr. Paton Yoder 35 served as dean for several years, plans to make the April issue of the **Westmont Courier** an alumni issue.

reaches the age of twenty-five years, the money represented by the certificates becomes a gift to the cause of education in Goshen College, and a receipt acknowledging the gift will be issued to the donor. This gift is then deductible for income tax purposes. If the money is used for educational expenses for the student, it bears one per cent interest when used.

CONFERENCE ON LAY EVANGELISM

The Goshen College Biblical Seminary and the Mennonite Board of Missions and Charities are sponsoring a Conference on Lay Evangelism to be held in the College Union Auditorium on April 5, 6, and 7. The conference considers such matters as the Biblical basis for lay activity in the church, laymen and the modern missionary movement, and certain organizations of laymen which have been developing within the Mennonite Church. Among these are the Ambassadors for Christ at Goshen, the Hesston Disaster Units, Clayton Kratz Fellowship, and the Orrville, Ohio, Laymen Evangelistic Movement. The **Gospel Herald** will carry further details and announcements as plans mature for the conference.

GRADUATION SOUVENIR

Dr. Sanford C. Yoder, President Emeritus of Goshen College, was graduated from Clarion High School, Clarion, Iowa, in 1901. He has prepared a neat eighteen-page paper-bound mimeographed brochure entitled, "After Fifty Years," containing letters from the twelve surviving members of the class of fifteen. Three men of the class have passed on into the Great Beyond. Of the remaining twelve, three live in Iowa, two in California, and one each in Indiana, Virginia, Oregon, Kansas, Colorado, South Carolina, and Florida. Only one still lives in Clarion, Iowa.

After much research and persistent effort Dr. Yoder was able to locate all the surviving members of the class and to persuade them to write a letter for his collection. He presented a copy of the booklet to each member of the class. What an interesting project and what a noble, thoughtful gesture! How like Dr. Yoder to dream it up and bring it to fulfillment!

REPORT TO POPULATION REFERENCE BUREAU

This year again the Alumni Office is co-operating with the Population Reference Bureau in compiling statistics of children born to graduates of American educational institutions.

Men in the class of 1927 have the best record for the number of children, but the women of that same class have the poorest record. While the record of the men of the class of 1942 does not equal that of 1927, the men of 1942 have a better record than the women of 1942.

The total number of men graduated in the class of 1927 is 21. Of these, 20 are married, and 16 report at least one child. The total number of children born to the men of the class of 1927 is 50. This makes an average of nearly 2.5 per graduate.

Of the 11 women of the same class, however, only 6 are married. Four reported at least one child, and the total number of children is 9. This makes an average of less than one child per woman graduate of the class of 1927.

Of the 19 men who graduated in the class of 1942, 17 are married, and 15 reported at least one child. The total number of children reported by the men of the class is 42 or an average of 2.21 per graduate.

Of the 28 women in the class of 1942, 17 are married, and 15 reported at least one child. The total number of children reported is 39, making an average of slightly less than 1.4 child per graduate.

From the above figures it is evident that the Goshen College of the future must depend on others than her graduates to supply the student body.

NEW ALUMNI PAPER

In December, Eastern Mennonite College issued **Alumni News.** The four-page paper is edited by the E.M.C. Alumni Committee of which Sadie A. Hartzler 25 is secretary. The paper gives information about the religious life of the school, several pages of alumni notes neatly classified, and a section of campus news.

The September, 1951, issue of the **Eastern Mennonite College Bulletin** was an alumni issue containing a directory of E.M.C. alumni serving abroad and the report of the corresponding secretary of the Alumni Association for 1951.

GRADUATES OR ALUMNI?

Most colleges now call all former students alumni as Goshen College has been doing since early in the 30's. One of the most recent of the older conservative colleges to adopt equal alumni status for nongraduates is Wooster College, Wooster, Ohio. At the last meeting of the Wooster Alumni Board the association removed the final legal barriers to equality by making nongraduates eligible for election to serve on the Board of Trustees.

HOSTETLER EMPLOYED BY MENNONITE RESEARCH

John A. Hostetler 49, who completed the work for the M.S. degree at Pennsylvania State College, June, 1951, on a dissertation entitled "The Amish Family in Mifflin County, Pennsylvania," in the department of Agricultural Economics and Rural Sociology, is now a candidate at the same institution for the Ph.D. with a major in Rural Sociology and a minor in Cultural Anthropology.

Since completing his residence work at the end of the first semester, he is working full time for the Mennonite Research Foundation, 1613 South Eighth Street, on a research project designated as "The Mennonite Outreach," a study of the effectiveness of Mennonite evangelistic techniques of the Mennonite Board of Missions and Charities.

ADVANCED DEGREE

Mary Eleanor Bender 50, daughter of Dean and Mrs. Harold S. Bender 18 (Elizabeth Horsch 18), was granted the M.A. degree in German at Indiana University on February 10 at the University's midyear commencement. She has elected to continue her work toward the Ph.D. degree. Her schedule contemplates completing the residence work for the Ph.D. and taking her preliminary examinations next year. Her major professor, the chairman of the German Department at Indiana University, who served also as her mother's M.A. adviser at the University of Minnesota, has suggested that for Miss Bender's doctoral dissertation she continue and complete her mother's study, "Mennonites in German Literature." Miss Bender is an assistant instructor in German during her period of study at the University.

THE MENNONITE RESEARCH FOUNDATION

Melvin Gingerich 26, Director of Research of the Mennonite Research Foundation organized in 1927 as a chartered agency of the Mennonite Board of Education, reported recently that twenty-six national assignments as well as many smaller ones have been given to the Research Foundation in the four years it has been operating.

These assignments, approved by the M.R.F. Board of Directors, have come from the Peace Problems Committee, the Mennonite Relief Committee, the Mennonite Board of Missions and Charities, the Mennonite Board of Education, and the Mennonite Publishing House, as well as from special committees of the General Conference and the General Council.

Two major studies will be undertaken in 1952. A study of Mennonite income in 1951 will be made for purposes of comparison with the earlier one and to discover present trends in income as related to Mennonite giving. The second major project is the Mennonite Outreach Study, involving research on Mennonite missions and evangelism.

> "Christmas . . . . We had a nice dinner with a two-pound duck and three chickens weighing one pound each when dressed. Believe it or not, they were full-grown chickens . . . . There were forty of us, including fourteen children . . . . After this next June my address will be Mission a Yaloke, Bossembele via Bangui, French Equatorial Africa. We are moving there with the children's school . . . graduation of the Bible School—There were twenty-two of the best-looking men you ever saw, with clothes clean and pressed and shoes or feet shining. We need to remember these men in their village work. They are meeting opposition from Jehovah's Witnesses, Seventh-Day Adventists, and Communists. We are thankful the Lord will keep His own."

ALUMNI REUNION TO BE HELD IN ALUMNI MEMORIAL DINING ROOM MAY 31

Leland Bachman 38, Chairman of the Building Committee, stated during the latter part of April that the Alumni Memorial Dining Hall will be ready for the annual banquet. The quarry tile floor is laid, the plastering completed.

During the third week of April the plumbers under the direction of Ernest E. Frey x35, of Pettisville, Ohio, were installing the last of the radiators in the dining hall. The acoustical tile on the ceiling will be completed by May 15 as well as the lining of the walls in the lobby of Westlawn. The men's cloakroom also will be completed soon after that date.

After the acoustical tile is in place on the ceiling of the dining hall, the electric light fixtures can be installed. All that will then remain is the painting and decorating. The doors that are to separate two smaller dining rooms at the north end of the Alumni Memorial Dining Hall will not be installed until later.

Westlawn, the new residence hall for women, however, will be far from completed by Commencement. Even the rooms occupied during the current year by ninety-three young women are not finished. These rooms lack asphalt tile on the floors and doors on the wardrobes. In fact, not all the wardrobes are finished.

In the west wing most of the plastering is finished and some of the concrete floors are laid. But much work remains to be done to make them ready for occupancy. On the first floor where kitchen, cafeteria, storerooms, and walk-in refrigerator are to be installed, huge piles of building materials—concrete blocks, vitrified tile blocks, quarry tile, sand, and gravel—indicate that these areas are far from finished. The hoods above the stoves and serving tables are installed but these only emphasize the unfinished condition of the entire area.

The elevator leading to the basement has not been delivered. The basement itself is not finished, although the hot water boiler and the incinerator are in use.

The Building Committee has set no date for the completion of Westlawn. That date will be determined by the receipt of donations to complete construction of the building.

NOTED PASTOR AND TEACHER TO DELIVER COMMENCEMENT ADDRESS

The speaker for the annual Commencement on Monday, June 2, will be the Reverend Paul F. Barackman, Professor of English Bible and Preaching at Biblical Seminary in New York. For nineteen years he had been pastor of the Bedford Central Presbyterian Church in Brooklyn.

Dr. Barackman has the A.B. degree from Allegheny College, Meadville, Pennsylvania, M.A. from Columbia University, and Th.D. from the Biblical Seminary. For the last twenty-five years, in addition to his pastorate and teaching, he has been speaker at conferences at Ocean Grove; Central Oak Heights, Pennsylvania; Montreat, North Carolina; and Waldheim Park, Pennsylvania. He has conducted preaching missions in Lynchburg, Virginia; Washington, D.C.; Williamsport, Pennsylvania, and various other places. He also has been a contributor to such magazines as "Interpretation."

ORDINATIONS

Mervin J. Hostetler 51, of rural route four, Johnstown, Pennsylvania, was ordained to the office of deacon at the Weaver Church near Johnstown on March 23. Aldus Wingard was in charge and A. J. Metzler, of Scottdale, preached the ordination sermon. James Saylor and Harry Blough assisted in the service. Mrs. Hostetler is the former Alma Fern Yoder 45.

Glen E. Musselman 51, who is completing his work for the Th.B. degree at Goshen College Biblical Seminary in June, was ordained to the ministry at the Bethel Church at Mummasburg, Pennsylvania, on March 2 for service at Bethel. The ordination was in charge of Bishop O. N. Johns x07, of Louisville, Ohio, assisted by Bishops Paul R. Miller, of Walnut Creek, and Reuben Hofstetter w42, of the Kidron Church in Wayne County.

INSTALLED AS PASTOR

On March 30, in an impressive service, Peter Wiebe 49, formerly of Manitoba, Canada, was officially given charge as pastor after the resignation of Ralph R. Smucker 28 as pastor of the Yellow Creek Mennonite Church was accepted. This action was the direct result of a conviction that Mr. Smucker had been voicing previously. He felt that a group such as Yellow Creek with its large number of children, active young people, and older folks need a younger man as minister and pastor.

Smucker continues, at his request, as an ordained member worshiping at Yellow Creek, but not as an associate pastor. He voiced appreciation that the congregation accepted and acted upon his personal request, unsolicited by any group or individual, that a younger man be ordained to serve as minister and, in due course of time, as pastor. Peter Wiebe was ordained last October at Yellow Creek and has been serving as assistant to the pastor.

GOSHEN SENIORS LINING UP FOR GRADUATE WORK

Members of the class of 1952 are completing plans for graduate work and professional study. LaMarr Kopp 52, of Ephrata, Pennsylvania, has been granted the Carl Schlenker Fellowship in German at the University of Minnesota. The department has one fellowship each year.

John Smoker, of New Paris; George Mark, of Naubinway, Michigan; and Ronald Graber, of Elkhart, have been accepted by Northwestern Medical School. Several times during the past few years Northwestern Medical has accepted two members of the senior class, but this is the first year in which three Goshen men from one class have been accepted by that institution.

Henry Harnish, of Lancaster, Pennsylvania, and Herbert Wenger, of Telford, Pennsylvania, have been accepted by Hahnemann Medical of Philadelphia. William Heiser, of Fisher, Illinois, has been accepted by Indiana University Medical.

I.U. GRANTS JACOBS COVETED FELLOWSHIP

Merle Jacobs 48, graduate student in the Department of Zoology at Indiana University, has been granted the Eigenmann Fellowship carrying a stipend of $1200 per year. This in spite of the fact that Jacobs is an avowed naturalist and the department is interested in specialization in experimental work, especially in the fields of endocrinology or genetics and in experimental embryology. The Eigenmann Fellowship is the only honorary fellowship that the department offers. The head of the department gives Jacobs all the supplies that he needs, even including film for photographing dragonflies, a field in which he has done considerable independent research.

OPENS OFFICE FOR DENTAL PRACTICE

Stanley E. Moyer, D.D.S., x46 opened his office for the practice of dentistry in the Connor Building at 113 North Ball Street, Owosso, Michigan, on September 10, 1951. At the end of the first six months he already was being kept very busy. Dr. and Mrs. Moyer live at 518 North Adams Street.

CALIFORNIA-ARIZONA ALUMNI REUNION

By John David Zehr 48

The second annual meeting of the California-Arizona alumni group was held in the Dogwood Room of the Hotel Hayward in Los Angeles on Saturday evening, February 23. Twenty-nine alumni from the southern California area assembled for the dinner and after-dinner program. After a delicious Swiss steak dinner, the chairman of the evening, John David Zehr 48, pastor of the Calvary Mennonite Church in Los Angeles, called the meeting to order for the program.

Dean Carl Kreider 36, who was scheduled to sail from the Los Angeles harbor for Japan the next day, served as guest speaker and representative for the College. His very interesting and informative address centered around the alert educational methods in which Goshen College has pioneered and is still pioneering. The group was happy to have Dr. Kreider present for the banquet and for the after-dinner program.

The musical numbers rendered during the course of the program included a vocal duet by Ernest Hostetler x53, now in MCC Voluntary Service at Coalinga, and Ellen Jost 50, teaching school at Selma. John Horst 50 favored the group with a piano solo and Ernest Hostetler sang a solo. John Leatherman 40, of Upland, conducted a devotional period consisting of Scripture reading and prayer.

The secretary, Ellen Jost, read excerpts from a number of letters and cards received in response to the invitations. These were greetings from alumni who could not but wished to be present and expressed an interest in the reunion. In the business session following the program, the group decided to hold another alumni dinner next year. Hersey Bumstead 48 was elected chairman for next year and John Horst 50, secretary. The meeting closed with singing of the Alma Mater as the group parted, looking forward to another such dinner in 1953.

THUT CONCERT PLEASES LARGE AUDIENCE

John Thut 23, tenor, professor of voice at Augsburg College, Minneapolis, Minnesota, pleased an audience of 600 in the Union Auditorium with a special benefit concert on Friday evening, March 7. Professor Thut was in excellent voice and rendered a program of recitatives and arias from operas and oratorios and several groups of art songs. The audience was especially delighted with several encores. He was accompanied at the piano by Mrs. Thut.

During their stay in Goshen Mr. and Mrs. Thut were entertained in the home of their friends, Professor and Mrs. Art Sprunger 22 (Cordelia Riesen 21). After the expenses connected with the concert were paid, the receipts made a very sizable donation to the College Building Fund.

TO FEATURE ANABAPTIST MARTYRS

A recent press release by the editors of the **Mennonite Encyclopedia** states that the forthcoming four-volume **Mennonite Encyclopedia** now being published by a committee representing the major Mennonite groups of America will present short biographies of more than two thousand Anabaptist-Mennonite martyrs. Among the 2000 martyrs are those of Dutch, German, Swiss, Austrian, and Moravian backgrounds, thus representing the three major wings of the Anabaptist movement—the Swiss, Dutch, and Hutterite. A thorough combing of the **Martyrs' Mirror** and all other Dutch and Flemish sources by N. van der Zijpp, Rotterdam, Holland, the Dutch assistant editor of the **Mennonite Encyclopedia,** has produced a long list of martyrs not previously named in the **Mennonitisches Lexikon.**

FORENSICS

At the annual contest of the Indiana Peace Speech Association held at Notre Dame University, Goshen College students won $75 of the $200 in prizes, the annual gift of Amos W. Geigley 13, of Fairfield, Pennsylvania. Paul Verghese 52, of Tripunittura, India, won first place in Men's Extempore Speaking; Beth Centz 52, of Berne, tied for first place in Women's Oratory and was given half of the combined first and second prizes in that contest. Patricia Lerch, of Wooster, Ohio, won second place in Women's Extempore Speaking and Frederich Krause 53, formerly of Germany, was awarded second place in the Men's Oratorical.

Professor Roy Umble 35 and Assistant Professor Elaine Sommers 47 represented Goshen College on the judging panels. The $200 in prizes are divided equally among the four contests. Each student winning first place receives a prize of $25, second place, $15, and third, $10.

During the contest, the orations and the extempore speeches are recorded on a tape recorder. The recordings and manuscripts of the first- and second-place winners are used in selecting the national winners.

Debaters Also Successful

Goshen College debaters climaxed a successful season by winning first place in the third annual Heidelberg College cross-examination debate tournament at Tiffin, Ohio. Goshen won first place with six wins and no losses. Ohio State, Wayne University, and Ohio Wesleyan tied for second place with four wins and two losses each.

The Goshen affirmative—Richard Graber 55, of Goshen, and Robert Hershberger 53, of Washington,

D.C.—defeated the negative teams representing Heidelberg, Pittsburgh, and Wayne. The negative—Harold Schultz 53, of Guelph, Ontario, and John P. Oyer 53, of St. Johns, Michigan—defeated Ohio Wesleyan, Carnegie Tech, and Case School of Applied Science.

Professor Roy Umble accompanied the debaters to Heidelberg and served as one of the judges.

FRESHMAN MEN'S SEVENTEENTH ANNUAL PEACE ORATORICAL CONTEST

Freshman men showed lively interest in the peace contest sponsored annually by the Aurora Literary Society held April 18. Tom Diener, of Goshen, valedictorian at Jefferson High last year, won first place speaking on "Peace Is Just Around the Corner." He pointed out many encouraging signs to indicate that nations are ready to give up war as a means of settling differences and are prepared to plan for peace. In closing, he urged the importance of individual commitment to the peace program.

Richard Graber, of Goshen, won second place with a plea for political, social, and economical equality among the peoples of the world through strengthening of the United Nations and supplying economic aid to backward areas. His subject was, "Must We Have Two Cities?"

Wilfred Meyer, Sterling, Ohio, speaking on the subject, "How Firm Our Foundation," argued that nations, races, and even churches merely pay lip service to peace and urged an earnest united effort among all groups in the peaceful settlement of difficulties in accordance with Christian principles.

Other speakers and their subjects were Ray Keim, of Kokomo, "Our Good-will Reservoir"; Gaylord Snyder, of Ashley, Michigan, "America's Position in Peace"; and Delvin Nussbaum, of Apple Creek, Ohio, "The Age of Fear."

Chairman was David E. Yoder 54, president of the Aurora Literary Society and winner of this contest in April last year. Judges were Paul Bender, J. Howard Kauffman, and Norman Kraus. The decision of the judges was nearly unanimous and agreed with audience decision.

Frank S. Ebersole, of the Class of 1901, annually awards a ten-dollar prize to the winner of first place in the contest. Second- and third-place prizes of six dollars and four dollars are the gift of two other members of the Class of 1901.

Her principal work during the school year is teaching Bible to grade-school children by means of flannelgraphs and other devices. Emphasis is on memorization of Scripture verses. In the April issue of "Go Ye," the official publication of the mission, Miss Norr writes:

> "In thinking over last month I must say that the School House Scripture Memory Work classes have been a special blessing to me. We have had the lesson on the death of our Lord. Standing in front of the boys and girls, yes, and teachers, we find that many of them do love the Lord. A teacher in one of the schools said, 'You don't know how much we appreciate your coming, and just think, this will be all the Bible these children will receive until you return.'
>
> "In saying farewell to our schools yesterday a little boy in one of the schools said, 'This is the best fun we have in school.' The older boys, as they carried our supplies to the car, said, 'Be sure to come back.' These words mean much to us because their teacher avoided hearing the lessons this winter. He doesn't think Jesus is any more than Mohammed. So even if these children didn't memorize verses we know the Bible lessons were worth while for the children.
>
> "Another school, to show their appreciation, gave us a fruit shower.
>
> "But what means the most to us is that there is a greater interest in more of the schools to hide the Word of God in their hearts this year."

THE ALUMNI NEWS-LETTER

Vol. XLVI July, 1952 No. 9

COMMENCEMENT SEASON 1952

The events of the 1952 commencement season followed the traditional pattern except that the alumni reunion was held in the new Alumni Memorial Dining Room on Saturday evening, May 31. The new dining room furnishes ample space for this annual event, but the dietitian and her assistants were seriously handicapped this year by having to serve from the old kitchen in Kulp Hall. A record-breaking number of alumni were present for the reunion, 534, nearly 200 more than last year. Since many alumni had failed to send in reservations, this was about 75 more than the committee had arranged to seat in the new quarters.

Following the practice established last year, the senior class presented their program on Monday afternoon of commencement day instead of the preceding Friday evening as had been the custom for many years.

Large Seminary Class

The Seminary class program again was held on Friday evening. As shown by the class roll printed on another page, this was the largest graduating class in the history of the Goshen College Biblical Seminary. Class officers were—president, Gideon Yoder; vice-president, H. James Martin; and secretary-treasurer, Harvey Snyder 51.

The class presented the following program in Assembly Hall on Friday evening, May 30:

Paul Swarr

The class gift was a sum of money to be devoted to some special project in the new Seminary building to be constructed during the coming year.

Friday of the commencement week end, observed traditionally as College Class Day, gave opportunity for the final class outings of the year. The seniors picnicked at Lake Webster where the class spent Class Day last year. The juniors, who visited Dunes State Park last year, spent the day at Washington Park near Michigan City. The sophomores were so well satisfied with their choice of Pokagon State Park near Angola last year that they spent Class Day this year at the same place. The freshmen chose to pick up the annual Class Day sunburn at Camp Mack near Milford.

Alumni Day

Saturday, Alumni Day, as already mentioned, brought more than the usual number of alumni to the campus. Several of the five- and ten-year class reunions attracted an unusual number of participants.

Reunion of Class of 1947

By Elaine Sommers

Twelve members of the class of 1947, plus husbands, wives, and families, held a reunion at Fliederhof from 4:00 to 5:30 p.m. before the Alumni Banquet. The oldest junior '47er present was Janet Lucille Swartzendruber, daughter of Harold and Lucille (Graber) Swartzendruber. The youngest was Judy Elaine Zimmerman, daughter of Lester and Erma Zimmerman. Three returned missionaries from China were present—Ruth Bean and Eugene and Luella (Gingerich) Blosser. With the remainder of the class gift fund the class decided to buy equipment for playing records over the tower speaker of the Union Building. The Class of 1947 has contributed more faculty members to the present faculty than has any other class. They are Mabel Brunk, Irene Hershberger, Howard Kauffman, Mary Kathryn Nafziger, Elaine Sommers, and Lester Zimmerman.

Reunion of Class of 1942

By Genevieve Warner Lehman

The Class of 1942 met in the College Cabin on Alumni Day to celebrate the tenth anniversary of its graduation. The members of the class who live near Goshen had arranged a chicken barbecue for the noon hour with David Yoder in charge of the pit.

In the afternoon Milton Brunk called the class to order for a business session. Officers were elected to supervise the publication of an annual class letter and to arrange for a reunion in 1957. Milton Brunk was re-elected president and Genevieve Warner Lehman and Harold Oyer were named vice-president and treasurer respectively.

The class voted unanimously to make an anniversary gift to the college of $1,000 toward the establishment and furnishing of a faculty lounge. Sixteen members of the class were present for at least part of the day.

Those from out of the state were Mr. and Mrs. Clarence Burck, Monmouth, Oregon; S. Reunion of the Class of 1937

By Harriet Lapp Burkholder

On the occasion of the fifteenth-year reunion of our class, twenty-nine adults enjoyed a luncheon meeting at Hotel Goshen. The group met at the Eighth Street home of Mr. and Mrs. Harold Schrock (Thelma Hostetler) before proceeding to the hotel. The luncheon was tasty and the iris and wild cherry centerpiece attractive.

But the best part of the reunion was the opportunity to see former college friends after such a long period. Some of the group had attended the ten-year reunion. But for many of us this was the first reunion since graduation. Needless to say, most of us had made very definite changes—but not to the point where we did not recognize each other.

Those who attended the reunion were: Mr. and Mrs. Francis Troyer, Mr. and Mrs. Vernon Miller, Mr. Dwight Yoder, Mr. and Mrs. Ronald Beach, Mr. and Mrs. Walter Harms, Mr. and Mrs. Harold Meyer, Mrs. Verna Yoder Weaver, Mrs. Muriel Barnard Bickel, Mrs. Martha Plank Zarske, Miss Esther Widmer, Mr. and Mrs. Gordon Leichty, Rev. and Mrs. Timothy Brenneman, Mr. and Mrs. Milton Slagel, Dr. and Mrs. James Brenneman.

The committee on arrangements was Mr. and Mrs. Harold Schrock, Dr. and Mrs. C. Richard Yoder, Mr. and Mrs. J. Lawrence Burkholder. All of the committee members were in attendance.

Following the luncheon, Dr. C. Richard Yoder presided as master of ceremonies over an informal program. Dr. Yoder called on each member of the class to review in brief his activities of the past fifteen years. This included introductions of husbands and wives, descriptions of children, and general accounts of occupations. In brief, the occupations of members present were two teachers, two businessmen, the wife of a businessman, four wives of men engaged in agricultural pursuits, a minister and missionary, a wife of a teacher, a chemist, a nurse, and two physicians.

We were so pleased with this occasion that the group enthusiastically voted to have a reunion every five years. We are already looking forward to a bigger and better twenty-year reunion.

Class of 1927

C. P. Martin's earnest efforts to promote a quarter-century reunion of the 1927 class resulted in a better than 75 per cent response, although ten of the members could not be present in person but wrote letters. The following, in addition to Mr. Martin, were present at a reunion held at the College Cabin from 3:00 to 5:30 on Saturday: John G. Habecker, teacher, Washington Boro, Pennsylvania; Lulu Smith, MCC, Akron, Pennsylvania; Mrs. William Gehman (Dora Shantz), Elkhart; Mrs. Edward Shellenberger (Mattie Marie Miller), Bryan, Ohio; and Mr. and Mrs. W. T. Stalter (Florence Hawks 28), of Goshen.

Those who wrote letters were Rev. Charles Fricke, pastor and teacher of Stamford, Connecticut; Hubert Miller, high-school teacher in South Bend; Professor Wallace Miller, of Normal, Illinois; Mrs. Ruth (Yoder) Kortemeier, of Goshen, but spending the summer in Freeport, Illinois; Quintus Leatherman, of Souderton, Pennsylvania, under appointment as a missionary to London, England; Beulah Loucks, copy editor, of Scottdale, Pennsylvania; William H. Swartzendruber, teacher and bacteriologist, of Peoria, Illinois; Milton C. Vogt, of India; Lewis Weber, of Scottdale, Pennsylvania, one of the editors of **El Heraldo Evangelico;** Dr. Jonathan Yoder, of India; Professor and Mrs. Maurice A. Yoder (Elizabeth Gish), of Hesston, Kansas.

Class of 1922

Margaret (Anderson) Morse, of Chicago, was able to interest a number of the members of her class (1922) in a dinner reunion at a downtown inn. Among the members of the class present for the reunion or for one or more commencement events were: Mary Bartholomew, M.D., of Goshen; Mr. and Mrs. W. W. Miller (Mary Warye x24), Columbus, Ohio; Mr. and Mrs. Raymond J. Schertz (Florence Landis x19), of Metamora, Illinois; Mr. and Mrs. Howard C. Yoder (Ethel Good x24), of Wooster, Ohio; and Mr. and Mrs. Ray A. Yoder, of Orrville, Ohio.

The annual informal musicale was held in Assembly Hall at 1:30 p.m. in charge of Professor Walter E. Yoder 33. The program consisted of vocal and instrumental numbers by the music majors.

Professor Roman Gingerich 41 was in charge of athletic events at 3:00 p.m. Although the alumni team was reinforced by seniors from the College, the varsity held the youngsters to a 3-2 score. Claude Swartzendruber x52 again did the pitching for the alumni.

At 6:00 p.m. alumni and friends met on the front campus and in the lobby of Westlawn for the annual reunion. Glenn Esh, representing the class of 1942 celebrating the tenth anniversary of their graduation from Goshen College, presided as toastmaster in his well-known dignified manner. Miss Phyllis Roose 46, College dietitian, overcoming the inconveniences of serving the supper from the old kitchen in Kulp Hall, surprised the diners with a well-proportioned meal that began with fruit punch and ended with blueberry pie a la mode.

Dr. Carl M. Hostetler 33 presided over the brief business meeting which included the following items:

a. Report of the secretary—Leland Bachman 38
b. Introduction of the class of 1952—Dr. Glen R. Miller, sponsor
c. Induction of the class of 1952
d. Response—Sam Stover 52

The following were elected to membership on the Board of Directors for the period May 31, 1952, to June 1, 1955: J. Forrest Kanagy 30, of Biglerville, Pennsylvania; Don Kreider 38, of Wadsworth, Ohio; Dr. Carl M. Hostetler 33, of Goshen; Dr. C. Richard Yoder 37, of Elkhart; and Lyle Yost 37, of Hesston, Kansas. The sixth member, nominated by the class of 1952, is Carol Hostetler, of West Liberty, Ohio.

The secretary announced that the Board of Directors had elected the following officers to serve for the year 1952-53:

President: Dr. Carl M. Hostetler 33, Goshen
Vice-President: Levi C. Hartzler 35, Elkhart
Secretary: L. A. Bachman 38, Goshen
Treasurer: Olive G. Wyse 26, Goshen
Fifth Member: Dr. C. Richard Yoder 37, Elkhart

The other officers elected by the Alumni Association are the alumni representatives on the Mennonite Board of Education. These serve for a term of four years. J. Forrest Kanagy of Biglerville, Pennsylvania, whose term expires in 1952, was re-elected to serve until 1956. Don Kreider of Wadsworth, Ohio, was elected in 1951 for a term expiring in 1955.

Immediately after the introduction of Glenn Esh 42 as toastmaster, exercises continued with the following program:

Toast "Half Century"	Mrs. W. B. Christophel 1902

Mrs. Paul Erb (Alta Mae Eby 12) was unable to be present but had prepared a paper which was read by her classmate Miss Anna Yoder, retired, for many years a teacher in the Goshen public schools.

Members present from the class of 1902 who graduated from the Elkhart Institute fifty years ago, in addition to Mrs. W. B. Christophel (Alta Kurtz), were Mrs. Jacob C. Landis (Fannie Coffman), of Elkhart; Mrs. R. J. Miller (Lydia Belle Stutzman), of Gary; and Mrs. Leona Cullar (Leona Umbenhour), of South Bend.

In spite of strenuous efforts to arrange a reunion of the class of 1912, few members of the forty-year class were present. Of the college graduates, only Anna Yoder, of Goshen, and Dr. Jacob Rupp of the

Obesity and Heart Clinic in Detroit were present. This was Dr. Rupp's first return for an alumni reunion since his graduation. Of the 1912 academy graduates, Mrs. J. J. Smoker (Mary Landis), of Goshen; Mrs. D. S. Gerig (Ruth Landis), of Goshen, and Mrs. Edwin Amstutz (Zilla R. Soldner), of Bluffton, Ohio, were present.

President Miller made several important announcements to alumni in his annual address on "Progress of the College." He stated that plans for the 1953 commencement include the dedication of a new Seminary building to be erected on a site in the vicinity of the College not yet chosen. Friends of the College have donated about $85,000 for the erection of this building.

Since 1953 marks the fiftieth anniversary of the moving of the Elkhart Institute from Elkhart to Goshen, President Miller announced that a suitable celebration is being planned to commemorate that event. One part of this celebration is to be the writing and publication of a history of Goshen College. He expressed the hope that this work might be completed within the year.

He also stated that 9,679 students had matriculated in the Elkhart Institute and Goshen College. Of these, 2,103 have graduated and 7,576 are nongraduates. Figures for Goshen College alone are: matriculates 8,471; graduates 1,976; nongraduates 6,495. Of the Elkhart Institute graduates, 49 men are living and 42 women. Of the Goshen College graduates, 957 men are living and 941 women. Of the nongraduates of the Elkhart Institute, 405 men are living and 394 women. Of the nongraduates of Goshen College, 2,716 men are living and 3,473 women.

Dedication of Alumni Memorial Dining Room

Following the regular program of toasts and music, the toastmaster returned the gavel to Dr. Carl M. Hostetler who served as chairman of the following program:

Miss Viola M. Good 39 had prepared the plaque for unveiling by covering it with two Goshen College banners. When Dr. Hostetler and an assistant drew the banners aside, they revealed a beautiful bronze plaque over the south entrance of the dining room "1952 Alumni Memorial Dining Room 1952."

Following the unveiling of the plaque by Dr. Hostetler, J. Forrest Kanagy, secretary of the Mennonite Board of Education, led in the following Scripture reading:

Leader:	Bless Jehovah, all ye his works. In all places of his dominion: Bless Jehovah, O my soul.

President Ernest E. Miller then conducted the following Service of Dedication:

Response:	We dedicate this Dining Room.
Leader:	To Almighty God, our beneficent heavenly Father, for whose praise and service Goshen College was founded and is being perpetuated
Response:	We dedicate ourselves in humble acknowledgment of His goodness and mercy.

Sunday Services

Two prominent members of the graduating class of 1925 had a place on the Sunday, June 1, programs. Bishop Joseph D. Graber, of Elkhart, secretary of the Mennonite Board of Missions and Charities, preached the sermon in the morning worship service in the Union Auditorium to a large congregation. Nelson Litwiller, missionary on furlough from Buenos Aires, Argentina, preached the Baccalaureate sermon in the evening at 8:00. J. Howard Kauffman 48, superintendent of the Sunday school of the College congregation, called on J. Forrest Kanagy 30 to conduct the opening worship period in the Sunday school at 10:45.

The three College choruses—the Motet Singers directed by Professor Mary Oyer 45, the Collegiate Chorus directed by Professor Walter E. Yoder 33, and the A Cappella Chorus directed by Professor B. Frank Hartzler 29—participated in the chorus program in the Union Auditorium on Sunday afternoon at 3:00. After each of the three choruses had sung a group of numbers, the combined choruses under the direction of Professor Mary Oyer sang the "Magnificat" by Johann Sebastian Bach. The entire program was highly appreciated by the many alumni and friends. A capacity audience filled the auditorium. The personnel of the combined choruses numbered 30 sopranos, 34 altos, 23 tenors, and 30 basses.

The program follows:

SO LONG!—IT'S BEEN GOOD TO KNOW YOU!

For more than a year it has been generally known on the Goshen College campus that the editor of the ALUMNI NEWS-LETTER of the Alumni Association of Goshen College was due for retirement at the end of the 1951-52 school year. That time has arrived. This is the present editor's last NEWS-LETTER.

His first issue was dated July, 1930. These have been interesting years—toilsome years, yes, because the duties of the Secretary of the Alumni Association and of the Editor of the ALUMNI NEWS-LETTER were strictly extracurricular in the early days. But these have been good years, rich in fellowship, in appreciation, and in co-operation. It has been a joy to serve Goshen College and her alumni.

It gives one an odd feeling to come to the end of a road—to say, this is it!—But there is unalloyed joy in knowing that the road has been an upward one and that younger feet will carry on from here into a larger, broader program.

And it is good to know that there still is work to do. President Miller has a way of discovering talents and abilities and of directing them into useful channels. So now. But let someone else tell about that.

Now the editor, as Editor, says—"Good-by; God bless you all. Many, many thanks for your thoughtfulness, your patience, your many words of appreciation."

Please be kind to my successor.

COMBINED CHORUSES

At 4:30, following the chorus program, President and Mrs. Ernest E. Miller 17 (Ruth Blosser 17) gave the president's annual tea for graduates and their parents on the beautiful lawn at the president's lovely residence on South Eighth Street. Over 200 guests were present. Since the class colors were blue and silver and the class flower the carnation, the table was decorated with white carnations and blue iris and the napkins were blue with silver printing. Underclass women poured and assisted in serving.

The title chosen by Bishop Nelson Litwiller for the Baccalaureate sermon was "New Strength for a New Age" based on Isaiah 40:31: "But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint." Waiting upon the Lord, Bishop Litwiller stated, gives power, perspective, and peace. "The men and women whose example you and I wish to emulate," he said in closing, "had learned the secret of waiting upon the Lord. . . . A man's life is not measured by the years he lives but rather by his influence and usefulness." On Sunday evening again the auditorium was packed.

Monday, June 2

The general program of commencement events had announced a meeting in Aurora Hall on Monday morning at 9:00 of Goshen College alumni now attending graduate school. This meeting turned out to be of considerable importance. Dr. Melvin Gingerich 26, professor of history, was chairman. Faculty members, graduate students, and seniors spent one hour and twenty minutes in a discussion of problems encountered in universities by Goshen College graduates. Schools represented included Princeton, Ohio, Iowa, Purdue, Western Reserve, Wisconsin, Minnesota, Boston University, and others.

The first problem considered was establishing Mennonite fellowship groups in the chief university centers. In the Minneapolis area, for example, seventy-five Mennonite students are in residence. Many of these are undergraduates pursuing specialized and professional courses. The group felt that they even more than graduate students who have had four years in a Mennonite college need help. The group asked whether the Association of Mennonite Colleges might prepare a directory of Mennonite students in such centers. Those present felt that representatives from Mennonite colleges should meet with such groups. It was agreed that Mennonite students are apt to drift when it comes to the matter of selecting a church for steady Sunday attendance.

Some members of the group felt that Goshen College does not prepare its graduates for meeting the philosophies prevalent on a university campus. Many Goshen College students simply are not aware of the currents of popular thought and are unprepared to meet them. The group recommended that there should be a required course dealing with world currents of thought, comparative religions, and the theological and philosophical answers. The group felt that Goshen College faculty members have a tendency to set up straw men in order to knock them down with one easy blow. Competing philosophies should be studied more seriously.

The group felt that discussions of the type conducted in this meeting could be well repeated and that Goshen College can afford to take the leadership in serving its graduates by such meetings and other field contacts.

The Final Chapel Service,

always a high point of the commencement season, was held in Assembly Hall at 10:45 on Monday morning. Following is the program:

Theme: "Blessings Goshen College Has Brought to Me"
Chairman: Russel Liechty 53
Chorister: Pauline Graybill 53

Hymn by congregation	Pauline Graybill
Devotion and prayer	Russel Liechty
Special music	Conquerors Quartet (Robert Lantz 54, Earl Sommers 55, Merle Sommers 55, and Hobart Yoder, 54)
Five-minute talks on theme: 1. Paul Verghese (foreign student) 2. Donna Barkey (freshman) 3. Gideon Yoder (Seminary)	
Open testimony period	led by Russel Liechty
Special Music	Conquerors Quartet
Closing remarks and prayer	President Miller

It was heartening to hear the testimonies of present and former students as they enumerated the benefits that their years at Goshen College had brought to them and others.

Like the supper at the Alumni Reunion, the College Luncheon on Monday noon fairly swamped Miss Phyllis Roose, dietitian, and her efficient corps of kitchen helpers, but by serving two lines simultaneously, they provided the 389 luncheon guests with food in record time. College students reported that, in spite of the large number of guests, the meal was served with its usual dispatch.

Senior Class Program

Because the senior class now presents its program at 2:30 on Monday instead of on Friday evening, the traditional College Luncheon Program is omitted.

At 2:30 the senior class formed a procession in the College Union and marched around the front of the Administration Building to the area between that building and Science Hall to present the outdoor features of the program:

Invocation	S. C. Yoder
Presentation of Gift	John Smoker
Response	President Miller
Passing the Emblems	Samuel Stover
Receiving the Emblems	Paul Roth
Planting the Ivy	Barbara Riffe

As their senior gift the class presented over $1400 to the College to surface the tennis courts on the south campus with asphalt.

At the conclusion of these traditional events the class accompanied by the members of the junior class returned in procession to the College Lounge. After the audience was seated, the classes marched down the middle aisle, the seniors taking their places on the platform.

The following program was then presented:

Processional	Margaret Kauffman

The Fifty-Fourth Annual Commencement Program was held in the Union Auditorium at 8:00 p.m., June 2. The program follows:

I. Invocation	S. C. Yoder, President Emeritus Goshen College
II. Hymn No. 11	Hagerstown
III. Give Heed, Lord, to My Crying	Mendelssohn
Plants, Stars and Airs of Space	Bach
A Cappella Chorus	
IV. Commencement Address	Dr. Paul F. Barackman Professor of English Bible and Preaching Biblical Seminary, New York City, N.Y.
V. Ave Verum Corpus	Byrd
Our Father	Gretchaninoff
A Cappella Chorus	
VI. Conferring of Degrees	President Ernest E. Miller
Candidates presented by: Karl Massanari, Acting Dean Professor Paul Mininger	
VII. Hymn No. 441	O Master, Let Me Walk with Thee
VIII. Benediction	President Ernest E. Miller

In his address on the subject, "Now That We Are Men," Dr. Barackman cautioned the graduates that it is a tragedy for anyone to be grown up in body and mind but not in spirit. "Our world," he stated, "is suffering from adolescent attitudes that show a dwarfed spirit. . . . The person who has not acquired the qualities of spirit that make him a worthy member of society is merely filling space. When he dies, he will continue to fill space but only about two feet wide, six feet long several feet underground. But if he buries himself in the lives of others, he will leave a vacancy when he leaves this earthly existence." Dr. Barackman then pointed out several qualities of the "mature man." He will be unselfish. He will accept the responsibilities of life. He will be willing to grow. This means putting oneself in the right environment and keeping the right company. "To assure proper spiritual growth, one must associate with Jesus Christ."

In the absence of Dr. Harold S. Bender, dean of the Goshen College Biblical Seminary, Professor Paul Mininger 34 presented the Seminary graduates. After he had conferred the degrees on the candidates, President Miller gave some interesting statistics about the class. One hundred and seventy-six different students including January, June, and August, 1952, graduates received 181 degrees, five students receiving two degrees. The class consists of 92 men and 84 women. In addition to those receiving degrees, 17 students received certificates for completing a one-year secretarial course, one a certificate for completing a Christian workers' course, and one foreign student a Certificate of American Studies.

Many States Represented

President Miller announced that the class represents 19 different states of the United States, Puerto Rico, three Canadian provinces—Manitoba, Ontario, and Saskatchewan—as well as France, India, and the Netherlands. Among the graduates are three married couples, both husband and wife receiving a degree. Fifty-five of the graduates are married. The class includes 14 graduates whose fathers are ministers.

President Miller made special mention of Mrs. Nedra J. Dudley of Rolling Prairie, Indiana, who came to Goshen College as a transfer student and completed the requirements for a degree at this institution by attending three summer sessions. She commuted daily from her home to the college, a distance of 43 miles one way. She has calculated that she traveled a total of 15,450 miles to attend classes in order to complete requirements for the degree.

Speaking of the future plans of the graduates, President Miller announced that six have been accepted in medical school. Eighteen plan to continue their academic work, some in Goshen College Liberal Arts or Goshen College Biblical Seminary and others in various graduate schools. Three will be pastors of churches. Four of the graduates already have the R.N. degree and will continue their nursing careers. A large number are accepting teaching positions from Alaska to Texas. A number are entering mission work in various places—Mennonite Colored Mission in Chicago, Puerto Rico, Japan, Belgian Congo in Africa, India, and South America.

President Miller introduced Mr. Henry M. Eby from New Providence, Pennsylvania, three of whose

Ernest Edgar Miller, Ph.D., President and Professor of Education.

BETHEL COLLEGE CONFERS HONORARY DEGREE ON PRESIDENT MILLER

President Miller was called to North Newton, Kansas, to attend the annual commencement exercise of Bethel College on May 27. In consideration of President Miller's outstanding contribution to the educaional and religious work and activity of the Mennonite Church, Behel conferred on him the honorary degree of Doctor of Divinity. At that time the following citation was read:

"It is my pleasure to present for special recognition Ernest Edgar Miller, President of Goshen College. President Miller was born in Elkhart County, Indiana, September 16, 1893; he graduated from Goshen College in 1917 and has since then received training at the College of Missions in Indianapolis, at Biblical Seminary in New York, at New York University, and at the Princeton Theological Seminary, with the Master of Arts degree granted to him by New York University in 1929 and the Doctor of Philosophy degree granted to him by the same school in 1939.

"For sixteen years between 1921 and 1937 President Miller served as missionary to India. During this time he helped establish the Mennonite Mission High School and the Christian Academy at Dhamtari C.P., India, and successively served as principal of these two schools. He was also chairman of the Mid-India Christian Educational Council and a member of the Central Provinces Government High School Education Board.

"Immediately following the first World War, President Miller served as relief worker in Turkey, Syria, and Mesopotamia under the American Committee for Relief in the Near East and recently has been Area Commissioner of the Far East for the Mennonite Central Committee.

"Since 1940, he has been the president of Goshen College. Under his able leadership Goshen College became a member of the North Central Association of Colleges and Universities and rose to a place of prominence among Christian liberal arts colleges.

"In 1942, when the Federal Government tried to marshal all American educational institutions behind the war effort, President Miller helped in organizing, and served as the first president of, the Council of Mennonite and Affiliated Colleges, an organization which has brought our Mennonite colleges together in active co-operation, which has sponsored such significant projects as the Foreign Student Exchange Program and which, in general, represents a step toward a united Mennonite Church.

"Reviewing these and other aspects of President Miller's life, it is evident that he has contributed significantly to the cause of Christian Education both here and abroad, that he has made persistent and successful efforts at maintaining the uniqueness of our Mennonite tradition without sacrificing a perspective of world-wide service and responsibility, and that he has effectively promoted much-needed co-operation among the various branches of Mennonites. It is for these reasons, Mr. President, that the faculty and the board have seen fit to recommend President Miller for the honorary degree of Doctor of Divinity."

children are members of the 1952 graduating class. President Miller also asked the large number of parents present to rise. When he asked that the brothers and sisters of graduates join the group then standing, it seemed that one third of the audience arose. And thus in a spirit of friendliness and genial fellowship the fifty-fourth annual commencement season of Goshen College came to a close.

Graduates of 1952

Following is a list of the students who have completed or will complete their work for the various degrees during 1952. Degrees are granted only at commencement but are dated either at the end of the first semester, the second semester, or the summer session. All students who complete their work during the year participate in the commencement exercises, but only those who complete their work in January and June pass across the platform to receive their diplomas on commencement night.

The degrees, Associate in Arts and Associate in Arts in Bible, are granted for the completion of two years of required work in the College of Liberal Arts and in the Biblical Seminary respectively. The requirements for the degree, Bachelor of Religious Education (B.R.E.), can be completed in four years—two years of general education and two years of Bible and theology. Certain specific courses must be included. For the degree, Bachelor of Theology (Th.B.), the student completes two years of general education and three years of prescribed courses in Bible and philosophy.

The requirement for admission to the curriculum leading to the degree, Bachelor of Divinity (B.D.), is a four-year college course with a B.A. or B.S. degree or its equivalent. The graduation requirements can be completed by a three-year period of study in prescribed courses in the fields of Bible, church history, and theology, including nearly a year of electives approved by the dean of the Seminary. The Christian Workers' Certificate is granted on the completion of a one-year Christian workers' course consisting exclusively of Bible work.

The required courses for the Secretarial Certificate can be completed in one year by a high-school graduate provided the student has had certain prerequisite courses. The Certificate of American Studies is granted to students from abroad who have had twelve years of formal schooling and have a certain proficiency in the English language in addition to earning one year of credit at Goshen College.

MRS. OYER RETIRES

After many years of service as matron and housemother of Coffman Hall and North Hall, Mrs. Siddie Oyer, widow of the late Dean Noah Oyer, retired this spring. Her industry and patient motherliness have endeared her to many generations of boys who roomed in the dormitories under her care. She has a number of interesting plans for work and activity in the years to come, including gardening, housekeeping, making quilts, learning to type, and learning to play a recorder. At the annual faculty dinner in the College Lounge the "Mother of North Hall" was the recipient of several gifts.

CURRICULUM EXPANSION

Visitors to the campus always remark about the expansion of the plant as measured in the erection of new buildings and the improvement of the campus. Not everyone realizes that these external evidences of expansion are indicative of the growth of the College in other ways.

The faculty which consisted of a mere handful of partly trained individuals in 1930 now consists of sixty-one members, twenty-one of whom hold the Doctor's degree, twenty-five the Master's degree, and eight at least a year's work beyond the B.A. One feature frequently overlooked is the almost nonexistent turnover in members of the teaching staff. Most of the members of the faculty who now hold the rank of professor have been here from five to twenty-five years or more.

Another evidence of growth is the curriculum. Two new departments and a large number of new courses will be added next year. The Department of Library Science has been added to the Goshen College curriculum because of popular demand. Many Goshen graduates who go into the teaching field are expected or required to assume the duties of librarian. A ruling of the State Department of Public Instruction of Indiana required such teachers to have a major in library science. Heretofore these Goshen graduates have been forced to attend Ball State Teachers College or similar institutions offering such courses. A new course in this department, "Library Material," will be taught by James Clemens 35, librarian.

Goshen College is also accredited to give a physical education major. Two new courses have been added to that department. "History and Principles of Physical Education" will be taught by Assistant Professor Roman Gingerich 41, and "Minor Games and Sports," by Assistant Professor Edith Herr pt46.

SET NUMBER 99

Mr. and Mrs. Waldo ("Sam") T. Stalter 27 (Florence Hawks 29), of Goshen, have presented to the Goshen College Library an unusual and valuable gift—a set of the Founders' Edition of "Great Books of the Western World." Mr. and Mrs. Stalter are among the sponsors supporting the printing of the collection.

The edition, limited to five hundred sets of fifty-four volumes each, is printed by Encyclopedia Britannica, Inc., in collaboration with the University of Chicago at a cost of two hundred thousand dollars. Each of the five hundred sets bears the autograph of the editor-in-chief, Robert M. Hutchins, recently resigned as chancellor of the University of Chicago. The Goshen College set is number 99.

In time, the books cover the period from Homer's Iliad to Tolstoy, Dostoevski, and William James. The aim was to present significant works including those either inaccessible or prohibitively expensive. Contemporary authors are omitted because the editors felt that neither they nor anyone else could accurately judge the value of contemporary writings. The four hundred and forty-three works of the seventy-four authors included are complete. There are no excerpts.

The editors have omitted printing the Bible in this edition because they felt that every educated American already owns several copies. Reading cross references frequently refer to both the King James and Douay versions of the Bible.

The editors are interested not merely in printing the Founders' Edition but in actually having the books read. The first volume contains much material intended to interest the prospective reader in reading the books and in exciting his curiosity. This volume contains a complete history of the edition, the names of all the sponsors and the colleges, libraries, and other institutions to which sponsors have donated a set, a detailed table of contents, and a plan for completing the reading of the fifty-four volumes over a period of ten years.

The binding itself is interesting, intended to place books of the same general character in a similar category while at the same time printing them in chronological order. Volumes bound in yellow contain epic and dramatic poetry, satires, and so on; in blue, histories and works in ethics, economics, politics, and jurisprudence; in green, mathematics and the natural sciences; in red, philosophy and theology. The colors blend so well, however, that they make a beautiful appearance on their own particular shelf next to the Harvard Classics in the southwest corner of the reading room in the Goshen College library.

GRANTED THE PH.D. DEGREE

The Ohio State University Bureau of Public Relations recently announced that William E. Jennings 31 had received the degree, Doctor of Philosophy, at the spring quarter convocation on June 6. In fulfilling the requirements for the Ph.D. degree, Mr. Jennings studied in the field of educational administration. Mr. Jennings has been instructor in commerce in the University High School in Columbus. He and Mrs. Jennings are on a trip to the West Coast. When they return, Dr. Jennings will resume his service on the faculty of OSU.

GOSHEN COLLEG

Westlawn as Seen From the Northeast

WESTLAWN MOVING TOWARD COMPLETION

GIFTS TO FINISH CONSTRUCTION URGENTLY NEEDED

As we go to press in the middle of June, Leland Bachman 38, chairman of the Building Committee, states that a number of features in Westlawn, the new residence hall for women, need to be completed in order to get the building ready for full occupancy by fall. When it is completed, Westlawn will have a capacity of one hundred young women plus a room for the housekeeper and the apartment for the dean of women. The dining room is ready for use but will need some new furniture. It cannot be used until the new kitchen is equipped.

The first task will be to lay asphalt tile on the floors of all the rooms and halls and to finish the wardrobes in the rooms occupied during the last academic year. Plastering and finishing the eight rooms above the kitchen will provide room for sixteen young women.

In the kitchen area the floor lacks quarry tile. In this part of the building, refrigerator rooms are to be constructed and the refrigeration units installed. The elevator from the first floor of the kitchen to the basement has been delivered and is ready to be placed in position. The ventilating canopies over the cooking and baking areas are in place ready for the steam kettles and ovens to be delivered later. No plastering has been done in the kitchen and storeroom areas.

Much work also remains to be done on the outside of Westlawn. The sidewalk and canopy over the east entrance to the building has been completed. Workmen are placing the forms for the concrete canopy over the Main Street entrance to the lobby. On that side of the building and on the College Avenue side, sidewalks, drives and landscaping all need to be completed.

Mr. Bachman states that some of the materials to finish the building have been purchased but that money is needed to pay laborers to install them. A careful reading of the above will show alumni that the Building Committee could use $20,000 right now. In fact, now is the time when gifts are particularly needed and can be used to the best advantage. Full use of Westlawn is impossible until it is finished. Since the best time to finish it is between now and September 1, your gifts will be especially welcome right now. In view of the present urgent needs, perhaps some alumni may wish to send additional gifts during the next few weeks.

QUARTET ON TOUR

The Ambassadors Quartet—Dale Weldy 53, first tenor, of Wakarusa; Clyde Landes 53, second tenor, of Lansdale, Pennsylvania; Edward Stoltzfus 53, first bass, of Hudson, Ohio; and Donald Driver 51, second bass, of Hesston, Kansas—left for an eight-week (June 9-August 3) tour of Michigan, Minnesota, South Dakota, North Dakota, Manitoba, Saskatchewan, Alberta, Montana, Washington, Oregon, Idaho, Colorado, Kansas, Nebraska, Iowa, and Illinois.

Their repertoire consists of thirty-four hymns and Gospel songs and eight of the more useful spirituals. Some of the members of the quartet have been singing together for several years. Their program includes short talks on the Scriptures.

SUMMER SESSION 1952

The enrollment for the 1952 Summer Session is 204—158 women and 46 men. Indiana leads with 106 students. Ohio follows with 29, Pennsylvania with 18, and Michigan with 10. Illinois sent 8, Ontario 6, Missouri 5, Iowa 4, Nebraska and Kansas each 3, Colorado, Indonesia, Oregon, and Puerto Rico 2 each, and the following are represented by one student each: Manitoba, New Mexico, New York, and South Dakota.

Mennonites of all branches number 119. Methodists as usual are second (16), Evangelical United Brethren 9, Baptist 7, and Church of the Brethren 6. Although the numbers are not the same as last year, oddly enough this is the same order as last year. The remainder of the students are distributed among the following groups which contribute from one to five: Lutheran, Conservative Amish Mennonite, Presbyterian, Evangelical and Reformed, United Missionary, Catholic, Christian, Evangelical, Brethren in Christ, Undenominational, First Brethren, Christian Reformed, Evangelical Mennonite, Assembly of God, Bergthaler Mennonite, Disciples of Christ, Apostolic Christian, United Evangelical, United Zion, Jewish, and Protestant.

The Summer Session is serving a number of different groups of students. The largest number consists of teachers holding a permit and working toward a degree and permanent certification. A considerable number are regular college students completing the requirements for a degree in August or accelerating their program so as to begin their earning period earlier. Six are entering freshmen. All of the students in the Nursing School naturally continue their academic work right through the summer, although each one is allowed several weeks' vacation. Eight of the nursing students are absent from the campus on affiliation.

Registration for the two spring terms was 29—13 in the first and 16 in the second.

GRADUATES FROM MENNONITE BIBLICAL SEMINARY

On May 25, the Reverend Lloyd Gundy 49 received the B.D. degree at the Mennonite Biblical Seminary in Chicago. Mr. and Mrs. Gundy (Wilma Davis 49) are living at 805 Oxford, Pekin, Illinois, where they are continuing to serve the Bethel Mennonite Church.

ORDINATIONS

On May 22, Ezra Shenk 38 was ordained to the ministry for the Daytonville Mennonite Mission near Wellman, Iowa. The services were in charge of Bishop Perry J. Blosser cr11. Assisting in the services were Bishop D. J. Fisher w09 and J. N. Kaufman 17 and also Max Yoder, George Miller, and Edward Diener.

On June 29, at Milford, Nebraska, Donald Reber 52 was ordained to the Christian ministry by Dr. Sanford C. Yoder. In June Mr. and Mrs. Reber secured sailing on the SS "President Wilson" for July 9. They leave from San Francisco and are due to arrive in Yokohama on July 24.

Mr. and Mrs. Ellis Gerber 48 (Edna Buller 48) left Kidron, Ohio, on May 24 on a brief speaking tour of churches in Minnesota, Montana, and South Dakota. They are scheduled to sail June 15 for Belgium where they will spend a year in study in preparation for service in the Belgian Congo under the Congo Inland Mission. Prior to their return to Goshen College for graduate work last September, they were in charge of the Dillonvale Mission, an outpost of the Kidron Mennonite Church. On Wednesday evening, June 11, at the Evangelical Mennonite Brethren Church in Mountain Lake, Minnesota, Mr. and Mrs. Gerber were ordained for missionary service by Rev. H. H. Dyck, a member of the Executive Committee of the Congo Inland Mission. H. A. Driver 30, secretary of the C.I.M. Board, also was to speak at the service.

Virgil Brenneman, B.A. 51, Th.B. 52, was ordained to the Christian ministry on June 15 at the Iowa City Mission. Bishop D. J. Fisher w09 was the officiating minister. Mr. and Mrs. Brenneman (Helen Good pt48) have assumed charge of the Iowa City Mission as superintendent and matron.

Wilbur Hostetler 30, missionary in India, was ordained to the office of bishop at a special session of the India Mennonite Conference held at Dhamtari, April 2 and 3. Since Bishop and Mrs. E. I. Weaver 30 (Irene Lehman 32) left India on furlough this spring, Bishop Hostetler again will be the only resident bishop in the India Mennonite Conference.

At the annual conference of the United Missionary Church June 17-19 held at the church campgrounds west of Goshen, Paul Brenneman was one of five newly ordained ministers. He is serving the U.M. Church at Nappanee. Following his graduation from Goshen College with the B.A. degree in 1948, Rev. Brenneman spent a year in Bethel College at Mishawaka. During the past two years, in connection with his pastoral duties, he took part-time work in the Goshen College Biblical Seminary. Mrs. Brenneman is the former Betty Landaw, B.S. 41, who spent several years in the schoolroom prior to her marriage. She also was an instructor in Bethel College.

ALUMNI IN PUERTO RICO

A considerable number of Goshen College alumni are serving in various areas of the relief, reconstruction, and missionary work in Puerto Rico. An extremely interesting and informing running account of some of this work is printed in a monthly paper, **Rio La Plata**, edited by the La Plata Mennonite Project located in the beautiful La Plata Valley near Aibonito, Puerto Rico, and administered by the Mennonite Relief Committee.

The copy is multigraphed and mailed at 1711 Prairie Street, Elkhart. Interested alumni may receive this monthly publication by addressing Mennonite Relief Committee, 1711 Prairie Street, Elkhart. Mrs. Royal Snyder (Ophia Sevits 49) is editor. The May, 1952, issue contains an extremely interesting account of the farm projects operated by Royal Snyder x49.

Puerto Rico now is one of the most densely populated areas in the world with a rapidly declining mortality rate coupled with an extremely high birth rate. To enable this growing population to provide adequate food is an unsolved problem, but the MRC La Plata Unit is making a valiant effort to demonstrate ways and means of enabling the Puerto Rican people to meet the growing needs.

OHIO SCHOLARSHIP HOLDER CHOOSES GOSHEN

The May 16 issue of the **Wooster Daily Record** carried an illustrated article on the scholarships granted by the Wayne County Council of P.T.A. Marilyn Swinehart, daughter of Mr. and Mrs. Olen Swinehart, of rural route two, Orrville, and a senior at Apple Creek High School, received a two-year scholarship worth four hundred dollars from the Ohio Congress of Parents and Teachers as a reward for merit, scholarship, and all around good character and disposition."

The article states, "Miss Swinehart plans to attend Goshen College, Goshen, Indiana, where the Department of Education has graduated some of Wayne County's finest teachers." Miss Swinehart is one of forty-nine holders of these scholarships selected from over two hundred applicants.

Virgil Brenneman

Dean Carl Krieder, Ph.D., is busy enrolling students in the College of Liberal Arts of the International Christian University at Tokyo. He finds time to write letters defending the Japanese people against false propaganda.

RECEIVE MASTER'S DEGREE

LeRoy Kennel 51, of Shickley, Nebraska, has completed the requirements for the Master of Arts degree in the Department of Speech at the State University of Iowa and was awarded that degree in the June commencement. The subject of his thesis is, "A Rhetorical Criticism of Three Sermons by John S. Coffman: Nineteenth Century Mennonite Educator and Evangelist." Following an introduction containing "The Statement of the Problem," "Justification of Study," "Previous Studies," "Method and Procedure," and "Acknowledgments," are seven chapters, "The Background and Audience," "The Speaker," "An Evangelism Address—'Go Ye,'" "A Dedicatory Address—'Spirit of Progress,'" "Sermon—'Saved by Grace,'" "Preparation and Delivery," and "Summary and Conclusion." Then follows a bibliography of seven pages and an appendix giving the text of the sermons and the address.

This is a type of study long needed in the Mennonite Church. The way for such a study was opened by Dr. Roy Umble's doctoral dissertation at Northwestern University a few years ago on "Mennonite Preaching." It is to be hoped that more Mennonite graduate students will become interested in this type of historical-rhetorical study.

Mr. Kennel plans to return to Goshen College next September in order to pursue further studies in the Biblical Seminary preparatory to taking up his work as instructor in speech at Hesston College. During his period of study at the University of Iowa he has been active in the Iowa City Mennonite Mission.

Mrs. D. C. Nelson (Dorothy Miller 44), 1210 South Eighth Street, Goshen, was among the nine hundred candidates for degrees at the 126th annual commencement convocation at Western Reserve University on June 11. Mrs. Nelson, nurse of the Goshen city schools, has been on leave of absence for the past year but will resume her duties when the Goshen schools open in September. Mrs. Nelson received the degree, Master of Science in Public Health Nursing, from the Frances Payne Bolton School of Nursing of Western Reserve University.

Also receiving the degree, Master of Nursing, from the Frances Payne Bolton School of Nursing at Western Reserve University on June 11 was Olive J. Rich, B.A. 49, of Archbold, Ohio. After a period of rest Miss Rich will take up the duties of her profession at the Wauseon, Ohio, Memorial Hospital.

Two other Goshen alumni received the Master's degree at the 123rd commencement of Indiana University on June 16. Ernest E. Miller 47, principal of the Concord Township grade school at Dunlap, was granted the degree, Master of Science in Education. Gladys Hershberger 49, who will teach history in American College for Women in Beirut, Lebanon, the school of which William A. Stoltzfus 17 is president, was granted the degree, Master of Arts, with a major in history.

The Graduate School of Kent State University at Kent, Ohio, awarded the degree, Master of Education, to Orin B. Beechy at the thirty-ninth annual commencement on June 7. He completed a major in industrial arts. Mr. Beechy completed the elementary teacher training course at Goshen College in 1933 and completed the requirements for the Bachelor of Science in Education in 1937. He has been teaching industrial arts. Mr. and Mrs. Beechy (Marie Ramseyer x40) live at 137 East Bowman Street, Wooster, Ohio.

Mrs. Paul Stoll (Lois Herr 49), of Goshen, was awarded the degree, Master of Education, at the School of Education of Boston University on June 2. Mrs. Stoll has been teaching in the Concord Township schools. She and her husband studied child development at Boston University, having conducted an extensive research of Bliss and Tiffany school children while attending the university.

Among the three thousand students who received degrees from Harvard University at the commencement exercises held on June 19 was John Oyer, son of the late Dean and Mrs. Siddie Oyer, of 1602 South Eighth Street, Goshen. He received the Master of Arts degree in history. Mr. Oyer received the B.A. degree from Goshen College in June, 1951.

WILHELM KAETHLER, M.D.

On June 11, at the 126th annual commencement convocation of Western Reserve University, Wilhelm Kaethler, B.A. 49, from the Mennonite settlements in the Paraguayan Chaco, was granted the degree, Doctor of Medicine, by the School of Medicine. Several years ago at the end of his junior year at Goshen College Mr. Kaethler applied for admission to the School of Medicine at Western Reserve. When his application was rejected, Dr. Carl M. Hostetler 33, of Goshen, accompanied him to Western Reserve, Dr. Hostetler's alma mater, and secured a reconsideration of the application. He was admitted and granted a scholarship.

Dr. Kaethler and Frieda Siemens, R.N. 50, came to the States a number of years ago intending to prepare for medical work among their people in Paraguay. Dr. Kaethler and Miss Siemens were married on March 8. Mrs. Kaethler completed the work for the R.N. degree at the Nurses' Training School at the Bethel Deaconess Hospital in Newton, Kansas, on March 7. Dr. and Mrs. Kaethler will return to Paraguay after the completion of Dr. Kaethler's internship.

ANOTHER MALE NURSE

Mr. Hower was president and valedictorian of his class. Mr. Hower is to be congratulated on his excellent record. Christian male nurses are far from numerous. Their services are in urgent demand.

GOSHEN CONTESTANT WINS FIRST IN NATIONAL

On April 24, Hans Hillerbrand 55, who came to the United States last September as an exchange student from Nuremberg, Germany, won first place in the 77th Annual Men's Final Contest of the Interstate Oratorical Association held at Northwestern University. In his winning oration, "Medium of Exchange," Hillerbrand advocated a broader exchange program and presented the advantages both to Europe and America of the present system of student exchange.

His winning of the local oratorical contest on the Goshen campus last fall and his successful effort in the preliminaries at Evanston entitled him to participate in the group of six who were selected for the finals. Judges for the contest were seven members of the Northwestern University School of Speech. Mr. Hillerbrand is considering continuing his academic training at Goshen College next year.

OUR MOST RECENT MENNONITE POET

When this reviewer first read Miriam Sieber Lind's "Such Thoughts of Thee and Other Poems" a few weeks ago, his first reaction was so wholly favorable, so enthusiastically approving that he did not trust his judgment, but laid the book aside to test his opinions in a later reading. But his admiration for the volume has increased with each perusal.

The book is bound in an attractive cover designed by Beulah Stauffer 47, specially trained in this phase of bookmaking. It is printed by the Herald Press on Spring Grove antique paper. The type is linotype caslon with coronet used as display on the title pages.

The poems record a vast range of experience, show equal facility in the use of a large variety of verse forms, and embody the fleeting emotion in superb poetic language with no sign of straining for effect. However, the author shows not merely facility in expression but catches the fine spirit of imaginative thought that is the essence of true poetry. Much of her work seems as casual and as natural as the sunrise but as startling as a rainbow.

Sixty-two poems presented on 81 pages might seem almost too slender an output to seat the author among the immortals, but there is a completeness about these little cameos that gives them the mark of true artistry, the "art that conceals art." The poems are lyrics in the true sense—imaginatively conceived, expressing deep and worthy emotion, compressed into extremely narrow compass. The final poetic touch is their power of suggestion.

The writer seems to do almost everything equally well—the devotional prayer, the wifely solicitude for an overworked husband, the song or tears of a Hebrew woman, scenes at the crucifixion, as well as the songs of home and love and mother in the last section entitled "Songs of the Beloved." The volume breathes a spirit of fervent Christian optimism and reveals maturity of experience as daughter, wife, mother, nature lover, and Bible student.

Criticisms? Yes, a possible few but mere trivia when compared with the excellence of the entire volume. Two of the poems, slightly reminiscent of something by Edna St. Vincent Millay, seem not to ring quite true and—although it almost seems desecration to mention it—there is a grammatical error on page 39 which could easily be remedied by exchanging the word "he" for "him."

The style shows that the author is familiar with a large range of authors and their works. One detects the flavor of Browning's monologue or Longfellow's ballad or Poe's crisp meter. But each of Mrs. Lind's poems is completely original in its conception and execution. It is an amazing book for a first volume. We should have more work from so gifted a pen. Hearty congratulations, Miriam.

One might wish to quote a number of poems in full. With permission of the owner of the copyright may I quote one of the "Seven Words" poems to illustrate the high imaginative quality and suggestive power of the poem?

"I THIRST"
(A centurion speaks)

After all—a thing can be overdone.
He's a good, mild fellow—everybody knows.
After all—crucifixion for a theological difference—
That's going too far.
It wonders me that the law would let a crime like this slip by.
O yes, He seems to take it in His stride.
Others have died that way, knowing they had it coming,
But He—
Did you hear that? He said, "I'm thirsty."

Not a demand, not a curse, not a shriek of pain.
Just a quiet, out-of-breath, "I'm thirsty"
Like my little boy says to his mother when he runs in
After playing hard in the hot sun.
I'm not one to criticize the Empire in its administration of justice . . .
But after all—

MISSIONARY FILM SERVICE

R. R. Smucker 28, of rural route four, Elkhart, has a collection of sixteen films—six 60 minutes long, six 20 minutes long, and four ranging from 25 minutes to 50 minutes. He has been showing these films at church missionary programs, Mennonite Youth Fellowship meetings, class groups, literaries, summer camps, retreats, mission study classes, and for other groups and occasions.

The films were taken with a view to stimulating missionary interest and enthusiasm. They cover a wide variety of subjects related to Mennonite mission work in Africa and India, but they include also pictures of India's economic, industrial, and social life, and India flora, animals and jungle scenes, as well as interesting scenes of African life, African animals in their native habitat, ocean travel, beauty spots of India, and similar materials.

Groups interested in presenting a program with new and unusual material may write Rev. Smucker at his Elkhart address. He took all the pictures himself except those of Nepal which is entirely closed to foreigners. Only two foreigners are known to have gained admission to this country. Smucker's pictures of Nepal were taken by a Nepalese native whom Smucker taught to operate the camera.

BOOK REVIEWS

From the Herald Press at Scottdale, Pennsylvania, the editor has received for review three booklets "of a series of five covering the period from dating to young parenthood." The series was planned by the Committee on Home Literature, a conjoint committee representing the Mennonite Commission for Christian Education and the Mennonite Publishing House.

Three of the members of the committee are Goshen College alumni—Millard Lind 42, of Scottdale, Pennsylvania, secretary; Roy S. Koch 45, of St. Jacobs, Ontario, and Ellrose Zook 33, of Scottdale. Mrs. Paul Erb (Alta Mae Eby 12) was appointed executive secretary. It is her task to plan the series, find authors, and work with them in the preparation of the manuscript.

The titles of the three books reviewed here are "Clear Thinking About Courtship" by John C. Wenger 34, "So You're Going to Be Married" by H. Clair Amstutz, M.D., 33, and "Living Happily Married" by John R. Mumaw, president of Eastern Mennonite College.

In "Clear Thinking About Courtship," Dr. Wenger gives simple practical rules for the choice of a life mate. The book begins with a note of optimism: "God does not want you as a Christian youth to be filled with fear and anxiety in the choosing of your life companion. Christian courtship has the right to be filled with confidence and hope and to be colored with much joy." It ends in the same tone: "When one desires and seeks in faith for the good will of God, the heavenly Father has ways of leading a step at a time until His blessed will is realized . . . . The sons of God may have the assurance of the Word of God that they 'are led by the Spirit of God' (Romans 8:14)."

The book is to be commended for its simple, lucid, conversational, intimate style. It avoids high-sounding meaningless phrases. Interest in a work of this type is attested by the sale of more than twenty-four hundred copies of the first edition of three thousand within ten days of its release by the publishers.

Anyone acquainted with Dr. Amstutz or familiar with his chatty articles in **The Mennonite Weekly Review** would expect his book to be clear, frank, scientific, and thoroughly Christian. In dealing with the subject of marriage, platitudes are of no use, "hush-hush" may be dangerous and lead to unnecessary unhappiness, and a mere inspirational discussion cannot take the place of scientific information.

"So You're Going to Be Married" deals with the "Nature of Love," a chapter that puts sex in its proper place and insists that the "spiritual qualities of people are the really important ones" in producing "happy homes." Chapter II on "Growth of Love" points out that "sex, taken in its broad meaning of family relationships and the awakening of affections in the adolescent, is the magnet that draws us out of our selfish lives." . . . The discussion continues through Chapter III, "Trustees of Love's Heritage"—the value of the home and the obligation to maintain it, and Chapter IV, "Love on Trial"—"is this real love?" "will it last?" and "if circumstances demand a postponed marriage, what about the long waiting period?"

But a conscientious physician could not stop here. Hence, Dr. Amstutz goes on through the marriage ceremony, the honeymoon, and the birth and care of children. The following chapter headings with the corresponding texts indicate the nature of these chapters: "Physiology of Love," "That ye be perfectly joined together.—Paul"; "Culmination of Love,"

"Formed for the purest joys,
  By one desire possessed. . . .
While praise devout, and mingled prayers
  Make their communion sweet";

"Fruits of Love," "Children are an heritage of the Lord: and the fruit of the womb is his reward.—Psalm 127:3"; and "Transference of Love," "Love never ends. I Corinthians 13:8, R.S.V."

This book contains information that may steer many a young couple past the dangerous shoals of that trying "first year." The wisdom of broadcasting it before it is needed will always be a moot question to people like this reviewer with a certain "Victorian" bias on such questions. Perhaps our Amish brethren do it better when their ministers out of a long tradition of successful home building instruct the newly married couple immediately after the wedding ceremony in all the intricate and intimate psychological and physiological details of marital relations.

The third of the booklets—"Living Happily Married" by John R. Mumaw—contains many valuable hints, especially in the sections on "Personality Adjustment" and "Guardians of Happiness in Marriage." The latter contains specific procedures for family living. The following titles point up the nature of these subjects: "A Courageous Attitude Toward Failure," "A Constructive Attitude Toward Misunderstanding," "A Conservative Attitude Toward Spending," "A Congenial Attitude Toward In-laws," "A Wholesome Attitude Toward Courtesies." The concluding section on "A Growing Spiritual Affinity" also outlines valuable procedures for assuring wholesome Christian family living.

PROFESSOR
JOHN UMBLE

EDITOR
ALUMNI NEWS LETTER
1932-1952

AVE ATQUA VALE

It is with a good deal of nostalgia that we look through the pages of this **Alumni News Letter.** These pages constitute the last items of news assembled by Professor Umble before turning over the office to new and inexperienced hands. His deeply appreciated service in this office has now become an event in the stream of time, a part of the permanent unchangeable past.

For the task of Director of Alumni Relations Professor Umble had unique qualifications. The scope of his acquaintance with the graduates of Goshen College, both old and young, through a long life and a long period of service on our campus, was an invaluable asset. Then too there was his natural genius in remembering names and faces, his human interest in people, his genial manner, and his ability to spot personal news items that interest everyone. Finally, his literary talent and training contributed to the success of the work in no small way. During his years of service in this office Professor Umble did the editorial work on two editions of the Alumni Directory—in 1935 and 1951. His efforts helped to gain the cooperative support of the Alumni, so that in 1951 they gave to their Alma Mater a total $45,000. He built up the mailing list to its present strength.

Professor Umble was an early adventurer in Mennonite higher education, in teaching, and in school administration. In spite of the tensions which such adventure brought, he cast his lot with the Church and served her through the years. In 1925 he undertook the difficult task of building up the English Department at Goshen College almost from scratch. Most of us, no doubt, still think of him primarily as an English or speech teacher. Don't you remember **The House of Seven Gables,** Hepzibah—and the chickens? Those poor, anemic, frail, cold and blue-blooded chickens! They surely did put the onus on Emerson's "Self Reliance"! It is through Professor Umble that I came to join the Goshen College Faculty (no doubt, because I answered right about the chickens!), so that there is a unique propriety in my writing this tribute. Certain it is that I have followed him around a good deal since. It is with genuine appreciation that we take up the task where he left it.

However, the story is not yet complete. Professor Umble is now engaged in the crowning adventure of his life, an adventure for which he again is uniquely qualified—the composing of a history of Goshen College celebrating her fiftieth anniversary! Such a volume from his pen ought to be at least as exciting as a California earthquake or a wild western thriller! You will want to place your orders early!

So **merci beaucoup,** Professor Umble, and God bless you for your faithful service in the past, particularly in this office. And **auf Wiedersehen** in that shocking volume coming up! S. A. Y.

IT'S SEPTEMBER IN GOSHEN!

Goshen College in August can be a mighty lonesome spot. Ivy-clad walls were not made to tower in lone splendor. College classrooms and dormitories, and college campuses and campus sidewalks and athletic fields were not made to be empty. Offices were not constructed for the sole habitation of a few stray and worried administrative officers. College halls look better when filled with flocks of exuberant youth or interminable (and tired?) registration lines. A good sprinkling of important appearing and chatty professors and counselors adds color. Acclimated and knowing upperclassmen arrive in small groups; uncertain freshmen (Do you remember how it feels?) poke their heads into wrong doors or queue up in wrong lines.

Outside, the bright blue clear days of autumn are with us again. Colored maple leaves, an occasional pile of books with a sweater lying on top, tennis rackets, archery contests—all are back in evidence again. Old couples, getting reacquainted after a summer's separation, stray down lover's lane, back to the dam (Do you remember how it feels?).

In short, the curtain rises once more on the annual drama of Goshen College. And it's an exciting drama, and a good one!

September at Goshen is not August! And it's now September at Goshen! And it's great to be alive!

Registration statistics as we go to press are as follows:

Freshman	180
Sophomore	122
Junior	118
Senior	115
Postgraduate	4
Advanced Theol.	30
Totals	569

These figures do not include the part-time enrollment which according to present prospects will be the normal 125 to 150.

Registration is not yet complete, so that it is evident that final figures will be considerably higher than were last year's. This is contrary to expectation. The large number of freshmen and of transfer students from other colleges is indeed encouraging and is clear evidence of the growing confidence in the work which Goshen College is doing. For this confidence we thank God and trust Him for a helpful and prosperous year.

Meanwhile the campus has also undergone a face lifting. The old drive through the campus has been closed to automobile traffic and driveways have been built to the back sides of the dormitories from the various streets. Sidewalks have been built, reorienting the campus and tying Westlawn into the campus picture.

Work on Westlawn is proceeding as funds come in. By New Year's time, when the students return from vacation, we hope to have the kitchen and cafeteria completed, so that the students may have the use of the large new Alumni Memorial Dining Room. Family style dinners, where the students may eat together at one sitting, will be a big improvement over the now crowded conditions and procedures.

But to really appreciate the changes and growth you must pay us a visit. Our latchstring is always out.

Mr. Kaufman received the M.A. Degree from Duke University on June 29 of this year. The subject of his thesis was "Some Physical Studies of Tobacco Smoke Particles." AFTER FORTY YEARS

It always is interesting to hear from older alumni and to receive their mature judgments regarding the work and ideals of Goshen College. Recently when Professor Fred A. Conrad 12, of 1007 Palm Road, Tucson, Arizona, sent in his contribution to help complete Westlawn, he wrote: "I have looked at many college mottoes but I have found none that better expresses the purpose of a college education than that of Goshen College—Culture for Service. In the older schools the common emphasis is upon such terms or ideals as 'light,' 'truth,' 'knowledge,' etc. In the later schools there is frequently a practical emphasis employing symbols as a plow, a tool, a pick, etc.

"In simple language, combining the highest ideals and aspirations with the practical arts and skills, the Goshen motto includes the best in all of them; not culture for its own sake, nor service without worthwhile ends and values, but Culture for Service."

Dr. Conrad is head of the Department of Sociology at the University of Arizona.

Two Goshen alumni were members of the unit—Hazel Ferreira pt52, of Kalona, Iowa, and Mary Zehr AA 51, of Manson, Iowa. Rev. Zehr writes the following account of the earthquake: "We were badly shaken up here several weeks ago by the second worst earthquake in California history. It centered in the desert about 100 miles from Los Angeles and nearly wiped out two little desert settlements. However, the damage was less down here. It gives one a queer helpless feeling to be rocked back and forth as in a baby cradle. It seemed to me to be God's way of telling us conceited proud humans how small and utterly insignificant we are after all in the sight of God. The city of Los Angeles had no deaths from the quake but large plate glass windows were shattered in many stores, merchandise was scattered on the streets, some of the largest and finest buildings in town were badly cracked, several large cracks appeared in the ground, telephone and power lines were torn down and many, many dishes, lamps, etc., were smashed."

In accepting the manuscript, the publishers write: "It is with considerable pleasure that I advise you that our editorial staff has reported favorably upon your manuscript. After a thorough reading and discussion, it was the opinion that 'The New Minister' is a timely and a hard-hitting novel, that in addition to a tender and moving love story, the town of Rockwell and its problems are made very real for the reader. Gordon is an appealing and believable character, and his fight against the crime syndicates, his conflict over Luella make this a tense and suspenseful story. Your book will be advertised in such publications as **Retail Booksellers, New York Times, Library Bulletin,** and local publications. In addition to such advertising your book will be circularized in three thousand bookstores throughout the country."

On Friday evening Bro. Charles challenged the audience, composed primarily of the faculty and 690 students, to have "No borrowed creed."

The Saturday and Sunday messages were "The Formula for Progress," "Meeting the World's Need" and "The Great Commitment."

Vol. XLVI November, 1952 No. 13

OLD GRADS RETURN

FOR HOMECOMING

THE PRESIDENT'S ANNUAL REPORT

(Following are some of the high points of President Miller's report to the Board of Education which should be of interest to the alumni. Among other things, it demonstrates the growing size and quality of our Alma Mater as well as the very great and varied responsibilities which rest upon our administrators and which require constant vigilance and leadership if the good character of our college is to be maintained.)

The Past

Goshen College is now in her fifty-eighth year, having begun as Elkhart Institute in 1894. In 1903 she was moved to Goshen and rechristened Goshen College. Hence we are planning a fiftieth anniversary celebration this coming spring.

The Faculty

Dean Carl Kreider is on leave for a term of service with International Christian University of Japan. At the completion of his term (or even earlier if there is imperative need) he will return to Goshen. In his absence Karl Massanari is Acting Dean. Others on leave for the past year (1951-52) were: Dwight Weldy, Alta Schrock, Edna Shantz, and Howard Charles. Two new faculty members were hired: Mabel Brunk, R.N., and Norman Kraus. Four faculty members achieved the Master's degree during the year: Mary K. Nafziger, Verna Zimmerman, Dwight Weldy, and Verna Smith.

The faculty now numbers 60 full- or part-time employed persons—the full-time equivalency being 46.4. The student-faculty ratio has again improved to the point where it is now 12.8 students per instructor.

Enrollment

The full-time equivalency enrollment figure for the year 1951-52 is 701. We now have enrolled the ten-thousandth student. According to all prospects—such as the population increase and the increasing recognition of the standing of Goshen College—enrollment will increase in the immediate years ahead.

Religious Life on the Campus

The significant religious efforts on our campus during the year are: the opening Bible lectures; the evangelistic meetings; the Missionary Conference; the Christian Life Conference; Bible Study Week; and Nonconformity Week. The use of student counselors has proved beneficial, but there is need of still more student-faculty co-operation. Efforts to put greater emphasis upon evangelism have resulted in the drawing up of a formal statement, and the adding of an Instructor in Evangelism on the Seminary faculty.

Foreign Students

Our foreign student program adds a worth-while international flavor to our campus, and reminds us of the international and interracial character of Christianity. During the year 1951-52 we had 18 students from 10 foreign countries on our campus. These students had 109 speaking appointments. The testimony of one, Paul Verghese: "I can never thank God enough for all that Goshen College has meant to me."

The Library

About $6,000 was spent for accessions to the library. This sum, plus gifts, made possible the acquisition of 1,744 volumes to raise the total to 41,913. The Mennonite Historical Library now has a librarian, Nelson Springer. It has added 183 volumes during the year to raise its total number to 4,974.

The Health Center

The Health Center had 2,241 visits during the year, gave 360 immunizations, and had 78 bed patients for a total of 220 patient days.

Alumni

The Directory of 1951 lists 9,679 names. The mailing list for the **News-Letter** is now over 6,000. This is an increasingly important part of the Goshen College constituency. Professor Umble has retired after 26 years of serving the alumni in various capacities. His successor as Director of Alumni Relations will need to be selected in careful consultation with the Board of Directors of the Alumni Association.

Nursing School

Our newly organized Nursing School was one of 15 (out of 24 in Indiana which tried for it) to be given tentative accreditation (for five years) by the National Nursing Accrediting Service. The Indiana Nursing Survey report has the following interesting comment upon our program:

"At Goshen a collegiate program in nursing education was initiated about two years ago which is a four-year integrated program eventuating in the degree of Bachelor of Science in Nursing. The administration of the College controls this and instruction is provided by regular college instructors, among whom are nurse educators. The College purchases clinical experience from Elkhart Hospital. Goshen College has a well-launched program in nursing which has been described elsewhere and which may merit study on the part of other educational institutions as a prototype for developing collegiate schools."

Building Program

During the year 1951-52, $85,307 was spent on building expansion. Most of this went into our new women's dormitory—Westlawn—now occupied by 111 women (13 more than it was built to hold). The kitchen and dining hall still await completion. The campus has been reoriented with a new arrangement of drives and sidewalks to tie the new building into our campus picture.

Two new buildings now in the planning stage are: (1) the Seminary office and classroom building, for which there is on hand a donation of $85,000; (2) a nursing school dormitory, office, and classroom building, to house at least 75 girls.

Finances

Donations for the year have totaled $85,307 for our building program, and $24,055 for operating expense.

For operating expenses the churches gave $17,420 and $6,635 came from corporations friendly to the college. Expenses to run Goshen College have almost tripled since 1945-46. In that year 13.5 per cent of our income for operations came in the form of donations; today this percentage has dropped to 9.7 per cent.

Conclusions

Goshen College today is a three in one product: a liberal arts college, a seminary, and a nursing school. The overlapping of interests, shown in actual class registrations, demonstrates this to be an economical and efficient arrangement, rather than to have these three institutions widely separated.

We thank God for the opportunity to challenge youth and to help them to achieve disciplined lives of service to God and to their fellow men. We also sense the need for a concerted effort by home, church, and school to hold to high moral standards and to save our youth from the shoddy ethics and evil conduct which presses in upon us from every quarter. "We solicit your prayers that leaning heavily on God's help we may serve well the increasing group of young people who come to us."

Sam Miller, student chairman for the work drive, supervises the work of his assistants. $6069 was raised by the students for furnishing the New Alumni Memorial Dining Hall. (Cut furnished by Record)

Mildred Schlabach, Jean Detweiler, Rosa Diener, and Esther Troyer pause for refreshment. Tomato picking was one of many tasks performed for dear old Alma Mater.

STUDENT WORK DRIVE

The Y Service Committee, under the chairmanship of Sam Miller and Elizabeth Stieglitz, again this year sponsored a student work drive—the sixth one since its beginning in 1947. September 25 and 26 were set aside by the college administration, classes were dismissed, and students abandoned books and classrooms for two days, in order to earn their bit for dining-room furniture for the new Alumni Memorial Dining Room. Inspired by their slogan, "Before we eat, we need the seats," they set out to contribute $6,000 to this much-needed fund. As in former years, jobs consisted of tomato and apple picking, and almost every other kind of casual labor.

Headquarters were set up in the Union lobby ticket booth, a telephone was installed, and the organization went into action in an effective manner.

GOSPEL TOUR OF THE AMBASSADORS

The Ambassadors Quartet, consisting of Dale Weldy 53, Clyde Landes 53, Donald Driver 53, and Edward Stoltzfus 53, took an extended Gospel tour of 12,000 miles during the past summer. Their trip took them north and west as far as Winnipeg, Canada, to the far Pacific Northwestern States of Washington and Oregon as well as into many of the plains and mountains between here and there. Following is the schedule of their itinerary:

June 9-12 Michigan
June 14-15 Minnesota
June 16-17 South Dakota
June 18-19 North Dakota
June 20-25 Manitoba
June 26-July 1 Saskatchewan
July 2-6 Alberta
July 7 Montana
July 8 Washington
July 9-13 Oregon
July 15-17 Idaho
July 19-21 Colorado
July 22-27 Kansas
July 28-31 Nebraska
August 1 Iowa
August 2-3 Iowa
August 4-10 Indiana, Ohio, Pennsylvania

The quartet reports the following interesting totals:

Total number of days on trip: 63
Total mileage: 12,000
Total full programs rendered: 62
Total partial programs rendered: 33

Reception in the various churches varied from cautious to excellent, but, states their report, in every instance where the reception was cautious it "changed to good before we left."

The Gospel team reports the tour on the whole a success in many ways and recommends that in many of the more isolated church areas some such contact should be made annually. Their experiences and reception in Manitoba they found to be particularly pleasant and fruitful, and feel that more contact with the Mennonites of this area would be mutually beneficial.

THE B. FRANK AND NANCY B. UMBLE FOREIGN MISSIONARY SCHOLARSHIP

Miss. Fern Umble 21, 31600 Walker Road, Avon Lake, Ohio (sister of my predecessor, Professor John Umble, in the Alumni Office), has recently made the final payment ($1100) on a $2500 Scholarship to be established at Goshen College. The scholarship is a memorial to Miss Umble's parents, and is to be known as the **B. Frank and Nancy B. Umble Foreign Missionary Scholarship Fund.** The exact handling of this fund is not yet fully determined, but the donor is working out a statement as to its management, which statement will then be printed in our regular annual catalogue.

The administration of Goshen College deeply appreciates this gift. Is not this a more honorable as well as practical way of honoring one's elders or loved ones than other costly but commercialized schemes?

REVIVAL MEETINGS

Revival meetings this fall were in charge of J. D. Graber 26, executive secretary of the Mennonite Board of Missions and Charities. These meetings were arranged jointly by the Religious Life Committee of the College and the local congregation, and were held each evening from Sunday, October 5, until Sunday, October 12, in the Union Auditorium. In addition to the evening meetings he also spoke in chapel. Brother Graber's training, his wide experience in working and dealing with all kinds of persons, and his humble and sympathetic interest in our student body and our work here at the College made his brief stay with us highly appreciated and deeply effective.

The Goshen College Bulletin is published monthly except for February and March when two issues are published each month by Goshen College, Goshen, Indiana.

"PLEASE BE KIND!"

This is my first ALUMNI NEWS-LETTER. I feel a bit like the country boy who throws sticks at a bee's nest and stands back to watch results!

There will be reactions: I hope that they will not be too drastic. I dare say that if you ever published a NEWS-LETTER you will be kind in your judgments; if you have not—well, I won't predict!

Obviously I cannot compete with my predecessor. He did an excellent job! But Professor Umble is Professor Umble, and I am not. I must do the job I can do and not the job he can do.

Among other things, I cannot hope to assemble the personal news items which he assembled. I do not know the alumni he does. And I do take refuge in the fact that Professor Umble did not at the first publish the number of personals which he did as his acquaintance and familiarity with alumni names grew. Incidentally, if you do know of any new babies, weddings, promotions, jobs, books, or other notoriety gained by any of the family, please do drop a card to the alumni office.

Send in your news, and your comments on the LETTER, or anything else you have to write. But please do remember the famous last editorial words in Professor Umble's July issue: "Please be kind to my successor!"

ACTIONS OF THE BOARD

This year's Board of Education Meeting was held on October 15-18 at the Beech Mennonite Church near Louisville, Ohio. The theme around which the public program was built this year was "Evangelization Through Christian Education." Well-known speakers of church-wide reputation addressed the public sessions, besides which there were the smaller sectional meetings to discuss problems peculiar to education at the elementary, secondary, or college level. There were also sectional meetings on nursing education, on seminary training, and on winter Bible school work.

Several actions of the Board which are of particular interest to Goshen College alumni were released on Saturday, October 18. First of these is the approval of plans for the erection of a School of Nursing building and a Seminary building. Plans are to be completed by next February and construction is expected to begin next summer. Completion of the buildings is scheduled for the following summer.

Of greater concern to all of us is the following release from the Board:

"We appreciate very much the services of Brother Ernest E. Miller during the years as president of Goshen College. Brother Miller has spoken to your executive committee about the necessity of someone to succeed him. He has indicated his readiness to work with the executive committee on this matter. We appreciate Brother Miller's attitude and counsel and are ready to take this matter under advisement and study. We feel that we want to take deliberate counsel with the Board, the church, the faculty and graduates of Goshen College in making a choice for his successor. It is our recommendation that without formal appointment for 1953-54 yet, it be understood if his health permits that Brother Ernest E. Miller continue as president of Goshen College until his successor is selected and ready to take office, and that we give ourselves to earnest prayer and careful thought that together we may find God's will."

Accompanying this was the following unofficial statement:

"The interpretation of this statement is that President Miller will continue as president during 1953-54 and/or until such a time as a successor is selected and ready to take office. During this period faculty and students want to make this a matter of prayer and give continued good support to the president who has led Goshen College since 1940."

Though this will no doubt come to Goshen College alumni (as it did to the Goshen College faculty) as a good deal of a shock, yet some interpretation of the statement which came out in the discussion is helpful. Acting Dean Massanari pointed out to the faculty that "this means, in the first place, that President Miller will continue as **president** of Goshen College until such time as a successor is found. This means that he is not an 'acting president,' but president. The question was raised at the Board meeting whether or not there would be any embarrassment either to the president or to the institution in matters pertaining to signing of legal documents. It is clear there can be no embarrassment since the constitution of the Board of Education clearly sets forth in Article 3, Section 2, that 'All officials shall serve for one year, or until the successor shall have been duly elected and inducted.' This means that he is president until such time as his successor is elected and inducted.

"In the second place, the statement indicates that there will not be hasty action. It says that 'we' (the executive committee) want to take deliberate counsel with the Board, with the church, with the faculty of Goshen College, and with the graduates of Goshen College in making a choice for a successor. It is impossible to precipitate the thinking of these groups hastily. The executive committee does not know how long it will take to do this job. It seeks an interest in our prayers and counsel."

Goshen College is a mutual undertaking which must go forward (not backward). It can go forward only as her friends lay aside petty prejudice and personal ambition, put their shoulders to the wheel, and give of their personal interest and concern. Mutual undertakings when promoted mutually and in the right spirit are often matters of give and take. Our present concern may call for a good deal of both. But at any rate, the Board now is calling for a pooling of interest and concern. They want the benefit of what help we can offer. May we not fail them at this juncture.

"GOSHEN COLLEGE, EVER SINGING"

On August 21, 1894, at the head of a line of four students, there was matriculated into Elkhart Institute Mr. Andrew Mumaw—the first of a long line of successors. On September 9, 1952, in the midst of (interminable?) lines of hundreds of students there was matriculated into Goshen College Mr. Victor Eash—the ten thousandth matriculant in this line. Between these two come you and me and the rest, nine thousand, nine hundred, and ninety-eight. Some of us are teachers; some are doctors and nurses; some are in business; some are ministers and missionaries; some are housewives; some are clerks and secretaries; some are scientists and laboratory technicians, and relief workers and administrators. Bankers, craftsmen, farmers, architects, builders, authors, lecturers—the line stretches on and on. Ten thousand persons! Ten thousand human beings, the stewards of talents and skills and intelligence (at least a little bit!). Some of us live in the United States and some of us live in lands afar. Yes, Goshen College alumni are scattered to the far ends of a troubled world from the vale of Cashmere to the mountains of Afghanistan and from Borneo to Bethlehem! And some have already passed on to give an account of their stewardship.

But whatever be our lot, we have one thing in common: We have been to Goshen College. We have sat here at the feet of Christian instructors; we have been to chapel. Likely it is here that we have formed our life purposes and found many lifetime companionships. Possibly it is here that we have caught the vision of a life of service and devotion to the Master.

Ten thousand students—we are now Goshen College. It is we who have trod the halls and sidewalks of our beloved campus, who have lived in the dormitories, have broken bread together in the dining hall and have joined our voices together in the chapel hymn. It is we who have thought together, who have lived together, who have shared together a brief but extremely important bit of life itself—it is we who are Goshen College. It is we who must interpret our beloved Alma Mater to the world.

The first one is Andrew Mumaw; the ten-thousandth is Victor Eash. In between are the Millers, and the Hostetlers, and the Cripes, and the Yoders, and the Smiths, and all the rest. Goshen College is a large family.

We thank God for each of you! May He give you the grace to carry the load of life in the small corner of the world where you now are—be it countinghouse or meetinghouse, shop or kitchen, office or laboratory. On land, on sea, in the air (in the words of Tiny Tim), God bless us everyone!

DID YOU KNOW THAT:

1. **Goshen College now has a monthly pay roll of approximately 100 persons?**
2. **Governor Schricker during the past summer appointed Professor Mosemann as a member of the Indiana State Board of Nurses' Registration & Nursing Education?**
3. **There are twenty members of our instructional staff who hold the doctorate in their respective fields?**

10. **The Goshen College student body represents 26 states, 3 Canadian provinces, and 10 foreign countries?**

DEAN KREIDER AT I.C.U.

From East Grove Apartments, 1500 Osawa, Mitakashi, Tokyo, Japan, Dean Kreider writes about his work at International Christian University.

"The week immediately after the students left was devoted to a faculty retreat. Because of the expense in going away from the campus and the lack of a convenient 'Little Eden' we stayed right on the campus. We had three-hour sessions every morning and two-hour sessions every evening. In addition we had committee meetings scheduled for the afternoon; so you can see that this part of the Orient doesn't have much to teach Americans about the proper speed of living! In the first part of the week we had discussions on subjects such as 'What do we mean by a university?' 'What is a Christian university?' 'What is the implication of the word "international"?' 'What are the unique opportunities and problems of a university in Japan?' 'What is the implication of democracy in university life?' In each case a member of the faculty prepared a two- or three-page mimeographed paper to start the discussion. I was asked to prepare the paper on the meaning of the Christian university. In the latter part of the week we faced some of the particular problems of getting a charter from the Ministry of Education. During this part of the week I prepared a paper outlining some possible objectives of instruction. Each session also included a devotional exercise conducted by some member of the faculty, and I was also asked to arrange with the various faculty members for this part of the program. I was especially impressed by the contributions of some of the Japanese members of the faculty.

"During the next two weeks I worked on some of the details of getting the charter from the Ministry of Education. Under American occupation, the Japanese educational system was changed from a 6-4 system to a 6-3-3 system. One of the unforeseen results of this was that the old schools beyond the first 10 years of schooling (roughly comparable to our junior colleges) now had to become either senior high schools or four-year colleges. In their mad scramble to become four-year colleges the Ministry of Education naturally placed some severe requirements. Getting a charter for I.C.U., therefore, is much like getting N.C.A. accreditment for Goshen College. We have a tremendous number of schedules to fill out, and since we have had only a language program thus far we must do a tremendous amount of spadework. This work will continue to take a large amount of my time after I return from vacation. While working on these chartering requirements I also assisted Mr. Hackett (our business manager) on building plans. Part of our large University Hall must still be completed, the dormitories built, and the science laboratories furnished. I am certainly glad for the experience at Goshen as I work on these things.

"You will be interested in a report on an examination we gave the I.C.U. students a week before they left for vacation. I had been teaching them some elementary economics for a period of about four weeks. I gave two lectures a week to the entire group and for the other three days of the week three of my associates and I had the students in small discussion groups to discuss the lectures. The content of the lectures was the effects of the Industrial Revolution in the West and was followed by three lectures on the Industrial Revolution in Japan given by Dr. Steiner who has given much thought to this subject. I prepared an objective test of 36 items of at least as great difficulty as those I used for my Principles of Economics students back at Goshen. When my associates saw the test they all thought that it was too difficult and predicted severe disappointment. I agreed to have a Japanese translation made of the test, but not to reduce the severity of the test itself. When the test was administered the English version of the test was given first. By the end of 45 minutes they had all answered all of the items they could. Then the Japanese test was given and they completed that in about 20 minutes. The scores surprised everyone. The average student had 26 of the 36 items right on the English test and only 27 of the 36 right on the Japanese test. In other words, they did much better on the English test than anyone had dared hope, and the difference between the English and the Japanese scores was so small as to be statistically insignificant. The whole experience was a marvelous commentary upon the quality of the students that we have. If they can do this well after a few weeks of study of English, we feel confident that by the end of the year language will not be a severe barrier in our instructional work."

SOME CURRICULUM CHANGES

Alumni will be interested to know that in keeping with the expanding program of Goshen College, several new courses are being offered this semester. For some time the need has been felt to offer courses in Library Science so that our grads can qualify as librarians. A start is being made this semester with the class in **Library Materials**—Li Sc 300, taught by the librarian James Clemens. Dean Massanari also announces other courses offered this semester for the first time as follows: **Marriage**—Soc 204, taught by Howard Kauffman; **History and Principles of Physical Education**—Ph Ed 200, taught by Roman Gingerich; **Minor Games and Sports**—Ph Ed 306, taught by Edith Herr. The courses in Introductory Cost Accounting and in Business Law are being offered this semester also.

The growing Seminary program has made it wise to separate more sharply the Th.B. and B.D. Curriculums, and thus to accent more sharply the graduate character of the B.D. program. Dean Bender announces the following large number of new B.D. courses:

N.T. Intro. and Survey, 3 hours
O.T. Intro. and Survey, 4 hours
Inductive Bible Study (N.T.), 3 hours
Inductive Bible Study (O.T.), 2 hours

NAMES OF PROSPECTIVE STUDENTS

Readers of the **Alumni News Letter** will notice that Paul Stoll of our Public Relations Office is asking them for a bit of help in his student solicitation program. If you could find a few moments to fill out one or both of the self-addressed postal cards and slip it into your mailbox, you would be doing both your Alma Mater and prospective students a deeply appreciated service. Thank you very much.

TWO YEARS AT EDINBURGH

(Howard Charles, who has just returned from Scotland, where he studied at the University of Edinburgh for two years under a Fulbright Scholarship, supplies us with the following brief sketch of his impressions.)

Edinburgh is a city of approximately 500,000 people. Unlike Glasgow in the west, Edinburgh is not an industrial city. It is noted chiefly as the administrative and professional center of Scotland. It is a city rich in historical interests. One need only remember that such names as Knox, Stevenson, Scott, Burns, to mention only a few, are associated with it. It is a city of many churches. Among the better known churches is St. George's West made famous by the ministry of Alexander Whyte and more recently that of James Black. It is a city of many excellent libraries and bookshops. It is a common thing to see people riding to and from work on the streetcar reading books, not newspapers.

The University of Edinburgh is the youngest of Scotland's four universities, having been founded in 1582. It offers training in the fields of law, medicine, the arts, the sciences, and divinity. The theological work is carried on in New College which is beautifully situated on an elevation in the very heart of the city. New College began as the theological college of the Free Church of Scotland which was formed when a large number of congregations withdrew from the established church in 1843. Since the reunion again of the two churches in 1929 the college has become the seat of the university faculty of divinity while continuing also to be a theological college of the Church of Scotland.

The present principal of the college is Professor John Baillie who taught in this country for fifteen years and is the author of many important theological works. The college has had a succession of distinguished professors throughout the past century of its history and today ranks among the foremost of British divinity colleges.

The academic program is somewhat different from that found in the average American seminary. The college year is considerably shorter. There are two terms of eight weeks each and one term of about four weeks. There are no daily assignments to prepare. Many of the professors read their lectures and there is little class discussion. There are few examinations, although the comprehensive exams for the B.D. degree are reputed to be quite difficult. The professors wear the Geneva gown and the class session is generally closed with the benediction. Every morning the college meets for prayers which are conducted by faculty and students. The students for the most part are scattered widely over the city and there is little corporate college life except for the fellowship around the dinner tables five days each week.

The student body last year consisted of approximately 180 students. Nearly 60 of these were American students working on the doctor's degree. There were also quite a number of students from various countries on the continent as well as Africa, Australia, and elsewhere, making quite a cosmopolitan group.

GOSHEN COLLEGE ALUMNI WIN HONORABLE MENTION

Paul Verghese 52 (of India) and Lewis Waiyaki 53 (of Kenya, Africa) both won honorable mention in the 1952 Robert's Award essay contest. This is a contest sponsored by the Inter-Collegiate Association for study of the Alcohol Problem, which yearly sponsors the Inter-Collegiate School for Alcohol Studies. Representing Goshen College at this school last year was Lewis Waiyaki and Abram Hostetter. The title of Verghese's essay was "I Found Him" while Waiyaki wrote on "Alcohol, The Road to Animal Living."

In the finals of the intercollegiate peace oratorical contest, judged on October 2 at Michigan State University via tape recordings, Beth Centz 52 also won honorable mention.

MAPLE LEAF STAFF

Virgil Yoder 54, editor of this year's **Maple Leaf**, announces that the plans for this year's book are well under way. Faculty members and seniors are now being photographed at Snyder's Studio downtown. Other members of the staff are:

David Yoder, Business manager
Mary Ellen Yoder }
Marian Hostetler } Associate editors
Ben Nase, Photographer
Delores Stump, Copy editor
Patricia Harnish }
Darlene Metzler } Section editors
Rita Clemens, Artist
Roger Haines, Assistant photographer
Louise Croyle, Assistant to business manager

The staff is planning to accent this as the fiftieth anniversary of the founding of Goshen College.

WINTER BIBLE SCHOOL 1953

The administration this year is planning a considerably more ambitious Winter Bible School program than heretofore. During the first half of the term, there will be (running simultaneously with the rest of the WBS program) a school for ministers (January 26-February 13), designed primarily for those now in active service. This school for ministers will be climaxed by the annual ministers' week, February 11-13.

Another feature of this year's Winter Bible School will be the evening classes designed especially for local persons who may commute—as well as for resident students. A course in "Living the Spirit-filled Life," taught by George R. Brunk, will be offered two evenings each week for three weeks.

The entire school term, as usual, will be climaxed by a Christian Life Conference, February 6-8.

Following is listed the Winter Bible School faculty and staff:

Principal—Paul M. Miller, pastor and evangelist
Secretary—Peter Wiebe, pastor and Bible teacher
Instructors
  George R. Brunk, evangelist
  Milton Brackbill, evangelist and Bible teacher
  S. C. Yoder, President Emeritus of Goshen College
  Norman Kraus, pastor and Bible teacher
  John C. Wenger, Professor of Theology at G.C. Biblical Seminary
  Mary K. Nofziger, instructor at Goshen College
  Walter Yoder, Professor of Music at Goshen College
  Lloyd Conrad, youth leader
  Nelson Litwiller, missionary on furlough from South America

OLD GRADS RETURN FOR HOMECOMING

TAN KING IEN SPEAKS IN CHAPEL

On Monday, September 29, Tan King Ien, father of Herman Tan, a student at Goshen College, addressed the College family during the chapel hour in his native tongue. His son acted as interpreter. The elder Tan, though from Java, is of Chinese extraction and is Chairman of the Council of Chinese Mennonite Churches in Java, which have a total membership of approximately 1500 Mennonites.

The Mennonites in Java are the product of Dutch Mennonite mission work begun in 1851, though work among the Chinese did not begin until about 1921, largely through the work of Mr. Ien. In chapel he related the story of his own conversion, in 1920, through the work and testimony of his father-in-law. He also told of the difficulty Chinese have in breaking from their idolatry and ancestor worship, bound as they often are by solemn vows made to dying elders.

Brother Ien lives at Kudus, Java, about ten miles from Pati, where is an MCC unit. He was en route home from the Mennonite World Conference at Basel, Switzerland.

Mr. and Mrs. Jan Matthyssen 48 (Mary Berkman 47) are members of the Dutch Mennonite Mission in Java. Also with the Pati MCC unit are Mr. and Mrs. Kenneth Shoemaker x51 (Doris x53), Kay Crager x46, and Han van den Berg x54.

DR. WILLARD H. SMITH DOES IT AGAIN!

Another volume in the long series of publications by members of the Goshen College faculty is just off the press—**Schuyler Colfax, the Changing Fortunes of a Political Idol**, a 475-page biography by Dr. Willard H. Smith, head of our History Department. Colfax, 1823-85, was a South Bend newspaper editor and publisher, a congressman, Speaker of the House of Representatives, and Vice-President of the U.S. during the trying days leading up to and during the Civil War, as well as in the difficult reconstruction period following. During his lifetime he saw northern Indiana develop from a frontier area into a rich industrial and agricultural settlement. Though Colfax is not in the first ranks of greatness in the history of our country, yet as one historian has put it "Historical understanding is perhaps advanced as much by the biographies of secondary individuals as by the reiterated accounts and appraisals of the lives of the truly great."

Dr. Smith will be remembered by many as the author also of **Paraguayan Interlude**. His latest work is published by the Indiana Historical Bureau. In their monthly **Indiana History Bulletin** for September they have this to say about Smith's latest work: "This study of Colfax's life is an important addition to the historical literature of the 1850's and 1860's and it also fills a gap in the biographical field of state history.

"Dr. Smith has made a long and devoted study of Colfax's activities, and his work is likely to remain the standard biography. As usual, the Historical Bureau will distribute copies to public libraries in Indiana. To other libraries and to individuals, the volume will sell for $4.75. It totals 475 pages, including bibliography, index, and illustrations, and is bound in blue buckram."

SUPERVISED TEACHING AT GOSHEN

The continued nation-wide shortage of teachers is again drawing many Goshen College students into the field of public school teaching. This year, as before, the College has the co-operation of the town and surrounding community in the placing of supervised teachers in both the elementary and secondary levels. Dr. Hertzler, director of teacher training, announces the following:

Teaching on the secondary level in Goshen are Pauline Graybill, Clyde Landes, and Edwin Herner in music, Rosanna Hostetler and Gail Miller in English, and Mary Jane Monska in mathematics.

Shirley Coil is working in the Elkhart school system, while Mary Ann Stemen and Roger Sweisberger are teaching in Dunlap.

Among the Goshen elementary schools Chandler leads numerically with eight, including Ethel Henry, Emma Jane Hertzler, Verna Hess, Lois Merillat, Arletta Miller, Chaltha Rohn, Esther Showalter, and Ben Yoder.

At Chamberlain are Geraldine Graber, Marilyn Klassen, and Geneva Spicher. Teaching at West Goshen are Evelyn Camp, Elizabeth Stieglitz, and Erma Lou Yoder.

Helen Joyce Thut and Martha M. Yoder are teaching at Parkside School.

THE COLLEGE CONGREGATION

At the annual business meeting of the College Church, held in the Chapel Hall on October 15, the following alumni and friends of the College were elected to office as follows: Willard Smith 28 and Romayne Sherman, Trustees; Atlee Beechy 34, Charles Gardner x38, and Wilbur Huneryager cs28, Church Council Members; Emerson Bontrager 51, Mission Board Member; Lena Fricke and Wallace Shellenberger 52, Associate Mission Board Members; Leander Weldy x03, Mennonite Aid Member, and Inez Hostetler, Cabin Administrative Council Member.

Among the significant reports was that of the deacon (Levi Hartzler 35) showing an increase of 28 in total membership. The College congregation now has a membership of 485. The treasurer, Orville Gunden's x40, report showed a total expenditure of the congregation over the past year of $15,192.36. Of this amount, almost $8,000 went for relief and mission work. Other alumni who submitted reports were Melvin Gingerich 26, Secretary; Howard Kauffman 47, Sunday-school Superintendent; Mrs. Paul Kauffman (Retha Hostetler 36), Summer Bible School Committee Chairman; Mrs. Lawrence Burkholder (Harriet Lapp 38), Women's Missionary Society President; and Mrs. Atlee Beechy (Winifred Nelson 38), Homemakers Club President.

The College congregation also adopted a budget of $5,431.67 for the coming year and voted to take on the support of Mary Ann Hostetler 48, newly appointed missionary to Japan. This makes six full-time foreign missionaries now supported by this church.

AN "INVISIBLE FELLOWSHIP"

From Tina van der Laag 50 at Kaiserslautern, Germany, comes the following interesting word:

"Enclosed my little 'stone' for the completion of the dormitory. I wished I could send you a large check and help a bit more in the program of Goshen and thus show my appreciation for what Goshen has meant—and still means for me. But living on an MCC allowance does not permit me to send you more at this time.

"I am still here at the Kaiserslautern Community Center and plan to stay here yet till next year August. I'm starting my third year here now—and still experience the challenge of this outpost here. With the city and surroundings flooded with American Army personnel and installations, with the scars of the last war still visible in the rubble heaps in town, we are happy to know of a message of love and peace—which we may share with the people here in work and study—in play and in material aid.

"I was happy to meet so many Goshen friends at the World Conference. It surely was a time of wonderful fellowship. And in the days ahead that I will be here serving alone, as an only MCC worker—I will often gain strength by knowing that there still is an invisible fellowship of all those who are serving our Lord."

THE BEGINNERS

Professor J. M. Kurtz x01, in a fine farewell tribute to Professor Umble as editor of the NEWS-LETTER, writes concerning his own work with the Alumni Association in the early days of its existence.

"The Commencement season of 1912 brought a large number of alumni to Goshen. I still believe that the large attendance was due in part to the influence of the NEWS-LETTER. You know about how a person in my position would feel under the circumstances. At least I felt rewarded for my efforts whether it was deserved or not. But I had the 'Cause' at heart and I was encouraged to feel that the NEWS-LETTER was making some contribution.

"Those were the 'beginnings'; you have lived to see the day that some of us envisioned. We labored diligently to make only a little progress. You participated in much greater achievements. You played your part valiantly. And now at the moment of your retirement some of us feel that we have been co-workers with you in a most worthy undertaking.

"I know you envision a still greater institution and you will rejoice as we do in every stroke of genius that will make the cause prosper. I know too that the impelling power in all your effort was the smiling countenance of a loving heavenly Father who rejoiced in your efforts to enlarge the borders of His kingdom. This is the most comforting thought of all. May the good Lord be with you in the years to come, as He has guided you up to now."

A FRENCH WEDDING

Mr. and Mrs. Jonas Klassen (Mary Byler 45) write from the Children's Home at Mont des Oiseaux, France, concerning the wedding of John Howard Yoder 47 and Anny Guth x53. "We served creamed chicken, noodles, and lettuce salad to the 40 or 50 guests that had arrived before dinner on Saturday. By 2:30 about 150 guests (including our children) were seated on our front lawn for the wedding ceremony. Mr. Hammer had brought eight little white birch trees from the forest and had planted them at the pool, at the path, and at the doorposts. This wedding was more French than any other wedding we have had here at Mont des Oiseaux. The only American guests were Mary Ellen Shoup from Valdoie, several from Basel, and we. Pierre Widmer performed the ceremony in French (it was translated into German) and the Geisberg chorus sang two songs. Our children sang one song for the ceremony and the rest of their songs and recitations came later. After the wedding, we served ice cream, cookies, and tea. Following the reception, our committee meeting lasted until 7:00. Soon after that exactly 90 guests were seated around the tables for the wedding supper. Semi-French and American, we left the tables between 10:30 and 11:00. John had requested that instead of bringing wedding gifts, the guests come prepared to leave a gift for the Home. That offering amounted to 122,000 frs. ($350).

"I don't know what we would have done without our good neighbors at Geisberg and Schafbusch. Besides helping in so many other ways, they took a good many of our guests home with them for the night. When everyone else was in bed, we began cleaning up and setting the house in order for the inauguration the next day."

On September 20, the Yoders arrived, via the **New Amsterdam**, in the States.

OLD GRADS RETURN FOR HOMECOMING

HOME-COMING—ATOMIC AGE STYLE

Comes now the time of year when our dear old Alma Mater dons her Thanksgiving regalia, dusts up the front room, puts two extra boards in the long dining-room table, and opens her doors (and arms) to welcome home all her wayfaring children. The cellar is full of apples and pumpkins and nuts and cider. The pantry shelves are loaded with taffy and goodies. The smokehouse is hanging full of hams and shoulders and sausages and (through the grace of our good friend A. C. Gingerich and Maple Crest Farms!) turkeys! So come one, come all! Put on your gay bonnet; hitch up old Dobbin, pack all the kids in the old Ford. (Let me see! Is this figure of speech getting a bit confused?) And get started! Take the first turning to the right, and the next turning to your left. Cross the bridge and at the very next turning, turn of no hand, but turn down indirectly to Union Auditorium, where begins the gala two-day celebration. (See "Merchant of Venice," Act II, Scene 2, ll. 42-45.)

Howard Kauffman, Chairman of the Home-coming Committee this year, announces the following schedule of events:

Thanksgiving Day, November 27:

The Christopher Dock Club is again sponsoring a teachers' conference on Saturday forenoon, November 29. The theme around which the program is being built this year is "International Frontiers for Teacher Education." President Miller will lead the discussion.

Enrollment Trends

The surprise of the year is that the total enrollment at Goshen College is increased over last year's figures, as opposed to an expected decrease. In this surprise Goshen College is in the same position in which many colleges across the country find themselves. Some months ago reliable sources had predicted that the general college enrollment for the current school year would be somewhat lower than it was a year ago. Apparently the predicted decrease has not materialized, and instead there has been an increase in numbers in many colleges.

The total for full time students at Goshen College at this time is 568 as compared to 537 for a year ago, representing an increase of approximately five per cent. This increase is reflected in all college classes, excepting the sophomore class which has three less than a year ago. The most marked increase has occurred in the junior class, which has 27 more students than a year ago. The freshmen number eight more, the seniors two more and the advanced seminary two more than a year ago. Tables printed in this bulletin show some of the figures on which these deductions, and others used in this article, are based.

Women out-number men in this year's student body for the first time since the war year 1945-46. The total number of women enrolled has increased by 28 over a year ago, whereas the men number only three more. The 290 women represent 51% of the student body. Again as last year the lack of balance between men and women is very marked in the incoming freshman class, with 107 women and only 72 men in this year's group. In the two lower classes the women represent 59% of the total. In the two upper classes, juniors and seniors, the men still out-number the women, with 53% of the total being men. All but one of the 29 advanced seminary students are men.

The percentage of all Mennonite students stands again at 86% of the total, the same as a year ago. This means that there has again been an increase in attendance of Mennonite students—from 463 to 486. The number of members of the Mennonite Church, the branch operating Goshen College, has increased from 419 to 436 to represent 77% of the total of full time students. The 50 students from other Mennonite branches represents an increase of nine over last year's number.

Enrollment figures by states show trends that may be of interest. The three leading states as to patronage at Goshen College, namely Indiana, Ohio and Pennsylvania, show slight decreases in attendance over last year's figures. Students from these three states constitute about 44% of the student body. Of the remaining states and Canadian provinces contributing three or more students, 13 show an increase over last year's number, whereas only three show a decrease. Of these Michigan leads the list with 13 more students, and Illinois is next with six more students than a year ago. Students from Canada number 22. with 17 from Ontario, four from Manitoba and one from Saskatchewan. Students from other countries number 18, including four from Puerto Rico, two each from Formosa, Germany, Indonesia, Japan and Mexico, and one each from Argentina, Jordon, Kenya and Switzerland.

The number of students transferring from other colleges again is very substantial, with an increase of nine over the number for 1951, to make a total of 58. The junior class has received the largest number of this group of transfer students, with a total of 31. This helps to account for the unusually large junior class. Transfer students entering the seminary for advanced study beyond the bachelor's degree also show an increase over last year, for a total of seven. The freshman, sophomore and senior classes have each received six students in transfer, and two have entered as post-graduate students. Our sister Mennonite colleges have again furnished the bulk of these transfer students, with 20 coming from Hesston College, five from Eastern Mennonite College, three from Messiah College and three from Bethel College at Newton, Kansas. There are also five transfers from Bethel College at Mishawaka, Indiana.

The sizes of the two upper classes as compared to the two lower classes in college has shown a steady increase over the past ten-year period. Ten years ago the combined juniors and seniors constituted about 33 per cent of the college group, whereas this year they make 44 per cent of the total. This percentage change is the more significant since the total enrollment is now more than double that of ten years ago. The increase in upper-class numbers shows that a much larger number of students are now continuing with four years of college study. A considerable number of these upper-class students are transfers from other colleges.

There is also a very marked increase in the number of seminary students studying in the Divinity Curriculum, that is, in the curriculum which requires graduation from college for entrance. These numbers for the past three years are six, 13. and 20 respectively. This means that 20 students are now studying in the seminary on the graduate level. In addition there are 11 seminary students this year studying in the senior or fifth year of the Theology Curriculum, to receive the Th.B. degree at the end of the year.

The intended occupations of freshmen follows very much the same pattern as has been the case for recent freshman classes. Teaching still ranks first among the occupational interests, with 45 freshmen indicating this as their intended occupation. The undecided group is considerably larger than a year ago. The group choosing business is notably smaller than a year ago. Religious work, nursing and medicine attract about the same numbers of the students in this year's freshmen class as in last year's class. Freshmen listing farming as their intended occupation has decreased at a steady rate from the peak in 1949 of 15 to three in this year's class.

Students who had served either in C.P.S. or in the armed forces number 33, the same as a year ago. Three of the latter, however, have entered under the new provisions concerning veterans in the war in Korea. The number of married students continues to be fairly large and includes 74, which is nine more than a year ago.

A number of the trends revealed by these figures deserve an attempt at interpretation, particularly as they may point the way to areas in which special effort should be made for publicity or for modification of the college program. The first of these trends has to do with the surprising increase in enrollment, particularly in light of the fact that the number of entering men students is quite significantly below that for the women students. The current economic situation apparently has influenced this trend. Paradoxically the same economic situation has probably tended to increase the number of women students and at the same time to decrease the number of men students entering college. Young men find it easy to earn high wages and probably also find that there is considerable pressure for them to take employment because of the demand for labor. This fact, linked with the desire to have a good time while they may before being called into government service by the draft, and often expressed by purchasing a car, has probably led a number of young men to remain out of college who would otherwise have attended. This tendency is much to be regretted and should be combated as much as possible through college publicity. On the other hand, since money for a college education is probably rather readily available in the family group, the young women find it easy to plan to attend college. They do not share the same pressures from employment and earning possibilities, as well as from the draft situation, which the young men experience. This situation may serve to explain in part the rather marked discrepancy in the numbers of men and women entering college during the past two years.

The effect of the Selective Service draft on numbers of men students attending college during the current year is not nearly so large as had been predicted some months ago. Students of the normal age for entering college are still below the age being called by Selective Service so that very few students are prevented from entering college because of the draft call. Also the provision for high ranking students to continue their college study, even after the age at which they would otherwise be called, has made it possible for many students to remain in college. This leaves then only the rather small number of lower ranking older students who are compelled to enter government service. There are, however, also some students who choose to enter government service before they would otherwise be called by Selective Service. The delay in calling men with a I-O classification has also made it possible for a number of such students to continue in college. If present conditions continue for another year, the effect of the draft call on Goshen College men will no doubt be felt much more strongly in 1953 than it is now. On the other hand, by 1954 and particularly by 1955 men who have completed their two years of service will no doubt be seeking entrance into Goshen College. It is hoped that this group will include not only those who had discontinued their college study to enter service, but also a goodly number of others who had previously not attended college but whose vision for preparation for service has been enlarged by their experience in service, as was the case with the C.P.S. experience. It is to be hoped therefore that after about two years the college should be able to regain something of the loss in men students it is experiencing at this time.

Looking forward to the 1953-54 school year, one might predict enrollment figures again on the basis of experience over the past few years. Using percentage retention of the students from one class to the succeeding class in the succeeding year as calculated for the past five years, computations for the sophomore, junior and senior class sizes and estimations for freshmen and advanced seminary students for the fall of 1953 will lead to the following approximate figures: freshman 180, sophomore 130, junior 100, senior 130, post-graduate 5 and seminary 35, for a total of 580. This computation will of course assume no major change in factors which affect the attendance of students at college, such as the general economic situation and the status of the war and the corresponding draft situation, as well as other less tanglible features, such as the general interest of the constituency in higher education and specifically in Goshen College. One might predict at this time that the draft situation will next year take a larger number of college students than this year and thus tend to decrease the total enrollment. On the other hand, the total patronage of Goshen College by the Mennonite constituency still seems to be on the increase, so that this tendency might counteract the decreasing tendency of the draft. It is clearly evident, however, that over a longer range of the next five years or more a definite increase in enrollment at Goshen College should be planned for.

In order that Goshen College shall fulfill its obligation to serve Mennonite young people with a higher education, it is necessary that she is aware of attitudes and trends in the constituency regarding higher education, and also that she through her publicity will help to direct these attitudes and trends into desirable channels. The current analysis seems to indicate the following areas for study and effort. In the first place, young men, and their parents, should be persuaded that it is best for them to undertake as much college education as possible at the normal age for attending college, rather than submitting to the pressure for earning or allowing the prospect of the draft to make them change their outlook. In the second place, the college should look forward to serving the young men who are not now attending college and who will be completing their government service within the next few years.

Another area of concern might well be the question as to whether Mennonite young people are choosing other colleges and universities rather than their own church schools. Goshen College is no doubt still experiencing a wholesome increase in patronage from the Mennonite constituency. There is danger, however that this patronage, which results at least in part from an increased general interest in higher education in Mennonite circles, may be diverted to non-Mennonite schools, thus defeating in part the purpose which the Mennonite Church has in operating its own colleges. One evidence that this diversion of patronage may be occuring is the fact that the three states sending the large bulk of students to Goshen College have this year sent fewer students than last year, whereas the total number enrolled has increased.

On the other hand, the fact that a large number of outlying states have increased their numbers of students this year might indicate an increased patronage of Goshen College from those areas in the church which had earlier been less interested in higher education. The tendency for students to attend other schools may be counteracted in part by publicity efforts, but in the long run students will effectively be attracted to our church colleges only by the continued building of a strong program at our church schools. The good reputation of Goshen College over the past years, even among Mennonite circles, has sprung largely from the fact that it had a strong program of liberal arts education. Since the pressure resulting from the sudden increase of enrollment following the World War is now relieved, and the college has had time to build up a more adequate staff for the larger enrollment now experienced, the time seems to be here when additional prestige can best be gained by improvements in the basic educational program of the college.
